Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

Assignments and/or Examinations

Students will complete Assignments and Video Assignments. The class schedule below shows the due dates of each unit. Students will check **Blackboard** for more details about the assignments.

Vocabulary and Lessons: Students will watch and learn the new vocabulary and watch lessons assigned on a weekly basis. Both the vocabulary and lessons will help students prepare for the quizzes and tests.

Assignments: Students will complete assignments via Kaltura. Students will be able to be able to skip back and forth through the video and change your answers before you submit the assignment. Students must click SUBMIT on Kaltura for credit.

Video Assignments: Students will create video assignments on GoReact. The student's ASL production will be evaluated using rubrics. Signs should be clear and formed correctly, signed in a fluent manner and accompanied by appropriate facial grammar and spatial references, eye gazes, topicalization, appropriate pauses for both individual signs and ASL sentences.

Note: Feedback via markers will be provided for weekly video assignments. Instructor feedback will be provided for the unit tests. Rubrics are posted in GoReact.

Note: Plagiarism is defined as using another individual's ideas or words without attribution or credit. It also includes using one's own prior work that has been submitted for credit or published in another venue as a new submission without citation. Using the ideas of others without proper attribution or citation is unethical and a violation of the Honor Code. Subcategories of plagiarism include:

Self-plagiarism: Intentionally or unintentionally using portions of one's old work for new assignments without attribution

Students are responsible for ensuring the work they are submitting is their own work. This includes checking to make sure that any information that was not their own creation is properly attributed to the original source, as well as working within the guidelines provided by the professor of the class regarding submitted work.

If a student submits a plagiarized video, copying another student's video or a video online, the university policy will be followed:
<https://catalog.gmu.edu/policies/honor-code-system/>. Will result in a **zero** on the assignment.

Note: The textbook was developed in California. There will be a few signs that are used by Deaf Californians but are signed differently in the DC Metro area. Similar to the English language, there are differences due to dialects and accents. In ASL, the differences are due to regional signs or sign variations. If an ASL sign is used differently in DC, the sign will be shown it on the Vocabulary and Lessons videos.

Editing ASL videos: Students are required to edit their ASL videos.

1. Ensure the computer or tablet is on a firm surface (a desk or table). Do NOT have the computer on student’s lap, a bed, or any other surface where the device (or you) are likely to move.
2. Make sure the video is centered and visible where the instructor can see the top of the student’s head and the bottom of the student’s chest area as shown below.

3. If students use their phone, follow the format below:

4. Make sure that the background is clean (one-colored wall) and free of “visual noise” (books, DVD’s, TV running, kitchen items, dog appearing, etc.).
5. The color of the student’s shirt should contrast their skin tone. Avoid red, yellow, and orange shades. If students have tattoos on their arms, they should wear long-sleeved shirts. Tank tops and string shirts are not allowed.
****Assignments** – Shirts must meet the above requirements.
****Tests** – Solid-colored shirts free of logos are required in addition to the above requirements.
6. Remove hats and excessive jewelry. Wedding rings and small earrings are ok.
7. If students are sitting, do not swivel.
8. Late video assignments.

Note: Any video assignments that does not meet the any of the above criteria will result in a **deduction** for the assignment as shown on the rubric. Submit your videos following the above criteria to avoid a deduction.

Deaf Literature Reflection Paper

Students will write two reflection papers on Deaf literature which can include books, poetry, articles, stories, essays, videos, plays, and De’VIA that reflect a Deaf culture and experience. Students need to choose two works of Deaf literature to write their reactions to their reading or observation of Deaf literature materials of their choosing.

De’VIA is an abbreviation for Deaf View/Image Art which is an art movement formed by Deaf artists to express their Deaf experience. You can find plenty of De’VIA art on the internet. If you choose to write a reflection paper on De’VIA, email me first for approval so that I can make sure it meets the criteria for De’VIA.

A reflection paper is not a “book” report where you summarize what you read. It’s about understanding and knowledge that you got from your reading and if it influenced your feelings, thoughts and beliefs on the topic. Your reflection papers should be 300-700 words long, size 12 font, and double-spaced. The website link and citations must be included in the paper. **Plagiarism is not allowed.** Your reflection papers should consist of:

A. Introduction

1. The name of the author/artist and the date of the work
2. What is the theme of the work?
3. What issue did the author/artist bring up?
4. What’s the author/artist’s key point?
5. What is the Deaf experience or culture portrayed in the work?
6. What’s the author/artist’s opinion on the topic
7. What were your expectations based on the title before reading?

B. Body Paragraph (one)

1. What are your feelings and reactions during your reading?
2. What grabs your attention?
3. How does this compare to what you have experienced or seen? Or how does it differ from your experience(s)?
4. What understanding or knowledge did you gain from your reading?
5. Provide details and your reactions and feelings.
6. What is your observation or interpretation of the work?

C. Conclusion-

1. After the reading, have you changed your way of thinking on the topic? Does it conflict with your previous beliefs and assumptions?
2. Have your conclusions you had before reading changed?

3. Will what you have read change your actions in the future?

If a student submits a plagiarized paper, the university policy will be followed: <https://catalog.gmu.edu/policies/honor-code-system/>. Will result in a **zero** on the assignment.
