EDRD 620: Section 01
Teaching Reading and Writing in Foreign/World Languages
3 Credits, Spring 2020
Monday 7:20-10:00 PM, Krug Hall 5 Fairfax

FACULTY: Dr. Sarah Eqab
Office Hours: By appointment
Office: By appointment
E-MAIL: seqab@masonlive.gmu.edu

COURSE DESCRIPTION:

A. Prerequisites/Corequisites: EDCI 516 and EDCI 560 or permission of instructor or advisor.

B. University Catalog Course Description: Introduces reading and writing processes in foreign and second languages, research on reading comprehension, and effective teaching and assessment approaches for students in PK-12 schools.

C. Course Overview: Introduces reading and writing processes in foreign and second languages, research on reading comprehension, and effective teaching and assessment approaches for students in PK-12 schools. Topics include reading goals and standards for world language learning, sociocultural perspectives, multimedia computer-assistance, research on related strategies and skills, and performance-based assessments.

D. Course Delivery Method: This course is highly interactive by design. It is predicated upon learning by doing and discovery learning. Assessment is based on performance-based assignments. This class will be engaged in cooperative learning, small group discussions, whole class discussions, peer feedback, short lectures, student-led micro-teaching simulations, videos, multimedia, and reflection. Two options are offered on the midterm project. Students are encouraged to select a project that has particular relevance to their own respective teaching circumstance. Students will engage in a field experience in which they will complete a Lesson Planning (Common Assessment) task. For their final project, students will complete a performance-based assessment. Rubrics are provided for the teaching simulation, midterm, field experience, and final projects. Students will be expected to use a personal computer for preparing course requirements and teaching materials and for engaging in research through the Internet. Students are also encouraged to attend any professional conferences.

LEARNER OUTCOMES:

This course is designed to enable students to:

1. Demonstrate ability to teach reading and writing in a foreign/second language using the reading goals and standards for K-12.
2. Analyze recent research on the socio-cultural perspectives of reading/writing processes for students in a foreign/second language.
3. Describe developmental stages of reading/writing and suggest appropriate instructional techniques for each.
4. Use scaffolding approaches to teach pre-reading, during-reading, and post-reading strategies.
5. Create lesson plans and develop assessment activities for use in a foreign/second language reading/writing setting under the direction of an experienced Latin or modern language teacher.
6. Incorporate multimedia and computer assisted reading and writing in foreign/world language classes.

Key: ACTFL/CAEP Program Standards for the Preparation of Foreign Language Teachers, InTASC = Standards for Licensing Beginning Teachers, P = Principles

1. **Knowledge base for teaching in the foreign/second language classroom.** EDRD 620 students should be able to learn the fundamental concepts of the knowledge base pertaining to ESL, English as a second dialect, and the teaching of other second and foreign languages; second language acquisition, psycholinguistics, sociolinguistics, pragmatics, and language pedagogy.

2. **Utilization of research.** EDRD 620 students should be able to understand and critically evaluate second language learning theories and engage in systematic investigation of the knowledge base to inform their own or others’ teaching practices.

3. **Classroom teaching.** EDRD 620 students should be able to plan and manage a second language class effectively and be able to evaluate and selectively apply a range of teaching strategies as appropriate to their students’ needs and characteristics. For this purpose, they will need to be able to assess different teaching situations and changing conditions in culturally and
linguistically diverse classrooms, so as to select appropriate teaching procedures and adapt to teaching students with differing learning styles and cultural backgrounds.

4. **Curriculum.** EDRD students will develop the skills needed to design and implement foreign/second language teaching strategies, specifically to enhance the teaching of reading and writing.

**Relationship of EDRD 620 to National and State Standards:**

- The American Council on the Teaching of Foreign Languages Standards for Pre-K-12 Students
- Council for the Accreditation of Educator Preparation
- Interstate New Teacher Assessment and Support Consortium (InTASC) Standards
- National Board for Professional Teaching Standards (NBPTS)
- Virginia Foreign Language Standards of Learning (SOLs)

**Relationship of EDRD 620 to Professional Organizations include:**

*EDRD 620* follows the guidelines and recommendations made by the *American Council on the Teaching of Foreign Languages* (ACTFL) and the *Council for the Accreditation of Educator Preparation* (CAEP), the *National Association for Bilingual Education* (NABE), and the *National Association for Multicultural Education* (NAME). ACTFL along with NABE and NAME, are the largest professional organizations that specialize in research on working with culturally and linguistically diverse populations. They embrace and celebrate linguistic, cultural and ethnic diversity as a national strength that enriches a society and rejects the view that diversity threatens the fabric of a society. NABE and ACTFL have the more specialized mission of developing the expertise of their members and other educators involved in teaching world languages, to help them foster an effective learning environment while accomplishing the goal of effective communication in diverse settings and oral and written language proficiency while respecting individuals’ rights and needs.

COURSE PERFORMANCE EVALUATION

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Course Assignments, Requirements & Performance Evaluation Weighting:

Students in EDRD 620 are expected to:
1. Attend all class sessions, arriving on time, and actively participate during large and small group discussions and activities.
2. Be prepared to discuss the course readings as they are assigned on the syllabus including completing weekly mini-assignments related to readings and homework. A total of at least three written questions and/or implications are required for each reading. These will be collected by 5:00pm the day the readings are due and will often be used/referred to during class discussion. They will be returned before major assignments/assessments to be used as reference.
3. Complete all assignments on time. Prior arrangements with the instructor must be made for turning in an assignment late. Late assignments are subject to a penalty up to a full letter grade.

Criteria for Evaluation: Required Assignments/Assessments (above) will be evaluated using the rating scales and rubrics that are provided in the syllabus. Scores for requirements will be added together to calculate a final course grade.
TK20 Performance-Based Assessment Submissions Requirements:

Every student registered for any Teaching Culturally, Linguistically Diverse & Exceptional Learners Programs course with a required performance-based assessment is required to submit these assessments, *Critical Analysis in the Target Language of Literary and Cultural Sources* and *Lesson Planning* to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessments by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessments to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

Grading Policy:

At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>GRADING</th>
<th>Grade Points</th>

</thead>
<tbody>
<tr>
<td>A+</td>

Note: “C” is not satisfactory for a licensure course; “F” does not meet requirements of the Graduate School of Education.

Field Experience Requirements:

The field experience is a required component of the teacher preparation program at George Mason University. All students will complete a minimum of 15 hours in field experience for this course. Documentation of your field experience using the Fieldwork Evaluation & Log is required which includes a signature from your field experience teacher(s) or supervisor.

Process Reminders:
• Students requesting field experience should enter their requests at the Field Experience Request Form (FERF) site at [https://cehd.gmu.edu/endorse/ferf](https://cehd.gmu.edu/endorse/ferf), which will open for Spring 2020 requests on January 16, 2020 and close on February 15, 2020.

• Students who attempt to request field experience placements after the FERF is closed will be directed to a list of accredited private schools in order to make their own arrangements.

• Students should not delay in entering their requests, following through on fingerprinting/background check instructions (if applicable), and getting in touch with their designated school contact.

**Dispositional Reminders:**

• Students must be professional in all of their communications with the field experience school, front office staff, administration, and host teacher(s).

• Students should arrange all field experience visits according to the host teacher’s schedule & requirements, and be on time to all arranged field experience visits. If plans change, they should notify the host teacher and school as far in advance as possible.

• Students should carry out their assignments; refrain from critiquing the teacher, students, administrators, or school in any way; and be sure to thank their hosts when finished.

*Students dismissed by a school due to dispositional issues will not be re-placed at another school site that semester. They will be required to attend a dispositions review conference with their instructor and the director of EPO prior to making any field experience requests in subsequent semesters.

**New items:**

• When using the FERF, students should enter all of their field experience requests (for all courses) at once, and not create separate requests/entries for each course. The site allows them to list each field experience that is needed, and then submit the list at one time. This ensures that Educator Preparation Office (EPO) knows of all hours/assignments needed (and can ideally place the student at just one school).

• Students should be encouraged to complete their fieldwork as early in the semester as possible, with no delays in communicating to schools, setting up visits, or finishing out their hours.

**In-service teachers:** Field experience can often be conducted in your own classroom if you have access to the population of students required for the Performance-Based Assessments. Please consult your instructor if you have questions about the viability of your classroom for fieldwork in this class. You must register for your school as your field experience site in the online Field Experience Request form available here: [https://cehd.gmu.edu/endorse/ferf](https://cehd.gmu.edu/endorse/ferf). You
will check the box indicating that: “I will arrange my own field experiences (observations and/or case studies) because I am a full-time contracted school system employee and will complete field experience at my workplace.” The deadline to submit your field experience placement is September 15 (Fall) or February 15 (Spring). Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form FIRST, then select your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

Pre-service teachers: If you are not currently working in a K-12 school, you will need to be placed in an appropriate fieldwork setting to complete your required PBAs and fieldwork hours. You must request a fieldwork site using the online Field Experience Request form available here: https://cehd.gmu.edu/endorse/ferf. You will check the box indicating that: “I will need George Mason (Clinical Practice Specialist) to arrange a placement for my field experiences (including observations and/or case studies)”. The deadline to submit your field experience placement is September 15 (Fall) or February 15 (Spring). Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form, then select your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

In addition to the fieldwork log, each student will write a 2-3-page reflection on the fieldwork experience. The reflection should explain what you have learned from the fieldwork experience and your overall reflections on the process. Refer to the syllabus for in-depth descriptions of the four sections of the reflection paper.

Contact fieldexp@gmu.edu with any questions.

HONOR CODE & INTEGRITY OF WORK

Integrity of Work: TCLDEL students must adhere to the guidelines of the George Mason University Honor Code (https://catalog.gmu.edu/policies/honor-code-system/). The principle of academic integrity is taken very seriously and violations are treated as such.

Violations of the Honor Code include:
1. Copying a paper or part of a paper from another student (current or past);
2. Reusing work that you have already submitted for another class (unless express permission has been granted by your current professor before you submit the work);
3. Copying the words of an author from a textbook or any printed source (including the Internet) or closely paraphrasing without providing a citation to credit the author. For examples of what should be cited, please refer to: https://owl.english.purdue.edu/owl/resource/589/02/
4. You may also not “reuse” fieldwork hours. Each placement must have 20 documented hours that are solely for each course that you are in; you may be at the same site, but the same hours may not be counted towards the same course.
LATE WORK POLICY

At the graduate level all work is expected to be of high quality and submitted on the dates due. *Work submitted late will be reduced one letter grade for every day of delay.* Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. *It is up to the discretion of the instructor to approve the late/makeup work.*

GMU Policies and Resources for Students

*Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see [https://catalog.gmu.edu/policies/honor-code-system/](https://catalog.gmu.edu/policies/honor-code-system/)).

- Students must follow the university policy for Responsible Use of Computing (see [http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/)).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see [https://ds.gmu.edu](https://ds.gmu.edu)).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

*Campus Resources*

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or [https://cehd.gmu.edu/aero/tk20](https://cehd.gmu.edu/aero/tk20). Questions or concerns regarding use of Blackboard should be directed to [https://its.gmu.edu/knowledge-base/blackboard-instructional-](https://its.gmu.edu/knowledge-base/blackboard-instructional-).
Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking: As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website http://cehd.gmu.edu/.

CORE VALUES COMMITMENT

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website http://gse.gmu.edu

LAPTOP/CELL PHONE POLICY

Laptop use is permitted at the discretion of the instructor and for specific purposes as assigned in the class (e.g. small group work). Laptops will be closed during discussions, lectures and other assignments in class which require your full attention. Cell phones must be turned off/silenced during class periods. Cell phones may be used during break.

Inclement Weather/Emergency Policy:

In case of snow, hurricanes, other bad weather, or security emergencies, call 703-993-1000 or go to www.gmu.edu for information on class cancellations and university closings. Instructor will notify you no later than 3:00 PM via Blackboard if class is cancelled due to weather.

Collaboration:
Collaboration is a cornerstone for this course. **Many of the class sessions utilize a workshop format.**

In advance you must locate materials, complete readings, and be prepared to discuss and share instructional resources in class. Careful record is maintained by the instructor of your attendance and participation in collaborative activities. Students are expected to participate in a lively, professional, punctual, and equitable manner in all collaborative work.

GUIDELINES FOR REFLECTIVE STATEMENTS
10 Points (5 Points Each)
Due 2/21 and 4/18

Objectives and Tasks: Becoming a Reflective Practitioner
Being able to reflect critically on your own teaching and learning is no easy task. It requires you to delve beyond a simple description of what you’ve read or what we’ve discussed in class in order to analyze and synthesize what you have actually learned. To facilitate the process of becoming a reflective practitioner, you will write two reflective statements for this course. In each statement, you will connect theory to practice as you self-assess and reflect upon your own teaching and learning.

Grading: Each reflective statement must be submitted on or before the due date. Maximum points will be earned by completing the assignment according to the directions. Assignments that are not completed according to the directions will be returned with recommendations for improvement. You will have one week to re-submit the assignment for full credit/points. Late assignments must have prior approval or they will not be considered.

Reflective Statement #1 (1-3 pages in APA Format)
DUE: February 24
How did you learn to read and write in a foreign/world language? What did you like or dislike about your experiences? Do you believe these methods were effective in helping you to develop your reading and writing skills? Why or why not? Connect your ideas to at least 2 course readings and 1 additional article that you have read on http://nflrc.hawaii.edu/rfl. Write your reflection in APA format. Include a reference page.

Reflective Statement #2 (1-3 pages in APA Format)
DUE: April 20
How have your thoughts about teaching reading and writing changed during the semester? Had you previously considered the diverse cognitive, linguistic, and cultural needs of today’s world language learners? Did you know about the cognitive and sociocultural processes involved with developing L2 literacy? Did you consider the role of technology and the use of authentic texts/tasks in the teaching of reading and writing? And, how do you plan to incorporate what you have learned into the design of your final project? Connect your ideas to at least 3 course readings and one additional article that you have read on the subject of reading and writing in a FL/WL. Write your reflection in APA format. Include a reference page.

GUIDELINES FOR TEACHING DEMONSTRATION

10 Points

Task:
Each pre- and in-service teacher will do an in-class teaching demonstration of a standards-based lesson that focuses on teaching reading and writing in the target language. We will be your students. **You have a maximum of 30 minutes.** You may take 5 minutes to set up your demonstration and 5 minutes to provide information about your topic/theme and any information that we will need to be your students (i.e. the age and grade level we will assume any other essential information for the lesson). **You must teach in the target language for 15 minutes.** At the end of the demonstration, the class will take 5 minutes to discuss your demonstration and provide you with feedback.

The demonstration is to be done in the target language and will focus on the teaching of reading and writing. It must align with the National and State Standards of Learning and provide evidence of the candidate’s understanding of one of the course’s strategies and themes related to the teaching of reading and writing.

Each individual (or pair) will create a standards-based lesson plan and a one-page handout that summarizes the course topic/theme highlighted in the demo (see the demo sign-up sheet for list of topics/themes). You are strongly encouraged to create visuals and other teacher-made instructional materials.

**ACTFL/CAEP Standards/Principles 1-6, A-D**

What to do:
1. You will work individually (or as a pair with the permission of the instructor) on your teaching demo. **You will have a total of 30 minutes (45 minutes for a pair). You must teach for 15 minutes in the target language. Please plan your time carefully.** You will have 5 minutes to set up your demo. If you need more time to set up your demo, you should plan to arrive to class early on the night of your demonstration to do so. The majority of your time should be spent teaching. You will have 5 minutes to provide background information about the topic/theme and any pertinent information that we will need to be your students. The class will take 5 minutes at the end of your demonstration to give you feedback and to ask questions.

2. Prepare a lesson plan (that you will copy and distribute in class) using pages 1-2 of the template provided in the syllabus. After you do your demo, you must complete page 3 of the lesson plan (the reflective phase). **Email the reflective phase to Instructor within 48 hours of your demo.**

3. Your demonstration will most likely include several of the course topics and themes related to the teaching of reading and writing in PK-12 world language classrooms. However, when you choose the date of your demo, you are required to focus on the particular theme listed on the sign-up sheet. In addition to focusing on this theme, you must prepare a handout about your topic/theme. The handout should include:
   - Background information about the topic/theme that is based on theory and research
   - How you will highlight this topic/theme in your demonstration
   - A list of resources (both theoretical and practical) on your topic/theme (journal articles, books, websites, etc.) The resource list should be in APA format.

4. **BE CREATIVE!** You are strongly encouraged to make/create your own instructional materials and assessments for the lesson.
5. Try to spend less time talking about the theme and more time demonstrating it. You may decide to introduce your lesson by discussing the theme first or you may wish to immerse us in the experience and explain after the demonstration.

6. We will be your students. You may assign us whatever language level and age you wish. Keep in mind that YOUR use of the TL must be appropriate for that age and language level of your students. The use of visuals, gestures, and TPR are encouraged.

7. Provide copies of your handout, your lesson plan, and any other lesson materials that you have made that you feel would be useful to your classmates and your instructor.

EVALUATION of your teaching demonstration will be based upon the following criteria that are also listed on the grading checklist (in the syllabus):

- Target Language Proficiency
- Language Acquisition Theories & Knowledge of Students & their Needs
- Quality of Lesson Plan with Measurable & Observable Objectives
- Integration of Standards in Planning and Instruction
- Usefulness of handout on topic or theme
- Evidence of transitions between activities
- Evidence of Preparation
- Selecting and Designing of Instructional Materials: Use of Teacher-Developed Materials
- Flexibility in Response to Students
- Efficient Use of Time

Lesson Planning Assessment

Assessment Information:
In the TCLDEL program, the Lesson Planning Assessment is completed during EDCI 519 PreK-12 ESOL Teachers and is assessed by the course instructor. The candidate must earn a score of 3 to be successful on this assignment. If a candidate does not earn a 3 on the assignment, they must meet with the course instructor or assessor prior to resubmitting. The data from this assessment are used to identify both best practice and identified gaps in developing and assessing a specific lesson plan and the impact on student learning.

InTASC Standards: 1, 3, 4, 5, 6, 7, 8 and 9
CAEP Standards: 1.1, 1.3, 1.4, 1.5
VDOE Standards: 1, 2, 3, 4, 6

THEMES: Technology Diversity College-and-Career-Ready

Assessment Objective
- The candidate will develop a research-supported lesson plan that effectively meets the needs of a specific population of learners.

Research base/Rationale
It is important that teacher candidates demonstrate their ability to design an effective lesson plan with specific, performance-based learning objectives that meet the learning needs of their learners. Lesson planning can be guided by four basic questions (adapted from Spencer, 2003):

1. **Who are my learners?** (Consider the number of learners, their academic readiness levels and cultural background, and prior knowledge, etc.)
2. **What do I want my learners to learn?** (Consider the content or subject (and interdisciplinary connections), the type of learning (knowledge, skills, behaviors), how to integrate college and career ready standards, etc.)
3. **How will I know what the learners understand?** (Consider the informal and formal assessments, formative and summative, higher order questioning techniques, feedback from learners, etc.)
4. **How will my learners learn best?** (Consider the teaching models, learning strategies, length of time available, materials, technology resources, differentiation, modifications, etc.)

You might also want to ask:
- What knowledge, skills, and understandings do my learners already have?
- What knowledge or prerequisite skills do I need to access, activate or build in this lesson?
  How will I access those prerequisite skills or activate that prior knowledge?
- Where have learners come from and what are they going on to next?
- How can I build in sufficient flexibility to respond to emergent needs indicated by ongoing observation and formative assessment?
During field experiences and the internship, a lesson plan must be developed for each teaching session. As a novice teacher, lesson plans are developed for each instructional episode (lesson, one-to-one instruction, and small group activity). When teaching new content or grade levels, your lesson plans will be more detailed. As you gain pedagogical content knowledge and are proficient, your lesson planning becomes less detailed. Part of the planning process includes considering the following tasks:

- list content and key concepts (research more if needed)
- define your aims and identify specific learning objectives/goals/outcomes aligned to appropriate curriculum standards, Virginia SOLs, ASOLs, and/or College-and-Career-Ready standards
- create assessments that are aligned to your specific learning objectives/goals/outcomes
- think about the structure of the lesson, pacing, and transitions, use of technology
- identify the strengths and needs of all learners
- identify adaptations/modifications/extensions needed to meet learner needs
- determine “best practice” and learning strategies aligned to the learning objectives/goals/outcomes
- identify learning resources and support materials, including technology

Directions for completing the assessment task
Develop and teach a lesson plan using the template attached. Review the rubric to guide the development of your lesson plan.

Section 1: Classroom Context
Classroom decisions are made based upon your learners’ strengths and needs. Your plan may vary based upon when in a unit of instruction the lesson takes place, and even the time of the lesson. In this section, you will provide basic information about your learners and classroom—including academic and cultural backgrounds and prior knowledge, including any assessments that will guide your planning. Make certain to address how your knowledge of your learners will affect your planning. (½ to 1 page)

Section 2: Planning for Instruction
Before you teach a lesson, you must decide the learning objectives/goals/outcomes and connection to Virginia SOLs, ASOLs and/or College-and-Career-Ready standards you will use and why have you selected these objectives and specific strategies to teach the lesson to your specific group of learners. You make these decisions based upon your learners, current research, contemporary meaningful ways, prior knowledge or pre-assessments of learning, aligned to appropriate curriculum standards. While planning your lesson, using your knowledge of your learners, you will make decisions as to the modification/differentiation and/or accommodations you will need to meet the needs of all learners in your classroom. Then, with an informed understanding of your audience and your content, identify the learning materials needed to teach the lesson and any technology you and/or your learners will use in this lesson. In this section, be sure to detail all of these planning elements, including how you will assess learner mastery of lesson content—both formatively throughout the lesson, and any summative assessment you might use. (Virginia Standards of Learning (SOLs), ASOLs, and/or College-and-Career Ready skills, and any content specific objectives should be included in lesson plans.) (1-2 pages)

Section 3: Instruction
After you have identified what your class will learn, you will begin to chart out specifically how you will teach the lesson. When completing this section of the lesson plan, you will identify the
procedures you will use from the opening of the lesson through the lesson closure. Script this section of the plan, noting what you will say and do and what you are asking learners to do. Be certain to include formative assessments and guided practice activities and any independent practice and summative assessments you will have learners complete. (2-3 pages)

Section 4: Reflection after Instruction: Impact on Learning

As John Dewey noted, without reflection, there is no learning. In this section, reflect upon the lesson and consider if your learners were able to meet the learning objectives/goals/outcomes for the lesson. How do you know learners were able to successfully meet the lesson objectives/goals/outcomes? (Be specific here and use formative/summative assessment results to guide your response). What was your impact on learning? (i.e., how did your instructional decisions seem to affect learning? Again, be specific.) What strategies or activities were the most successful? What could have made the lesson stronger? What did you learn about teaching, learners, and learning that will affect your next instructional experience? (1 page)

NOTE: Lesson plans will be evaluated based on adherence to the provided lesson plan format; consistency with instructional methods taught in the program; appropriate rationale provided; specification of objectives, as related to state and national standards; appropriate match between assessment of learning and learning objectives; coherence of writing and mechanics. Additionally, plans should include the Virginia Standards of Learning (SOLs), College-and-Career-Ready skills, and other content specific objectives.

**Scoring Guidelines**

**4-Exceeds Standard:** Candidates receive a score of 4 if they perform beyond the expectations of candidates at this point in their programs. There is evidence that candidates have done additional research, identified additional resources, and/or demonstrate exceptional understanding and application of the standard.

**3-Meets Standard:** This is the TARGET score. This score reflects that candidates have met the standard at the level expected at this point in their program. Candidates who receive a 3 have successfully met the standard.

**2-Approaching Standard:** Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.

**1-Does not meet standard:** Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.

Resources for Teaching Reading and Writing in Foreign/World Languages

Option A: Reading Library

Objectives:
1. To identify and evaluate materials and resources from --print, software, and the Internet-- for teaching reading and writing in foreign/world language classrooms.
2. To search for materials of particular interest to you in the areas of teaching reading and writing in order to gain a greater appreciation for the breadth and depth of available resources and how they reflect current practices and research.

Task:
To create a library of materials for increasing the reading comprehension and writing proficiency of a particular student population, specific to age, grade, and level of language being studied. Latin teachers are required to select literary masterpieces in order to make connections to their historical and social context of the society.

1. Choose one of the following grade/language levels that interests you:
   - Elementary FLES or Immersion (Grades 3-6)
   - Middle School Level 1 or Immersion (Grades 6-8)
   - High School Levels 1-5, AP, IB (Grades 9-12)

2. Identify five (5) resources for your library. You may consider both fiction and non-fiction print and electronic materials. Make sure you have a balanced distribution across print materials (books, articles, etc…), computer software, and Internet web sites. These may include (but not be limited to) the field of education or foreign language education. Look for resources that represent various target language cultures. For example, you may use fables or traditional short stories as well as pop culture in authentic texts in magazines or electronic publications that are intended for native speakers. The goal is to find materials that can help you increase the reading and writing abilities of the students in the grade and language level you selected.

3. Examine the resources as to their effectiveness and appropriateness in terms of content, language, language level, culture(s), and student interest potential.

4. Prepare a written report that is 6-page minimum/10-page maximum, double-spaced, 12pt font, in APA format. Begin with an introductory section that describes the specific purpose of your resource search. For example:
   - For which grade or level was the library intended?
   - What were the primary goals and/or objectives for assembling this library?
   - How does your library consider the various cultures where the target language is spoken?

In the body of your paper, include the title of the reading resource as a subheading for your review. In your review, include:
   - How each reading resource will appeal to the age, language level, and potential interest of the students
   - How it will contribute to a student’s understanding of target language culture(s)
   - How it will help students to develop their reading and writing skills in the target language

The final section of your paper should be a reflective summary that synthesizes what you have learned from this assignment. In your summary, discuss the impact that this project has had on how you plan to teach reading and writing in your own classroom.
5. Using APA format, cite at least 5 assigned readings from the syllabus to support your evaluation of the resources.
6. Attach sample pages from the resources that provide evidence for your evaluation.
7. Include a reference page in APA format of assigned readings to which you referred in your report as well as a complete list of materials reviewed.
8. Submit your project on BB no later than 7:20 pm on March 21.

**Option B: Technology Project**
*Using Technology to Enhance the Teaching of Reading and Writing in the Foreign/World Language Classroom*

**Task:** Create a never-before-used multimedia, interactive technology project that facilitates the teaching of reading and/or writing in the foreign/world language classroom setting. PowerPoint, Flash, WebQuest, Blog, Wiki or other technology-based project for teaching reading and writing in foreign/world languages.

1. **Design and create an original, never-before-used** WebQuest, Blog, Wiki, or other type of technology-based project on a course outline topic of your choice and apply it to a teaching reading and/or writing in the foreign/world language classroom setting. The purpose of the project is to highlight course topics/themes and inform teachers about their implications for teaching reading and writing. For example, you may create a WebQuest and then show how the use of performance-based assessments and/or technology can enhance the teaching of reading and writing in the target language.

2. **Look to include authentic texts from target language cultures** as you design your project. You may decide to use a fable, short story or current topic(s) in pop culture found in magazines or electronic publications.

3. **Write a short introduction (2-3 pages in APA format)** for your project that describes the student population and their needs (age, grade, and language level) and how your project will meet the needs of this specific population of language learners as well as to show how what you have created will help them improve their reading and writing skills in the target language. Make reference to at least (3) of the course readings to support what you have created. Provide a reference list (in APA format) at the end of your introduction.

4. **Prepare an informative user-guide** that will help a novice teacher use your project. Your guide may be a PowerPoint, a detailed list of steps, or it may be in the form of a lesson/unit plan (following the lesson/unit plan template in the syllabus).

5. **Submit your project on BB no later than 7:20 pm on March 21.**

Performance-Based Assessment for ACTFL/CAEP Assessment # 2
Assessment Project:  Content Knowledge in the Target Language

Description of Assessment (Critical Analysis in the Target Language of Literary and Cultural Sources) and Its Use in the Program

Critical Analysis of Literary and Cultural Sources is the culminating project for the methods course, EDRD 620, Teaching Reading and Writing in Foreign/World Languages. It is a graduate level three-credit course. The Critical Analysis in the Target Language of Literary and Cultural Sources is an assessment of the candidate’s ability to successfully write in the target language with demonstrated proficiency as well as an understanding of integrating the SFLL and SOLs into language instruction; demonstrate that they understand the connections among the perspectives of a culture and its practices and products; recognize the value and role of literary and cultural texts and use them in planning instruction; and integrate knowledge of other disciplines into foreign language instruction. Candidates develop in the target language an annotated list of websites and authentic sources such as videos, literary texts, cultural, or multimedia resources.

This assessment connects theory to practice in the application of course topics that address Pre-reading/writing strategies (K-W-L, Anticipation Guide, SQ3R, Graphic Organizers); During-reading strategies (Predicting, Drawing pictures, Skipping unknown words); and Post-reading/writing Strategies (Reading Response Logs, Anticipation Guides, Semantic Mapping, Think Aloud, Read Aloud, Echo Reading, Guided Reading, Silent Sustained Reading). Create two standards-based (VA SOLs and 5Cs) lesson plans in the target language (one elementary and one secondary) incorporating these authentic resources. Lesson plans must follow the required GMU elementary and secondary lesson plan templates with no fewer than three tasks (activities) for each level. Plans must demonstrate the integration of culture and content from one other content discipline. Samples of Interpretive, Presentational, and Interpersonal modes of communication must be included. Candidate-made tasks (activities), worksheets, and at least one technology-based application are required.

Objectives of Critical Analysis in the Target Language of Literary and Cultural Sources
This signature performance assessment’s objectives require Foreign Language licensure candidates to:

PROCEDURE FOR CANDIDATES Parts 1 and 3 below are written in target language with English translation.

1. In the target language create an annotated critical analysis of no fewer than five websites or authentic sources such as videos, literary texts, books, games, cultural topics, or multimedia/digital resources that can be adapted for teaching today’s foreign/world language learners.
2. Use these resources along with the lesson plan templates provided in the syllabus to create two lesson plans - for one day at an elementary and one day at a secondary school setting.
3. In the target language provide a written text scenario in the target language of the setting for which this plan is intended. This should include geographic location (urban, rural, suburban), approximate time during school year, brief description of student population, and where these lesson plans fit in with the school district’s curriculum or within a larger standards-based unit plan.
4. The plans must include national (5Cs) and state standards (SOLs).
5. Choose one theme or topic for each grade level. Include this in the title.
6. Define the program model, i.e., Advanced Placement, Immersion, Foreign Language in the Elementary School, etc.
7. Plans must demonstrate the integration of culture and content from one other content discipline.
8. Activities must include samples of Interpretive, Presentational, and Interpersonal modes of communication and include evidence of pre-reading/writing; during-reading/writing, and post-reading/writing strategies.
9. Candidate-made tasks (activities), worksheets, and at least one technology-based application per lesson plan (total of at least two).
