This course will be delivered online (100%) using an asynchronous format via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on August 24, 2020. Class will run Monday – Sunday beginning August 24<sup>th</sup> – December 13<sup>th</sup>.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

# Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

• High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see:

https://help.blackboard.com/Learn/Student/Getting\_Started/Browser\_Support#supported-browsers

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:

  - o Apple Quick Time Player: <a href="www.apple.com/quicktime/download/">www.apple.com/quicktime/download/</a>

# **Expectations**

## • Course Week:

Because asynchronous courses do not have a "fixed" meeting day, our week will start on Mondays, and finish on Sundays.

# • Log-in Frequency:

Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 2 times per week.

# • Participation:

Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

# • Technical Competence:

Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

## • Technical Issues:

Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

#### • Workload:

Please be aware that this course is **not** self-paced. Students are expected to meet *specific* deadlines and due dates listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

# • <u>Instructor Support:</u>

Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

# • Netiquette:

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words*. Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

# • Accommodations:

Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

**COURSE ASSIGNMENTS** (See Blackboard for specific guidelines and evaluation rubrics for all assignments.)

# • Assignments and/or Examinations

# 1. Reading Guides/Quizzes & Discussion (20 points) – September 6, 13, & 20; October 11; November 11

Over the course of the semester, you are responsible for completing 5 assigned reading guides/quizzes for the course readings. You will use these guides to reflect on the weekly readings. Together, each guide or quiz is worth 2 points, while your participation in the online discussion is worth an additional 2 points (for a total of 4 points for each assigned guide or quiz and discussion).

2. Online Investigations (15 points) – September 27; October 4, 18, & 25; November 8 Throughout the semester you will have several online assignments that involve an array of activities, mostly including recording your thoughts, reactions, opinions, connections, and questions related to assigned readings and videos. These activities are designed to encourage you to think deeply about the materials you read, reflect on and raise questions about the text, and apply your new understanding. All instructions for these assignments will be posted to Blackboard. For each asynchronous class session, all online tasks and

assignments must be completed by 11:59 p.m. on the date in the course schedule. There are a total of 5 online assignments (as noted in the course schedule). Each is worth 3 points.

# 4. Strategy Investigation (EDRD 300 only – 20 points) – October 11

With a partner, you will research a reading strategy appropriate for use in content area classes. You will create a written summary of the strategy to be posted on Blackboard for class use and each student will submit a video describing and modeling the strategy.

# 5. Journal Response (EDRD 501 only – 15 points) – October 11

You will locate a current journal article addressing literacy instruction in your discipline. Then, you will summarize the article, provide a personal response, and reflect on connections to your future instruction.

# 6. Disciplinary Literacy Resource File (15 points) – November 15

You will read and review print texts (e.g., fiction/nonfiction trade books, magazine articles) as well as media/multimedia texts (e.g., audio, video, images) and digital resources (e.g., websites, apps, software) that children or adolescents could use to connect reading/writing with your discipline. You will create a disciplinary literacy resource file that includes a description of these materials, a rationale for their inclusion, and suggestions for using each to engage students in disciplinary literacy learning.

# 7. Integrated Mini-Unit\*\* (EDRD 300 – 20 points) –November 29th

# Integrated Unit\*\* & Presentation (EDRD 501 – 25 points) -November 29th

You will develop an instructional mini-unit/unit with interrelated lesson plans designed to link literacy strategies, trade books (or other texts), and/or digital resources to the curriculum for your discipline. Each lesson must include clear examples of students engaging in tasks supportive of their disciplinary literacy along with explanations of how your chosen strategies/activities are appropriate. Lessons should also include formative and/or summative assessments. Students enrolled in EDRD 501 must also submit a 10-15 minute presentation to share the unit with classmates. During this presentation, you will share the main themes of your unit and highlight the literacy integration. You will also explain how you would teach a portion of one of your lessons to your peers.

\*\*Students enrolled in EDRD 300 will develop a mini-unit with 3 interrelated lesson plans. Students enrolled in EDRD 501 will develop a full unit consisting of 5 interrelated lesson plans. (NOTE: 1 lesson plan = 1 class period)

# 8. Field Experience Reflection (10 points) - December 4th

This course requires a total of 15 hours of field experience, which will be conducted online. You will watch 3 videos of classroom teachers within your discipline via ATLAS on Bb and will focus on the methods the teacher uses to integrate literacy into the curriculum. Your field experience reflection will include a written description and analysis of these activities.

# • Other Requirements

Our course Blackboard site (mymasonportal.gmu.edu) will include information and resources important to your successful completion of the course. You should access Blackboard at least two times a week to download readings and other pertinent course documents.

The completion of all readings assigned for the course is assumed. Because the class will be 100% asynchronous, it is critical for you to complete all readings on time and keep up with assignments.

Please see me with questions and/or concerns about assignments, expectations, or class activities. I am happy to clarify and lend assistance on projects and assignments, but please come to me within a reasonable timeframe. I look forward to collaborating with each of you as you work towards your goals.

# Assignment Guidelines

All assignments should be turned in (via email OR on Blackboard as noted in the course schedule) by 11:59 p.m. on the date noted in the course schedule. You are expected to submit assignments on time. Unless arrangements have been made beforehand with me, 10% of the total points will be deducted from the assignment for each day the assignment is late.

Assignments should be word processed using 12-point Times New Roman font, and double-spaced with one-inch margins. Writing quality (including mechanics, organization, and content) is figured into the overall score for each assignment, so proofread carefully and use formal, academic English. Be sure to use **APA format** (6th ed.) when providing citations for relevant research (see resources on Blackboard).

PLEASE NOTE THAT YOU ARE REQUIRED TO SUBMIT ELECTRONIC SUBMISSIONS. Electronic submissions MUST be saved with your last name in the filename. Ex: Ewaida\_DisciplinaryResourceFile.doc. Please combine your work into one file.

#### Communication

Email is my preferred form of communication, so please check your GMU email account frequently, as that will be the account I use to contact you. I am always available via email, but please allow 24 hours response time for replies during the week, and 48 hours during weekends and holidays. I am also happy to meet with you by appointment.

Important to note, the course scheduled may need to be modified during the semester. If this occurs, notice of such changes will be by announcement in an email notice, and/or by changes to this syllabus posted on Blackboard.

## PROFESSIONAL DISPOSITIONS

F

Students are expected to exhibit professional behaviors and dispositions at all times. Dispositions include the values, commitments, and ethics expected of professional educators and will be evaluated throughout your academic and professional preparation. (These may be found at: <a href="https://cehd.gmu.edu/teacher/professional-disposition">https://cehd.gmu.edu/teacher/professional-disposition</a>.) Teaching is a demanding career that requires you to conduct yourself in a professional manner at all times, be collegial with peers and supervisors, and conscientiously attend to job-related details. It involves initiating tasks and following through in a timely manner. Establishing habits supportive of these dispositions is an important part of your preparation as an educator and as such will be emphasized throughout this course. See <a href="https://cehd.gmu.edu/students/polices-procedures/">https://cehd.gmu.edu/students/polices-procedures/</a>
