

**College of Education and Human Development
Division of Special Education and disAbility Research**

Spring 2021

EDSE 503: Language Development and Reading

Section DL1; CRN: 23132

Section 6V1; CRN: 24745

3 – Credits

Instructor: Dr. Meghan Betz	Meeting Dates: 1/25/21 – 5/10/21
Phone: (571) 814-0557 (Cell)	Meeting Day(s): Thursday
E-Mail: mbetz1@gmu.edu	Meeting Time(s): 6 pm – 7 pm <i>and</i> weekly asynchronous assignments
Office Hours: Thurs. 5:45-6:00 & 7:00-7:15 By appointment	Meeting Location: Blackboard Collaborate Ultra (Online)
Office Location: Zoom	

Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s):

None

Co-requisite(s):

None

Course Description

Identifies literacy skills for typical and atypical students, and describes reading, language, and writing instruction for students with mild disabilities who access the general curriculum.

Explores emergent literacy skills, phonemic awareness, vocabulary development, and comprehension. Note: Field experience required.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or speced@gmu.edu for assistance. All

other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

Advising Tip

Do you know what tests are needed for your program? Tests should be taken as early as possible since most scores must be on file when students apply for internship. Check your program plan or talk with your advisor.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using synchronous and asynchronous formats via the Blackboard Learning Management system (LMS) housed in the MyMason portal.

You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on Thursday, January 28, 2021.

How Our Class Runs

Each week, you will log into Blackboard to:*

1. Complete any online practice/application activities for the week that are assigned in Blackboard. *Nothing is due the first night!*
2. Read the assigned chapters on the upcoming topic & complete a reading comprehension check
3. View a recorded lecture & complete questions that are embedded within the video

On class night, we will:

- Meet **SYNCHRONOUSLY ONLINE** via **Blackboard Collaborate Ultra** from 6PM - 7PM.
- We will be:
 - Reviewing highlights from the video lectures
 - Answering any questions about the lectures and readings

- Applying what you've learned in the lectures and readings during class activities

*You should plan to log in on Fridays, the day after class. This will allow you to see what's coming up to plan accordingly for the following week. You should plan for approximately 90 minutes of asynchronous instruction weekly.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Headphones with microphones are useful for the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader \(https://get.adobe.com/reader/\)](https://get.adobe.com/reader/)
 - [Windows Media Player \(https://support.microsoft.com/en-us/help/14209/get-windows-media-player\)](https://support.microsoft.com/en-us/help/14209/get-windows-media-player)
 - [Apple Quick Time Player \(www.apple.com/quicktime/download/\)](http://www.apple.com/quicktime/download/)

Expectations

- Course Week: Our week will run Friday to Thursday. Activities for the week will be available by 9 AM on Friday mornings and will be due at 6PM (unless otherwise noted) on the following Thursday (before class begins).

- Log-in Frequency: Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 2 times per week. In addition, students must log-in for all scheduled online synchronous meetings.
- Participation: Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence: Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues: Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload: **Please be aware that this course is not self-paced.** Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support: Students may (and are encouraged to!) schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- Netiquette: The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- Accommodations: Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Describe emergent literacy skills, including concepts about print, phonemic awareness, phonics, syntactical forms of language, vocabulary, and pragmatics.

2. Describe how stages of language development for typical students and students with learning disabilities, emotional disturbance, and mild intellectual disabilities (high-incidence disabilities) impact reading and writing development of these students.
3. Describe the rules (e.g., spelling patterns, syllables, morphemes) of language, the forms (e.g., syntax, writing, speaking, listening, spelling) of language, and the functions (e.g., pragmatics, semantics) of language and its relationship to reading comprehension.
4. Identify distinctions between language delay/disorders of students with high-incidence disabilities and language differences of students with cultural and linguistic backgrounds.
5. Describe the five components of reading identified by the National Reading Panel (phonemic awareness, phonics, vocabulary, fluency, comprehension), and evidence-based practices for the specialized reading and writing instruction delivered to students with high-incidence disabilities.
6. Describe diagnostic decision making based on assessments (e.g., informal reading inventories, running records, and curriculum-based assessments) which monitor the ongoing progress of students, and the design and delivery of a balanced approach for students' specialized reading and writing instruction.
7. Describe evidence-based practices to effectively differentiate literacy instruction for elementary and secondary students with and without high-incidence disabilities.

Professional Standards

(Council for Exceptional Children (CEC), Interstate Teacher Assessment and Support Consortium (InTASC). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 3: Curricular Content Knowledge (InTASC 4,5); CEC Standard 4: Assessment (InTASC 6) & CEC Standard 5: Instructional planning and strategies (InTASC 7,8).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to the five essential elements of reading, language, and informal literacy assessments. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Texts

Berkeley, S. & Ray, S., (2019). Reading Fundamentals for Students with Learning Difficulties: Instruction for Diverse K-12 Classrooms (1st Ed.). Routledge. ISBN 9780815352914

Fox (2016). Phonics & Word Study for the Teacher of Reading (11th Ed.). Pearson. ISBN 9780132838092

Recommended Texts

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000>

Required Resources & Additional Readings

Any additional resources or readings will be posted on Blackboard.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 503, the required PBA is Informal Reading Assessment & Educational Assessment Report Assignment. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

- **Informal Reading Inventory**
 - Guidelines, materials, and course grading rubric will be posted on Blackboard
 - CAEP Rubric attached

College Wide Common Assessment (VIA submission required)

- N/A

Field Experience Requirement

A field experience is a part of this course. A field experience includes a variety of early and ongoing field-based opportunities in which candidates may observe,

assist, and/or tutor. Field experiences may occur in off-campus settings, such as schools (CAEP, 2016).

Students must be able to perform the essential functions of the practicum site assigned with or without an accommodation. Contact Disability Services (ods@gmu.edu) for questions related to accommodations.

*Please note that due to barriers with accessing field experience placements in Spring 2021 as a result of COVID-19, there will be changes to the field experience process in this course. Students will be notified by their instructors with field experience options in their course. If the instructor allows field experiences to be completed on-the-job for students working in schools, you must have administrator approval and access to all field experience-related tasks and requirements. Please note that if you are not completing your field experience on-the-job or if your worksite does not meet the necessary requirements, you will use an alternative option provided by your instructor; you may NOT arrange your own field experience placement (i.e., do NOT reach out to teachers or administrators on your own). Check your Mason email regularly for important information regarding your field experience.

Performance-based Common Assignments (No VIA submission required)

- **Completion of phonics workbook (Author: Fox)**
In order to effectively teach reading and language, teachers must be proficient in phonics. You will need to independently complete the Fox phonics self-study text. You are expected to complete each of the self-paced exercises in the text. Write in the text and make notes/highlights for yourself. You will turn in a short video of you flipping through your completed workbook on the due date. Full credit is earned when evidence of completion of all assigned parts is submitted on time. No partial credit will be given.
- **503 Final Exam**
The final exams will include multiple-choice and short-essay questions that cover assigned readings and class lectures. The format of the exam will be modeled off of the Reading for Virginia Educators (RVE) test that is required by the state of Virginia for licensure. Study guide and practice items can be found at: <http://www.ets.org/s/praxis/pdf/5306.pdf>
- **Mid-Term Exam**
The midterm exam will include multiple-choice and application items that cover the content of the Fox phonics self-study. It will be administered via Blackboard.

Other Assignments

- **Infographic**
For this assignment, you will create an infographic. Exemplars and a rubric will be provided on Blackboard. You may choose another format if you prefer (e.g., essay, blog, PowerPoint, etc.) You will identify the 5 major components of effective reading instruction, identify examples of difficulty in each area, and two ideas to target those needs.
- **Weekly Asynchronous Learning Activities**
Students will log into Blackboard to complete weekly learning activities. These will include textbook comprehension checks, viewing checks of asynchronous mini lectures, and activities in which students will apply the content they are learning.

Course Policies and Expectations

Attendance/Participation

Students are expected to attend weekly only synchronous sessions. Given that there are always extenuating circumstances, students may miss ONE live session without penalty. Students are expected to participate via video/audio. There is a call-in number for technological “emergencies,” but this is a last resort.

Students are expected to actively engage in all asynchronous course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

Please note that while only certain learning elements are assessed through “grades”, the instructor can still assess student involvement and engagement using other measures. Blackboard enables the instructor to view such data as login dates, duration of time spent online, access to specific content elements, and more. The instructor will use this data along with course grades to ensure that students are actively engaged in the course. Students struggling to complete work on time or who appear to not be engaging fully with course content will be asked to conference with the instructor

Activities and Assignments	Points
Attendance and Participation in Live (Online) Sessions	15 (1 point per class)
Asynchronous Classwork	15 (1 point per week)
Fox Phonics Workbook Completion	10
IRI Report	30
Infographic	20
Midterm Exam	5
Final Exam	5
Total	100

Grading Scale

A = 95-100	B = 80-84
A - = 90-94	C = 70-79
B+ = 85-89	D = 69 or below

***Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures](https://cehd.gmu.edu/students/polices-procedures/) (<https://cehd.gmu.edu/students/polices-procedures/>). Students are expected to exhibit professional behaviors and dispositions at all times. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least two points in each student’s program – a self-evaluation at the start of their program, and a university supervisor’s evaluation during internship. In special education licensure programs, the self-evaluation is an online survey distributed via email upon program entry for graduate students and within initial courses (EDSE 241, EDSE 361, and EDSE 311) for undergraduate students. When dispositions are assessed, it is important that for areas where a positive disposition is ‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Week/ Date	Topic(s) Covered in Our Live Session	Berkey & Ray Chapters	Asynchronous Online Activities - 1.5 hours/week	Fox Phonics Workbook	Assignments Due
	<i>6-7 PM every Thursday</i>	<i>Read before Thursday’s meeting</i>	<i>Due BEFORE Thursday’s class</i>	<i>Evidence due by the Sunday after class by 11:59</i>

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services](https://ds.gmu.edu/) (<https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to either Tk20 or VIA should be directed to <https://cehd.gmu.edu/aero/assessments/>
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/) (<https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>).

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

- As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing the [Title IX Coordinator \(titleix@gmu.edu\)](mailto:titleix@gmu.edu).
- For information on student support resources on campus, see [Student Support Resources on Campus \(https://ctfe.gmu.edu/teaching/student-support-resources-on-campus\)](https://ctfe.gmu.edu/teaching/student-support-resources-on-campus).
- For additional information on the College of Education and Human Development, please visit our website [College of Education and Human Development \(http://cehd.gmu.edu/\)](http://cehd.gmu.edu/).
