HDFS 498.001 – Internship Analysis in Human Development and Family Science
3 Credits, Spring 2020
Tuesday, January 21 - 2:00-3:30pm
Tuesday, February 18 - 2:00-3:30pm
Tuesday, March 24 - 2:00-3:30pm
Tuesday, April 28 - 1:00-4:00 pm
Conferences – individually scheduled

Faculty
Name: Elizabeth Levine Brown, PhD.
Office hours: By Appointment
Office location: Thompson Hall 1804
Office phone: (703)-993-5345* (*use cell phone – email to receive)
Email address: ebrown11@gmu.edu

Prerequisites/Corequisites
HDFS 300

University Catalog Course Description
Enables students to discuss work-related experiences within the context of developmental and family theories and research. Fosters and promotes professional development through class and small group discussions, activities, lectures, guest speakers, and practical assignments. First course in a two-course series that supports students in their internship and in transitioning from student to professional. Notes: Students will have 135 contact hours for the semester; however, 125 will be in the field and 10 in the classroom. May not be repeated for credit.

Course Overview
See the Handbook for Internships in HDFS for internship procedures, policies, requirements, and evaluations.

Course Delivery Method
This course will be delivered using an internship format.

Learner Outcomes or Objectives
This course is designed to enable students to do the following:
1. Gain practical field experience and apply learned knowledge, skills, and abilities in an HDFS setting.
2. Prepare students for post-baccalaureate opportunities to include gainful employment or graduate study in an HDFS-related field.
3. Provide an opportunity for students to build their resumes and develop their career pathways.
Professional Standards
Not applicable

Required Texts
The Handbook for Internships in HDFS

Course Performance Evaluation
Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, hard copy).

Assignments and/or Examinations
See the Handbook for Internships in HDFS – attached at the end of the syllabus.

Other Requirements
See the Handbook for Internships in HDFS – attached at the end of the syllabus.
Grading
Grading for HDFS 498 is on a satisfactory / unsatisfactory continuum. Satisfactory completion of the course is a requirement for completing the HDFS major or minor.

Professional Dispositions
Students are expected to exhibit professional behaviors and dispositions at all times. See https://cehd.gmu.edu/students/policies-procedures/

Class Schedule
Ten hours of meetings with University Supervisor to be scheduled individually or in a group

Note: Faculty reserve the right to alter the schedule as necessary, with notification to students.

Core Values Commitment
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus.

For additional information on the College of Education and Human Development, please visit our website: https://cehd.gmu.edu/students/. For the College of Humanities and Social Sciences, please visit the website https://chss.gmu.edu.

1. Introduction

The Human Development and Family Science program (HDFS) is committed to the preparation of students who will be able to effectively assume professional roles in HDFS fields. This cooperative experience is called internship. The internship component of the Human Development and Family Science (HDFS) program is considered to be one of the critical elements in the undergraduate program and is required of all students. It is the bridge between the academic present and the professional future. It is hoped that the internship experience will be equally beneficial to the community, the agency, and to the individual student involved with that agency.

An effective internship does not happen by chance, but rather, is the product of careful planning and implementation. With the goal of an effective collaborative effort established and maintained, there should be a commitment to the concept of field training on the part of community service agencies, students, and faculty. The figure on the next page depicts the process for your reference.

This internship training manual has been developed to serve as a reference for students, agency personnel, and HDFS advisors and faculty. Enclosed we detail the concept and activities associated with the field experience in the hope of helping to establish mutually appropriate goals and expectations of the internship experience. The manual includes the policies, guidelines, and procedures for the internship training experience.
HDFS Internships

Prerequisite Course:
HDFS 300 Individual and Family Services Delivery

HDFS student with quality internship

Internship Coordinator:
* coordinate HDFS 300, internship placements, signed agreements
* find internship sites, update potential site directory, and get site flyers
* hold internship placement sessions 2 times per semester
* collect and make sure all students internship deadlines and are enrolled in the appropriate course with appropriate associated credits
* continually improve internship process, e.g., develop internship application

HDFS Internship Instructor:
* Coordinate with Internship Coordination
* 3 instructional classes and 1 presentation class
* coordinate and advertise (to faculty and other students) presentation class
* coordinate with site supervisors and meet with each at least 1 time (via email, phone, virtual or on site)
* monthly individual check ins with students
* monthly email communications with site supervisors
* review of course reflections, presentation preparations, other course assignments

Communicate

Now being completed by APC
2. Policies

Requirements:

Two 3 credit-hour internship experiences (totaling 6 credits) in an approved organization are required of all students in the HDFS program. (In some cases, the first internship is waived given appropriate work experience or prior internships. See the HDFS Academic Program Coordinator to receive council on this process.) Each 3 hours of credit requires 125 hours under the joint supervision of the university and site supervisor in the work setting and 10 hours of classroom work under the instruction of the Course Instructor. Students fulfilling the internship requirement must complete for HDFS 498 (3 credits) and HDFS 499 (3 credits). Students can create two internship experiences or opt to complete all 6 credits within one organization. All experiences must be approved by an HDFS faculty academic program coordinator.

Schedule:

The internship is normally scheduled to take place during the last semester (or last two semesters) of senior year, which may include fall, spring, and/or summer (before or after senior year).

Individuals involved in the internship experience include:

Student: An undergraduate student in HDFS. HDFS majors must complete the 6-credit internship; however, HDFS minors can enroll in HDFS 498 (up to 6 credits).

Academic Program Coordinator: HDFS Academic Program Coordinator has responsibility to promote communication among students’ Academic Advisors and Mentors as he/she plans the internship placement.

Course Instructor: Instructor affiliated with HDFS who advises, instructs, supervises, and is responsible for the student’s internship grade.

Site Supervisor: The agency professional with whom the student works and to whom the student is responsible while participating in the field experience. The site supervisor supervises the student during the internship process and submits a written evaluation of the student’s performance to the Course Instructor. In a number of cases, the Course Instructor and site supervisor might be the same person.

1 As you will see on page 11, the academic program coordinator provides guidance and oversight up to and including the sign off on the internship agreement. Course Instructor’s take over at the beginning of the internship experience and complete the supervisory role directly in the internship. In the wording of the Internship Agreement roles of academic program coordinator and Course Instructor are combined, this role is named “Faculty Supervisor” in the experiential learning application.
Procedure for Selection of Field Site:

In consultation with one’s faculty advisor, the student should make plans for the selection of an appropriate internship site **one or two semesters prior to the proposed time of the internship.** The decision on the specific field site should be based upon meeting responsibilities and competencies for entry-level HDFS graduates (see Appendix A), quality of program, and interest as well as availability of staff.

**Potential Sites Include:**
- Agencies (e.g. an agency who delivers Family Services)
- County Health Departments or Clinics serving families
- Early Childhood Care and Education settings
- Hospitals (e.g., Child Life Specialists)
- Local School Systems but **not** as student teachers
- Mental Health Centers
- Non-Governmental Agencies
- Private/Public Volunteer Agencies
- Senior living or Rehab Centers
- Social Service Departments
- Or other sites with a family-based focus

**Evaluation/Grading of Internship:**

Evaluation of the internship experience is considered a crucial component of the internship process. It provides an opportunity for the student, Course Instructor, and site supervisor to assess their respective roles in the process and also provides opportunity for recommending any necessary changes in the internship experience. Evaluation forms are provided in this manual.

The Course Instructor is responsible for grading the student at the completion of the internship experience. HDFS 498 (3 credits) and HDFS 499 (3 credits) are graded as satisfactory / unsatisfactory:

1) The evaluation completed by the site supervisor on the student's performance in the internship.

2) The student's self-evaluation.
   a) The special project completed under the direction of the site supervisor.
   b) A written internship report, prepared by the student.
   c) Attendance at bi-weekly or monthly course meetings (as set by Course Instructor) and completion and quality of assignments.
Internship Expenses and Financial Assistance:

Students are responsible for expenses incurred during internship except as agreed upon in advance between student and field placement agency.

Liability Statement:

The University assumes no responsibility for the student's personal liability. Agencies normally have liability insurance plans covering both staff and clients. Internship students should inquire of the agency whether liability insurance is carried or required and, if so, who is covered. **Students are responsible for making arrangements for their insurance.**

While accidents and lawsuits are rare, no one is immune to liability suits. All interns are held personally accountable for their acts. Therefore, internship students are advised to become knowledgeable about legal liability.

The University accepts no responsibility for worker's compensation nor payment of the student for services rendered. If an agency wishes to compensate the student for services, it is a matter between the agency and the student.
3. Requirements of Student

Before Internship:

A. Successfully complete HDFS 300 Individual and Family Services Delivery. Please save your career map from HDFS 300 and bring it to the first class of HDFS 498 and HDFS 499. If you substituted another class for HDFS 300 ask the Internship Coordinator for a copy of this assignment and review it and take notes on it as you prepare for internship. Please bring the document with notes to your first class of HDFS 498 and HDFS 499. Before the first class review this document and take notes on any changes so that you have any up-to-date changes noted on the document.

B. Attend an HDFS internship information session to obtain this internship manual and a list of previous students’ feedback on internship sites at least one semester prior to the time of proposed for field work. Students are responsible to understand and comply with all information in this manual.

C. Prepare a professional resume and attend an interview with the potential Site Supervisor to discuss placement. You must provide a professional resume to your “Course Instructor” and to your Site Supervisor. When preparing your resume take it to Career Services for review. They will review your resume with you. You can also seek assistance from career services via the web: http://careers.gmu.edu/students/documents/.

D. Discuss interests, global internship goals and possible internship sites with HDFS academic advisor, faculty mentor or academic program coordinator. Align these interests, goals and objectives to define criteria for site selection. Personal preferences are taken into account; however, final selection must be suitable to academic goals and objectives.

E. Following approval and support of the internship coordinator, contact the prospective agency concerning the feasibility of doing an internship that addresses individual development and families at one or more specified points across the lifespan. Get a verbal agreement of the internship possibility from the site supervisor by the semester-based deadline.

F. Get an agreement for the internship. The academic program coordinator will help each student decipher which agreement form needs to be signed to confirm placement. Please contact the internship coordinator to receive this form (mburns2@gmu.edu). You can do this ahead of the semester of the internship if possible, but internships cannot be started until the internship coordinator has the agreement.

G. Complete an internship agreement form and turn into the to the HDFS Academic and Student Services Coordinator, Drs. Brown and Burns by the semester based deadline.
During Internship (Applies to both HDFS 498 and HDFS 499):

H. Bring your career map assignment from HDFS 300 to the first class.

I. List the SMARTIE goals related to individual development and families for your field placement with assistance from the Current course and Site Supervisor. If you are completing all 6 credits at one placement site in one semester, you only need to complete the form once. If you are interning at two sites, you MUST complete the form twice, one for each site. Agreement of goals and objectives must be signed by the Site Supervisor, Course Instructor and student by **end of second week of placement**. Site supervisor, Course Instructor and student must have signed copies of the final document. (See SMARTIE GOALS instructions and worksheet provided in course blackboard site.)

J. Fulfill staff responsibilities determined by your Site Supervisor. Under the direction of the Site Supervisor, the student will participate in the on-going programs of the agency or organization.

K. Complete 45 hours of work for each college credit earned. A 3-credit internship course requires 135 hours; 6-credits a total of 270 hours.

L. Know and abide by the National Council on Family Relations (NCFR) code of ethics as well as the code of ethics deemed by your placement (e.g. if you are in an early childhood education setting, you will uphold the code of ethics determined by NCFR, as well as the National Association for the Education of Young Children (NAEYC) while fulfilling field placement duties (provided on course blackboard site).

M. Orient within the agency and to the community as broadly as possible. When appropriate, student should attend staff meetings and conferences, program reviews, and administrative meetings.

N. Maintain a reflective dialog journal during your placement. Reflections should occur on a weekly basis at a minimum (provided on course blackboard site).

O. Accurately record your internship hours on the Site Hours Log.

P. Attend bi-weekly/monthly internship meetings (as determined by Course Instructor).

Q. Evaluations to be completed start on page 14 of the document. They include several to be completed by the site supervisor and by you. The schedule of due dates for submission of documents are in the syllabus and vary based on your credit hours of the course.

**Requirements specific to HDFS 498 Internship**

Complete an internship report reflecting learning, analysis, and evaluation of the field experience
The Internship Report should include the following components:

A. Introduction (order of items varies depending on how you choose to write this section in a manner that is meaningful to you)

B. Main Section to include a description of:

- the community within which you worked during your internship. Provide the reader with a clear understanding of how your work related to individuals and families across the life course.
- the agency. List the agency's major program goals, particularly those that are related to your work. Elaborate on the networking you did at the site in pursuit of understanding the agency.
- your duties and responsibilities.
- the work situation and environment.
- your SMARTIE goals.
- how the experience evolved and changed during the semester.
- the skills you acquired as a result of this experience.

C. Conclusion to include:

- What you learned from this experience including:
  - About the agency
    - the strengths and limitations of this agency in carrying out its responsibilities of the community,
    - the Site Supervisor(s) you worked for,
    - how the experience changed what you thought you knew about this type of agency and how they addressed individuals and families across the lifespan,
    - How does what you experienced/learned affect your evaluation of our political system/society and how it impacts individuals and families across the life course.
  - About you
    - your own strengths and limitations; about how this experience affected your own personal goals and career objectives,
    - the SMARTIE goals you developed for this course,
    - How does what you experienced/learned affect your evaluation of your educational and professional goals addressing individuals and families across the life course
  - About Mason
    - How does what you experienced/learned affect your evaluation of your program of study at Mason

- How would you change your educational and professional goals in light of your experience?
- How would you change the experience to make it a more valuable learning experience?
- What was the best part of the experience?

E. Appendix.
Requirements specific to HDFS 499 Advanced Internship

During HDFS 499, the student is required to complete one independent project *focused on individual development and families at one or more specified points across the lifespan*. Students will follow the Mason Impact Learning Outcomes in this project. These are:

- **Understand knowledge creation**: Students will understand how knowledge is generated and communicated, and how it can be used to address questions or problems in disciplines and in society.

- **Engage multiple perspectives**: Students will be able to identify and negotiate multiple perspectives, work collaboratively within and across multiple social and environmental contexts, and engage ethically with their subject and with others.

- **Investigate a meaningful question**: Students will use inquiry skills to articulate a question; engage in an inquiry process; and situate the concepts, practices, or results within a broader context
  - Students will be able to ask increasingly complex questions about significant problems, debates, or challenges.
  - Students will be able to evaluate and choose inquiry methods that are appropriate to a project.
  - Students will be able to explain how a project has value to local, civic, professional, scholarly, or global contexts.

- **Complete a project**: Students will design and carry out an individual or collaborative project that explores an original question, seeks a creative solution to a problem, applies knowledge to a professional challenge, or offers a unique perspective. Students engage deeply in this original work.

- **Communicate and share outcomes**: Students will communicate knowledge from their project through presentation, publication, or performance to an audience beyond the classroom.

This project should be developed by the student working in collaboration with their Site Supervisor. The major project proposal must be approved by the Site Supervisor and the course instructor. The project proposal must include: (a) goals and objectives, (b) plan of action, (c) methodology, and (d) criteria and method of evaluation. **Internship Project will be presented to Internship Site Supervisors, and HDFS faculty and students** at the end of the HDFS 499 experience through either a poster session/brief presentation or an online video conference.

A. Include a description of the project for which you had major responsibility, including detailed report in which you clearly identify your role in:

- planning
- implementing
- selecting methods and resources
- identifying materials used in the project, specifically those you developed
• evaluating the project
• analyzing
  o results of your evaluation
  o problems encountered and how they were handled
  o your perception of your professional strengths and weaknesses as they
    affected the project
  o activities that might be done differently should the experience be
    undertaken again

B. Include Integration of your learning
• How has this project changed what you thought you knew about this type of agency and how
  they addressed individuals and families across the lifespan?
• How does what you experienced/learned affect your evaluation of our political system/society
  and how it impacts individuals and families across the life course?
• How does what you experienced/learned affect your evaluation of your program of study at
  Mason?
• How does what you experienced/learned affect your evaluation of your educational and
  professional goals addressing individuals and families across the life course?
• How would you change your educational and professional goals in light of your experience?
• How would you change the experience to make it a more valuable learning experience?

Highly Recommended:
Recommendations. Provide information on three people who would write letters of recommendation
for you at this point in time. Describe who they are, how long you have known them, and in what
capacity. Complete the HDFS recommendation form and provide it to the people who will be writing
recommendations for you. Take time and effort to complete this. Make copies of this form for future
use. It will help people provide informed recommendations for you.

Practice interviews. We want you to practice interviewing for a job. The GMU Career Services provides
practice interview days. Visit the following link to view the schedule:
http://careers.gmu.edu/employers/events/practiceinterviews/

Future plans. Find three job announcements within your field that interest you and are commensurate
with your qualifications/experience. The web site for career services provides links to specific jobs. If
you are interested in graduate school and research, provide information on three schools to which you
are interested in applying.
4. Requirements of Site Supervisor

HDFS faculty greatly appreciate the assistance of practicing colleagues in providing field experience to our students. The internship involves the culmination of the academic experience and a crucial means to integrate material and concepts that have been developed in coursework. Your personal attention as a mentor provides the student with a role model and helps to polish his/her professional behavior and interpersonal skills. Site Supervisors are volunteers and do not receive reimbursement for supervising HDFS students, no reimbursement is made to the agency in which a student is based during internship.

The Course Instructor is the site supervisor’s liaison with the HDFS program and will assist you in any way possible. Questions and concerns should be addressed to the Course Instructor responsible for your intern. The items below cover general procedural requirements in terms of planning and evaluating the intern's performance.

- Conduct a selection interview or meeting with students to further clarify position responsibilities of potential placement.
- Assist the student in writing goals and objectives for field placement. Complete and sign the confirmation experimental agreement form and goals and discuss SMARTIE goals.
- Supervise and monitor the student throughout the internship period to ensure progress toward completion of goals and objectives.
- Provide verbal feedback on performance and development to student at least weekly.
- Provide the student with feedback about performance throughout the internship period.
- Provide necessary resources for students to perform their responsibilities (e.g.: uniforms, activity supplies, office space).
- Complete the midterm and final evaluations (Form A) of the intern by the necessary date. Provide feedback to the intern on the content of the evaluation and the assessment of strengths and weaknesses. Assure the intern develops activities to strengthen weak areas.
- Submit a written evaluation to the Course Instructor at the end of the internship experience (Form B). Discuss evaluation with student.
- Inform the intern whether you are willing to act as a professional reference.
The internship coordinator (academic program coordinator) is responsible for the following:

- Communicating with academic advisors and faculty mentors about students’ internship interests, potential placements, etc.
- Approve final selections and arrangements for the internship site.
- Discuss the internship expectations and requirements with students.
6. Requirements of Course Instructor

The Course Instructor is responsible for the following:

- Assisting the student in setting SMARTIE goals and objectives.
- Communicating (or if possible visiting) with the internship site to establish relationship with Site Supervisor.
- Facilitating communication between the Site Supervisor and individual students.
- Assisting the Site Supervisor in establishing plans for improving the field work experience for this student and for future students.
- Reading and responding to student entries in reflective dialog journals.
- Reviewing evaluation forms and taking actions as needed.
- Assisting HDFS 499 students to prepare context for final presentations.
- Read and evaluate final paper.
- Hosting classes (face to face or virtual) for students to check-in on internship experiences, coursework, etc.
- Evaluating the internship experience and assigning a final grade.
- Making sure all agreement forms are turned into Drs. Brown and Burns.
7. Evaluations

Evaluations include:

1. **Site Supervisor**
   a. Mid-semester progress and (Form A)
   b. Final evaluation reports (Form A & B)

2. **Student**
   a. Final self-evaluation (Form C)
   b. Student evaluation of internship placement and site supervisor (Form D)
   c. Additional Form A
Form A. Site Supervisor’s Evaluation of Student

Mid-Semester and Final Progress Report*

Report for ______________________________________ Internship Site _____________________

Evaluation period from _______________ to _______________. Hours worked: _____________

Please evaluate the student’s progress and achievement so that the student has knowledge of their performance and can take steps to improve if needed. Please meet with the student to review this evaluation and send one copy to the “Course Instructor”.
