• Students must maintain consistent and reliable access to their GMU email and Blackboard as these are the official methods of communication for this course.

Expectations
Course Week:
• Log-in Frequency:
Students must actively check the course on Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 5 times per week.

- A weekly announcement will be made available every Monday by 12pm. **You are expected to check this announcement every Monday.** This announcement will provide an update of what is due for the week and any changes.

- **Participation:** Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

- **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

- **Technical Issues:** Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. **Late work will not be accepted based on individual technical issues.** Your instructor will not be able to assist with any technical issues. Please make sure you contact Blackboard or WileyPlus concerning your technical issues.

- **Late Work:** Students will lose 2 base points for each late submission and an additional 1 point for each additional day late.

You can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. Be positive in your approach with others and diplomatic in selecting your words. Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:** Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services. Please email me your letter for accommodations by the end of the first week of classes.

It is critical for students to review all content in a timely manner. It is imperative that you are active on Blackboard, review the material, and prepare for class accordingly.

  I. Discussion Posts on BB (Each Discussion post is worth 10 points)

Entries will be graded based on thoughtfulness, responding to all the questions in the prompt, and quality of writing. All students are expected to contribute to this discussion. To earn full credit, all entries must meet the following requirements: (1) the original post must be at least 250 words and posted by the due date and (2) the response to at least one other
student’s posting must be at least 150 words and should include thoughtful suggestions or questions posed to assist your fellow classmates. Short phrases such as Great job” will not be considered as an adequate response. Appropriate response could include sharing similar experiences or suggested steps forward. Postings will be graded on APA format, spelling, grammar, clarity, critical thinking and incorporation of course material.

Discussions are asynchronous, which means that you will have time to read and respond at any time during the 1-week window that the discussions are available. Discussion windows will close the Sunday evening at 11:59pm. Refer to the course calendar for “due by” dates. You will NOT be able to make up any missed discussion post except under extraordinary circumstances (as previously defined in this syllabus).

Because active participation and engagement are imperative for optimal learning, preparation for and participation in online-class activities will be evaluated based on the following criteria:

Therefore, it is imperative that once you begin the quiz you have enough time to finish it in one sitting. You will not be able to re-enter the quiz once you have completed it. If you run into difficulties while taking the quiz, contact me immediately with screen shots of your technical issues.

III. Wiley Homework Assignments (15 points each)
Wiley Homework Assignments will be related to your reading for that week. Please make sure you complete the reading before attempting the assignments. These assignments are not timed.

  - Students are actively involved in online learning experiences as is evidenced by participating in all activities and completing written work related to the activities

All written work unless otherwise noted must be completed on a word processor and should be proofread carefully. (Use spell check!) If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Students may consult the Writing Center for additional writing support.
