Co-requisite(s): Application to the Education Leadership Program.  

Course Description  
EDLE 620: Organizational Theory and Leadership Development (3:3:0) Studies basic organizational theories and models of leadership and management. Emphasizes shared leadership in professional environments, communication skills, systems thinking, and personal and organizational change. Bridges theory to practical applications in educational settings.  

General Goals: Organizational Theory and Leadership Development is intended to provide students with an opportunity to explore meanings of leadership in schools, leaders’ role in school change and restructuring; and ways school leaders make sense of school organization. Students will explore both how organizations function and leadership choices within organizations, and they will have an opportunity to begin to develop a vision of their leadership practice and situate this practice within a perspective of how school organizations work.  

Course Delivery Method  
This is a 100% online course using an asynchronous format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard
course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on January 21, 2020.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

**Technology Requirements**

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox is required (note: Opera and Safari are not compatible with Blackboard).
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course. Per university policy in compliance with federal law, the professor will only communicate with students via their GMU email accounts, and will be unable to respond to emails sent from other accounts (i.e., Gmail, Yahoo, work email, etc.). Any announcements regarding the course will be sent to your GMU account. I will respond to emails within 48 hours, excluding weekends.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- **Video/Screencasting Tools**: You will use Kaltura, Jing, or Camtasia to record your introduction videos and Platform of Beliefs assignment.

**Group Work**: You should use Google Docs to complete your Collaborative Leadership Case assignment and Blackboard Discussion Boards to participate in various learning activities throughout the semester.

- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - [Adobe Acrobat Reader:](https://get.adobe.com/reader/)
  - [Apple Quick Time Player:](www.apple.com/quicktime/download/)

**On-line Expectations**

- **Course Week**: Because online courses do not have a “fixed” meeting day, our week will start on Mondays (January 21) and finish on Sundays (May 4th) Major Assignments notwithstanding, all Journals and Discussion Boards should be completed on or before the Sunday of the course week.
• **Log-in Frequency:** Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week.

• **Participation:** Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

• **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

• **Technical Issues:** Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

• **Workload:** Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and **due dates** listed in the **Class Schedule** section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

• **Instructor Support:** Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

• **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

• **Accommodations:** Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

National Standards and Virginia Competencies

Each M.Ed. licensure course has at least one Performance-Based Assessment (PBA) as required by the program. The PBA for this course is the Reframing Paper. The course addresses a variety of the ELLC Standards, focusing primarily on the following: Standards 1.1, 1.2, 1.3, 1.4, and corresponding components of the Virginia Standards for School Leaders:

Grading

Students can earn a total of 500 points in this course. Graded assignments account for 75% (375 points) of the overall grade, while online course participation accounts for 25% (125 points).

Assignment Descriptions (75% or 375 points of total grade)

The three graded assignments required for this course are as follows:

Assignment #1: Autoethnography-Part One [100 points]
DUE DATE: on or before February 16th

Rationale

Over the next couple of years, you will be asked at three points to reflect in writing on your life in relation to what you are learning or have learned over time and in this program. This assignment represents the first section of a three-part autoethnography that you will be asked to complete. Parts two and three will be written about half-way through your internship and at the close of the internship respectively.

An autoethnography is a blending of an autobiography (story of self) and ethnography (study of culture) that represents one form of qualitative research. The purpose of this three-part assignment (i.e., personal, professional, and transformational ethnographic moments) revolves around having you reflect on your own history as it relates to the development of your values and philosophy, and the impact of this program on your growth as a leader.

Process

In this first section you are asked to impart your story growing up by reflecting on your family history, your school experiences and key moments in your life (leading to what some call “epiphanies”) that affected the ways you believe and act. Part two will treat your professional work history. Part three will address transformational experiences in this program.

Product

The first part of this paper should be a provocative memory that brings the reader into your life story. Then provide an introduction that tells the reader your thesis (e.g., what experiences were most important to your development and why) and foreshadows how you will go about supporting it, followed by the body of the paper which represents an account of your family history, school
experiences and any key moments that impacted your life. Wrap up the paper with a conclusion that restates your thesis and summarizes the support you have provided for it.

The paper should be double spaced (APA format) and be approximately 6-9 pages long.

**Assignment #2: Leadership Case Analysis (75 points)**
**DUE DATE: on or before March 8th**

For this assignment, you will work collaboratively in small groups to analyze a leadership case provided by the instructor. Informed by the theories discussed in the course, group members will be required to address the following in their case analysis:

- Clearly describe the context of the leadership case, to include student and faculty demographics; social, cultural, economic, and political forces; and the surrounding community
- Clearly describe the leadership challenge central to the case and any key details essential to understanding the case
- Describe how you would address this leadership challenge supported by relevant theories, readings, and professional experience that have informed your proposed leadership approach and actions

**Submission Instructions:**
This assignment will be developed using Google Docs to facilitate collaboration in the case analysis. The expected length for this assignment is one collaborative document - 5 to 7 typewritten, double-spaced pages using 12 pt. font and 1-inch margins on all sides OR a video presentation no more than 5 minutes long that addresses all assignment requirements.

**Assignment #3: Reframing Paper (200 points)**
**DUE DATE: on or before May 4th**

In this assignment, you will write a paper that demonstrates your ability to use multiple frames from the four-frame model to analyze a school improvement project that has taken place at your school within the last two years. This assignment is the Performance-Based Assessment (PBA) for this course and must be uploaded to Tk20. Your paper should reflect your understanding of the key theories and assumptions that support each of Bolman & Deal’s four frames and their application to school leadership practice. The paper should be double spaced (APA format) and 8-10 pages in length.

**Submission Instructions:**
Upload your paper into Tk20 via the Assessment tab on the course site.

**TK20 Performance-Based Assessment Submission Requirement.**

Every student registered for any EDLE course with a required performance-based assessment is required to submit this assessment, The Reframing Paper, to Tk20 through Blackboard (regardless of whether the
student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to F nine weeks into the following semester.

**Participation Requirements (25% or 125 points of total grade)**

To maximize learning and engagement in the online environment, students are expected to participate actively in asynchronous class discussions, asynchronous and synchronous group activities, and serve as critical friends to other students. In this course, participation points are given by unit, rather than per learning activity. Below is a list of all required learning activities, by unit, which will count toward your overall participation grade. Please refer to the Course Participation Rubric for details.

_Other reminders:_

**GMU Add/Drop Policy:** The last day to drop this class without any penalty is provided on the GMU academic calendar page http://registrar.gmu.edu/calendar/. It is the student’s responsibility to check to verify that they are properly enrolled, as no credit will be awarded to students who are not.

**Plagiarism Statement:** Plagiarism means using the exact words, opinions, or factual information from another person without giving that person credit. Writers give credit through accepted documentation styles, such as parenthetical citation, footnotes, or endnotes; a simple listing of books and articles is not sufficient. Plagiarism is the equivalent of intellectual robbery and cannot be tolerated in an academic setting (Statement of English Department at George Mason University).
**Plagiarism and the Internet:** Copyright rules also apply to users of the Internet who cite from Internet sources. Information and graphics accessed electronically must also be cited, giving credit to the sources. This material includes but is not limited to e-mail (don't cite or forward someone else's e-mail without permission), newsgroup material, information from Web sites, including graphics. Even if you give credit, you must get permission from the original source to put any graphic that you did not create on your web page. Shareware graphics are not free. Freeware clipart is available for you to freely use. If the material does not say "free," assume it is not. Putting someone else's Internet material on your web page is stealing intellectual property. Making links to a site is, at this time, okay, but getting permission is strongly advised, since many Web sites have their own requirements for linking to their material.

If you have questions about when the contributions of others to your work must be acknowledged and appropriate ways to cite those contributions, please talk with the professor or utilize the GMU Writing Center.

**Academic Integrity & Inclusivity:** This course embodies the perspective that we all have differing perspectives and ideas and we each deserve the opportunity to share our thoughts. Therefore, we will conduct our discussions with respect for those differences, meaning we each have the freedom to express our ideas, but we should also do so keeping in mind that our colleagues deserve to hear differing thoughts in a respectful manner, i.e. we may disagree without being disagreeable. http://integrity.gmu.edu/

**Diversity, Religious Holiday:** Please refer to George Mason University’s calendar of religious holidays and observations (http://ulife.gmu.edu/calendar/religious-holiday-calendar/). It is the student's responsibility to speak to the instructor in advance should their religious observances impact their participation in class activities and assignments.

**Student Privacy Policy:** George Mason University strives to fully comply with FERPA by protecting the privacy of student records and judiciously evaluating requests for release of information from those records. Please see George Mason University’s student privacy policy https://registrar.gmu.edu/students/privacy/

**Other Concerns:** If you have concerns or issues relating to the content or conduct of the class, please talk with me directly. Although the specifics of these conversations are entirely confidential, they may provide me with useful suggestions that may be shared indirectly with the class to improve the learning experience for all students. As a matter of policy, I do not respond to anonymous e-mails.
