**Prerequisites/Corequisites**

(None)

**University Catalog Course Description**

Focuses on individual health improvement by studying mental/emotional well-being, fitness, nutrition, drug abuse prevention, consumerism, safety and other topics.

**Course Overview**

Through a variety of learning activities, students will be expected to master content in 10 basic topics of personal health. They will also be expected to apply strategies for change to improve personal health.

**Course Delivery Method**

This course will be delivered online using an **asynchronous** (not “real time”) format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before “@masonlive.gmu.edu) and email password. The course site will be available on Oct. 19<sup>th</sup>, 12:01a. There will also be synchronous learning activities through Bb Collaborate (by appointment).

**Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.**

*Technical Requirements*

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see:

[https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#supported-browsers](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see:

- [https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#tested-devices-and-operating-systems](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)).
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: <http://get.adobe.com/reader/>
  - Windows Media Player: <http://windows.microsoft.com/en-US/windows/downloads/windows-media-player>
  - Apple QuickTime Player: [www.apple.com/quicktime/download/](http://www.apple.com/quicktime/download/)

#### *Expectations*

- **Course Week:** Because asynchronous courses do not have a "fixed" meeting day, our week will start on Mon, and finish on Sun. Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- **Log-in Frequency:** Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 2 times per week.
- **Participation:** Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:** Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:** Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due. **Late work is only accepted on an individual basis with professor approval.** All late work without prior notification and permission will be graded as zero.
- **Instructor Support:** Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- **Accommodations:** Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

**Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

1. Recognize specific aspects and determinants of personal health;
2. Demonstrate knowledge in ten basic health areas:
  - a. Mental/emotional well-being;
  - b. Fitness;
  - c. Nutrition/weight management;

**Professional Standards:** Not applicable

**Required Texts**

Hales, D. (2020). *An invitation to health* (19th ed.). Belmont, CA: Wadsworth Cengage Learning. ISBN 978-0-357-13679-9. Additional course material at Blackboard: <https://mymasonportal.gmu.edu>

**Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

<b>Requirements</b>	<b>Possible Points</b>
<u>Tests</u> Test 01 (covers chapters 1-7) Test 02 (covers chapters 8-14) Test 03 (covers chapters 15-20) Each Blackboard online exam is composed of 50 multiple-choice questions. The tests are based on the content of the text as organized and presented in PowerPoint lectures. To best prepare for the tests, students should use their textbook-based notes as well as PowerPoint lecture slides. Multiple-choice items will measure students' abilities to identify/recall, differentiate, apply and analyze subject material.	<b>150 points</b>

<u>Short Essay Quizzes</u> There will be 6 short essay quizzes based on the content of the text as organized and presented in PowerPoint lectures. Each short essay quiz will be graded 0-10 points with a total of 60 possible points that will be factored directly into the overall grade. The short essay questions will measure students' abilities to apply and analyze subject material.	<b>60 points</b>
<u>Discussion Forums</u> Each student is expected to post a comment in 6 different discussion forums and in each forum he/she has to reply to another student's posting. Each discussion forum will be based on a self-assessment completed by the student and then discussed at the forum. Each posting with reply is worth 10 points for a total of 60 points which will be factored directly into the overall grade. The discussion forums will represent affective learning experiences.	<b>60 points</b>
<u>Behavior Change Project</u> A Behavior Change Project will be completed by each student according to guidelines posted on Blackboard. The project will be implemented in three parts, 40 points each, totaling 120 possible points. Students will begin the project from the start of the class and submit the final portion as the class concludes. The student will submit personal health plan reports at start, mid-point, and end points of the course.	<b>120 points</b>
<b>TOTAL 390 points</b>
