SEMESTER RESEARCH PROJECT Profile a SRT Organization

Summary and General Instructions

Objective: To conduct research and apply concepts learned in the course to profile a REAL Sport, Recreation or Tourism/Hospitality/Event Management business organization.

Basic Requirements:

- The organization profiled must have been in operation for at least 5 years (founded in 2015 or earlier). In other words, it is not a “start-up” business.
- The organization should have at least 5+ full-time paid employees (or equivalent).
- The business may be in any sector – commercial/private, non-profit/private, or government/public.
- To receive full credit for the assignments, you must demonstrate evidence of research in each assignment. You will accomplish this by:
 - Finding an organizations; you must have access to business information about the organization.
 - Establishing contact with at least one professional “consultant” who has experience working in the organization. Students are required to conduct an interview with the consultant, demonstrating evidence of the knowledge gained in one or more of Assignments 2 and/or 3.
 - I strongly suggest that you establish the initial contact early in the semester to gather resource information (strategic and/or business plan, sample organization chart, job descriptions, interview questions, budget data and similar)
 - Use other references to support and justify your work.
- Describe the organization as if it really exists! Use present tense in your narrative, except when discussing history or future plans.
- Narrative should be “business professional”. Avoid jargon and redundancy. Note also that you are not “selling” the organization; I suggest using third person tense (vs. the first person “I”, “we” or “us”) when discussing the organization.
- With the possible exception of Assignment 1, do not repeat assignment instructions verbatim in the body of the paper. You may use headings to separate the sections if desired.
- Generally speaking, do not copy information! If deemed necessary to do so, properly cite in footnote(s) and bibliography.

Recommendations:

- Ensure that you understand the scope of research required for the semester project by becoming familiar with all individual assignment requirements at the start of the semester.
- APA (<http://www.apastyle.org/> and <http://www.apastyle.org/learn/tutorials/basics-tutorial.aspx>) or Chicago style (http://www.chicagomanualofstyle.org/tools_citationguide.html) is recommended for use in these assignments.

The following assignment instructions are also posted in the Assignments section in Blackboard:

- The name of the organization.
- The purpose of the organization – why it exists; what need(s) it meets.
- Who the organization serves; describe the client/customer base.
- Which sector (public, not-for-profit, commercial) the organization falls under; explain why your organization is in this sector.
- Explain why you chose to profile this organization.

General guidelines

- You may use an outline/bullet-point format for this assignment if preferred.
- This submission should be 1-2 pages in length.

ASSIGNMENT 2 – The Organization

80 points

- Explain which sector (public, not-for-profit, commercial) the organization falls under and why it is in that sector.

History and Service

- What is the history of the organization; how and why was this organization established?
- Where the organization is located? Describe physical administrative and program space.
- Describe the services that your organization provides and the target markets. In other words, who are the services designed to serve and/or what customers/clients/constituents are most likely to use the services? How are services delivered to customers?
- Describe the organizations' stakeholders (not customers or employees).
- Name and explain at least three specific factors/activities in the Macroenvironment, including its subset, the Competitive Environment, that the organization should monitor regularly and how the organization will monitor these activities.
 - Consider specific activities in the Political, Economic, Social and Technological realms. Think in terms of all 5 competitive forces e.g. In the social area, look at demographics and values in both the market and the workforce. For instance, who are the rivals (direct competitors)? What other services could be substitutes for the organization's offerings?

Organization Plan

- Present 2 SMART business (vs. program) goals that the organization is attempting to accomplish within the next year. Business goals are related to revenue generation and/or expense control (in the commercial sector, profitability), growth and customer service.
- **For each goal**, list 2-3 organizational plans (actions) the organization will execute to achieve those goals.

ASSIGNMENT 3 – Staffing the Organization

80 points

Organizational Chart

- What is the organizational chart for the organization. The chart should fit on one 8 x 11" page. Depending on the size of the organization, boxes may represent "work" at the individual job level or as a grouping of jobs. If the organization is very large, you may choose to represent a division or department of the organization (as opposed to the entire organization); please specify if this is the case and provide a brief overview of where this division/department fits into the overall organizational structure.
- Organizational Chart Narrative:
 - Explain which of the four structures discussed in class (Functional, Divisional, Matrix, Network, or a combination of these) best represents your organization's structure. Explain why that is the most efficient and effective way for your organization to get work done. Consider: Is your organization dynamic or stable? How much diversification is there in company businesses, products, customers and/or locations? Who should make strategic decisions? How much does the organization rely on lower level employees to be creative and autonomous in decision-making?
 - Provide any additional background information necessary to explain how the business is organized for action. Ensure that all critical business functions (administration, finance, HR, sales, marketing, and similar), as well as service and production, are clearly represented in the organizational chart OR described in the narrative

The Job Description

Select one position from your organizational chart and create/find a job description for that position. This position must report to a supervisor (should not be the CEO for instance) AND must be a manager, supervising a minimum of 1 employee. **Include all of the recommended content of a job description, as discussed in class and presented in the Chapter 8 slides.**

The Interview

Design interview questions that will help determine each candidate's suitability for the position. The interview questions should relate directly to the needs of the organization and the requirements outlined in the job description (above). Questions should be: 1) behavioral (if asking about experience), 2) specifically related to the job (not generic) and 3) open-ended to invite discussion (vs. yes/no or one-word answers). Include a **minimum** of 10 questions to be asked of applicants in a structured interview.

References/Bibliography

Demonstrate research and use of course and outside resources - provide references.

Reminder: Students are required to conduct an interview with a professional consultant and show evidence of knowledge gained.

General guidelines

- This paper should be 3-6 pages in length.

Grading Policies:

Attendance Policy: Mason Catalog: "Students are expected to attend the class periods of the courses for which they register. In-class participation is important to the individual student and to the class as a whole. Because class participation may be a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of non-participation. Students who miss an exam with an acceptable excuse may be penalized according to the individual instructor's grading policy, as stated in the course syllabus."

There is NO make-up work.

Accordingly, in this course, absences, tardiness, or early departure are considered de facto evidence of non-participation. Three tardies, and/or early departures (including putting head on the desk and closing one's eyes) equal one absence. Class Participation grades are taken daily and any unexcused absence will result in a 0 for that day. Three or more absences without advance permission or a doctor's note on letterhead will result in 0 points for Class Participation in the final grade.

If you miss a class, it is your responsibility to obtain class materials (notes, handouts, etc.) from sources other than the instructor. Only then should you approach the instructor for questions.

All assignments are due at 7:20 PM, the beginning of class on the assigned day. No late work will be accepted without a doctor's note on letterhead. Written work is to be typed and spell checked to avoid point deduction. Tests must be taken on assigned days unless approved ahead of time and **no class participation make-ups** will be available.
