University Catalog Course Description

Provides overview of the field of kinesiology in the form of an introductory course. Exposes students to the history of the field, and its emphasis on evidence-based knowledge. Explains policies and procedures for the major. Explores career options.

Course Delivery Method

This course will be delivered both online, using an asynchronous format via Blackboard Learning Management system (LMS) housed in the MyMason portal as well as face to face with three to four meetings throughout the semester. These meetings are listed in Patriot Web. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on August 24th, 2020.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

COVID-19 Updates

All students taking courses with a face-to-face component are required to take Safe Return to Campus Training prior to visiting campus. Training is available in Blackboard (https://mymason.gmu.edu). Students are required to follow the university’s public health and safety precautions and procedures outlined on the university Safe Return to Campus webpage (www2.gmu.edu/safe-return-plan). Similarly, all students in face to face and hybrid courses must
also complete the Mason COVID Health Check daily, seven days a week. The COVID Health Check system uses a color code system and students will receive either a Green, Yellow, or Red email response. Only students who receive a “green” notification are permitted to attend courses with a face-to-face component. If you suspect that you are sick or have been directed to self-isolate, please quarantine or get testing. Faculty are allowed to ask you to show them that you have received a Green email and are thereby permitted to be in class.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see: https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers

  To get a list of supported operation systems on different devices see: https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: https://get.adobe.com/reader/

Expectations

- **Course Week:** This course is a hybrid of online, asynchronous coursework and three-four face to face meetings throughout the semester. Online, asynchronous courses do not have a “fixed” meeting day each week, our week will start on **12:01am EST on Monday and end at 11:59pm EST on the following Sunday.** Face to face meeting times and days are identified on Patriot Web. Unless otherwise stated, all assignments are due by the end of the week in which they are assigned.

  To help you manage your schedule and time to complete the assignments in this course, please follow the recommended timeline below. If you have a question or concerns or encounter a problem about an assignment, please contact me immediately so we can figure out a solution.

- **Log-in Frequency:**
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week.

- **Participation:**
  Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

- **Technical Competence:**
  Students are expected to demonstrate competence in the use of all course technology.
  Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

- **Technical Issues:**
  Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

- **Workload:**
  Please be aware that this course is not self-paced. Students are expected to meet specific deadlines and due dates listed in the Class Schedule section of this syllabus or on blackboard. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

- **Instructor Support:**
  Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**
  The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. **Be positive in your approach with others and diplomatic in selecting your words.** Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:**
  Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

### Learner Outcomes or Objectives

This course is designed to enable students to do the following:

1. Examine the historical and cultural aspects of kinesiology.
2. Interpret the model of evidence-based knowledge.
3. Understand the subdisciplines of theoretical knowledge.
4. Evaluate the professional activities and development expected of an entry-level professional.
5. Examine the future development of the kinesiology field.
Professional Standards

Not Applicable.

Required Texts

Course Performance Evaluation

Students are expected to upload all assignments through Blackboard as a PDF or Word document. “.pages” files will not be accepted. Assignments are due by Sunday, 11:59 PM, EST unless otherwise stated. Refer to the course schedule and weekly overviews for details.

- **Assignments and/or Examinations**
  - **Online Discussions** - This is a Performance-Based Assessment. Respond to an original prompt and reply to classmates’ postings with thoughtful remarks and/or questions. Your challenge is to immerse yourself in the topics and perspectives presented in the course. You will want to be able to comment on the discussion topics with authority. You are encouraged to make notes on your own thoughts about the various concepts and issues, and consider possible issues/outcomes. Your posts should be to the point and include sufficient technical detail for others to respond. You should present your opinions, but justify them with facts and proper sources. What did you disagree with and why, or not understand?

  **Initial/Original Post**
  Please post what you view as the appropriate responses to the above prompts. Your initial post should be 150-300 words. Please provide response with a clear, well-formulated thesis; sentence structure, grammar, punctuation, and spelling count. Support all posts with appropriate rationale and citations from readings; appropriately document sources.

  **Responding to Others**
  Responses to at least two classmates' postings should be approximately 200 words and should be thoughtful, substantial, polite and more extensive than a simple "well done" phrase or "I agree." Consider points of agreement, disagreement, assumptions, and value judgments. You will be able to respond to others after you submit your initial post.

  **Instructions**
  Each student will make at least one original post by Thursday 11:59 PM, EST, and react to at least two of your peers' posts by Sunday 11:59 PM, EST. Review the Rubric for Online Discussions at the end of the syllabus.
**Professional Plan** - This is a Performance-Based Assessment. Students will reflect on why they chose their particular field of study and explain their current career goals. They will explore different opportunities on their chosen educational path and research how to attain their goals.

**Quizzes** - This is a Performance-Based Assessment. Students will answer questions about the course content. Quiz questions may be in multiple choice, true/false, short answer or fill in the blank form.

**Annotated Bibliography** - This is a Performance-Based Assessment. Students will choose a kinesiology research topic and create an annotated bibliography containing five peer-reviewed journal articles.

**Professional Communication & Resume** – This is a Performance-Based Assessment. Create an email and resume addressing a volunteer, internship or job position you are interested in. You will need to find an actual posting online to hand in with the assignment.

**Vocational Worksheet** – This is a Performance-Based Assessment. Reflect on your values, interests, abilities, and personality in regard to kinesiology professions.

**Informational Interview & Reflection** - This is a Performance-Based Assessment. Students will interview a kinesiology professional and summarize the interview in paragraph form. Additionally, students will reflect on the interview and contemplate future plans.

- **Other Requirements**
  In correspondence/communication students will be expected to:
  - Be professional and respectful in correspondence
Make reasonable requests of the instructor. We will be happy to clarify course material and answer legitimate questions; however, please exhaust other information sources (e.g., syllabus, Blackboard) for answering your question before contacting me and remember, “Poor planning on your part does not constitute an emergency on my part”

In regard to honesty in work, students will be expected to:

- Review the University integrity and honesty policies in the student handbook for guidelines regarding plagiarism and cheating. [https://oai.gmu.edu/mason-honor-code/](https://oai.gmu.edu/mason-honor-code/)
- Refrain from dishonest work as it will receive a minimum penalty of zero on the assignment and a maximum penalty of a zero for the course with a report to the Honor committee. The GMU Honor Code requires that faculty submit any suspected Honor Code violations to the Office of Academic Integrity. Therefore, any suspected offense will be submitted for adjudication.

**Need Help?**

Utilize the “Course Q&A” discussion forum or email your instructor directly.

**Professional Dispositions**

Kinesiology students are expected to behave in a professional manner. Depending upon the setting professionalism may appear different, but typically consists of similar components. For undergraduate Kinesiology students, professionalism generally comprises the following components:

**Communication** – When communicating with the instructor and classmates, either face-to-face or via the assigned George Mason University email address, students should address the other person appropriately, use appropriate language and maintain a pleasant demeanor.

**Participation** – Participate in class discussions and activities. Demonstrate that you have an interest in the subject matter.

**Responsibility/Accountability** – Professionals take responsibility for their actions and are accountable. This can occur at multiple levels but generally consists of completing assignments on time, submitting work that is of the appropriate quality, honoring commitments and owning up to
mistakes.

**Honesty/Integrity** – Students are expected to be honest with the instructor, classmates and themselves. Professionals keep their word when committing to something and act in an ethical manner.

**Self-Improvement/Self-awareness** – One should be aware of their strengths/weaknesses and constantly seek to improve. Professionals regularly seek out opportunities to increase their knowledge and improve their current skill set.

**Class Schedule**

Expect to work 15-20 hours per week on assignments for this course.

Unless otherwise stated, all assignments are due by the end of the week in which they are assigned. For the purposes of this course, a week is defined as **beginning at 12:01 am each Monday EST**, and **ending at 11:59 pm on the following Sunday EST**.

To help you manage your schedule and time to complete the assignments in this course, please follow the recommended timeline below. If you have a question or concern or encounter a problem about an assignment, please contact me immediately so we can discuss and work out a resolution.
