

**College of Education and Human Development
Division of Special Education and disAbility Research**

Spring 2021

EDSE 544 658: Adapted Instructional Methods and Transition for Secondary Learners
CRN: 23521, 3 – Credits

Instructor: Dr. Katherine Bradley Black	Meeting Dates: 3/16/21 – 5/11/21
Phone: 703-244-7742	Meeting Day(s): Tuesday
E-Mail: kblack4@gmu.edu	Meeting Time(s): 4:30 pm – 9 pm
Office Hours: by appointment	Meeting Location: Online Virtual: March 23rd, April 13th, and April 27th
Office Location: n/a	Other Phone: n/a

Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s):

None

Co-requisite(s):

None

Course Description

Provides strategies for teaching functional academics and social/life skills, facilitating the transition to postsecondary environments. Focuses on all aspects of transition and alternative assessments for secondary learners with disabilities

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or speced@gmu.edu for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

Advising Tip

Are you completing a teacher licensure or non-licensure certificate program in addition to a Master's degree? Students can submit a Graduate Secondary Certificate Application (<http://registrar.gmu.edu/wp-content/uploads/GSCA.pdf>) to their advisor when they are ready to add a certificate. Talk to your advisor if you have any questions about the program/s you are completing.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using asynchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on March 12, 2021.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.

- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader](https://get.adobe.com/reader/) (<https://get.adobe.com/reader/>)
 - [Windows Media Player](https://support.microsoft.com/en-us/help/14209/get-windows-media-player) (<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>)
 - [Apple Quick Time Player](http://www.apple.com/quicktime/download/) (www.apple.com/quicktime/download/)

Expectations

- **Log-in Frequency:**
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least **one (1)** times per week. In addition, students must log-in for all scheduled online synchronous meetings. The dates when the class will meet online for synchronous learning are: March 23th, April 6th, and April 27th.
- **Participation:**
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Instructor Support:**
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Meetings will occur via Zoom. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- **Netiquette:**
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not

consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:
Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Identify, describe, and design alternate assessments for secondary learners with disabilities to demonstrate learning outcomes and postsecondary interests and aptitudes.
2. Demonstrate an understanding of evidence-based strategies for facilitating transition into the community, workplace, and postsecondary environments.
3. Demonstrate how to implement cognitive strategies in self-regulation, study skills, attention, memory, motivation, and self-determination.
4. Understand the principles of online learning and online instructional strategies and the application of skills to deliver online instruction.
5. Demonstrate proficiency in the use of educational technology for instruction.
6. Demonstrate knowledge of the federal and Virginia laws, Standards of Learning, and agencies that require and provide for transition, vocational, and rehabilitation services for students with disabilities at the secondary school level (middle & high school).
7. Identify the role and responsibilities of the Individual Education Plan (IEP) teams as they strive to incorporate transition requirements into the IEP and principles of person-centered planning.
8. Identify organizations, services, networks, and the variety of state and local agencies that maximize the interagency effort involved in the transition process for students with disabilities.

Professional Standards

(Council for Exceptional Children (CEC), Interstate Teacher Assessment and Support Consortium (InTASC). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 2: Learning environments (InTASC 3); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 4: Assessment (InTASC 6); CEC Standard 5: Instructional planning and strategies (InTASC 7,8) & CEC Standard 7: Collaboration (InTASC 10).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to self-determination, facilitating transitions, alternative assessments, and social skills. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher

candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

IRIS Center Modules (<https://iris.peabody.vanderbilt.edu/>)

- Evidence-Based Practices (Part 1): Identifying and Selecting Practice or Program
- Evidence-Based Practices (Part 2): Implementing a Practice or Program with Fidelity
- Evidence-Based Practices (Part 30): Evaluating Learner Outcomes with Fidelity

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 544, the required PBA is Transition Plan with Assistive Technology. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

ASSESSMENT 1: Transition Plan (40 pts)

The purpose of this assessment is to have candidates demonstrate knowledge of the individualized planning process required for the development of a transition plan for secondary students with exceptional learning needs who access the general curriculum. Candidates will demonstrate understanding of the components of the transition plan. Based upon case information provided, candidates will construct a transition plan that is legally sufficient and educationally appropriate for the described case study student. Candidates will use curricular resources and evidence-based practices to demonstrate their ability to plan appropriately for the student with mild to moderate exceptional learning needs.

Candidates also will also demonstrate an understanding of how these components come together to build a framework for the student's educational program by writing a narrative that includes:

1. Justification for their decisions within the transition plan,
2. Explanation of the assistive technology components required.

Using the information in the provided case study, candidates will write a transition plan that thoroughly and appropriately addresses the needs of the student in the case scenario and integrates at least one form of assistive technology.

Step One: Present Level of Performance

Using all documentation available, complete the PLOP Summary Sheet with information about the student that is relevant to each area. Provide specific evidence from the case study documentation to support your ideas.

Step Two: Transition Plan

Complete the Transition Plan. Provide specific evidence from the case study documentation to support your ideas.

Step Three: Rationale

Respond to the following questions in a narrative, which will accompany the PLOP Summary Sheet and Transition Plan.

- **Present Level of Performance**
 - Describe the educational and functional implications of the students' present level of performance.
- **Postsecondary Goals:**
 - Provide a rationale for each of the postsecondary goals you included. Support

- your rationale with evidence from the transition assessment data.
- Describe how these goals reflect the student’s interests and preferences.
- **Short-Term Objectives:**
 - Describe how these objectives relate to the postsecondary goals.
 - Describe how you will address generalization and maintenance of skills.
- **Recommended Experiences, Activities, & Opportunities (School-based and community):**
 - Provide a rationale for the experiences, activities and opportunities you selected. Support your rationale with evidence from the transition assessment data and your proposed transition plan.
 - Describe your plan to monitor student progress.
 - Describe your plan to promote student participation, leadership and self-advocacy in the transition planning process.
- **Recommended Services:**
 - Provide a rationale for each of the services you selected. Support your rationale with evidence from the transition assessment data and your proposed transition plan.
- **Assistive Technology or AAC Recommendation:**
 - Provide a rationale for your assistive technology/AAC selections. Support your rationale with evidence from the transition plan.
- **Action Plan:**
 - How does your proposed timeline provide opportunities for the student to demonstrate growth across time and move the student towards achieving his/her postsecondary goals?

**College Wide Common Assessment
(VIA submission required)
See Assessment 1**

Field Experience Requirement

A field experience is a part of this course. A field experience includes a variety of early and ongoing field-based opportunities in which candidates may observe, assist, and/or tutor. Field experiences may occur in off-campus settings, such as schools (CAEP, 2016).

Students must be able to perform the essential functions of the practicum site assigned with or without an accommodation. Contact Disability Services (ods@gmu.edu) for questions related to accommodations.

*Please note that due to barriers with accessing field experience placements in Spring 2021 as a result of COVID-19, there will be changes to the field experience process in this course. Students will be notified by their instructors with field experience options in their course. If the instructor

allows field experiences to be completed on-the-job for students working in schools, you must have administrator approval and access to all field experience-related tasks and requirements. Please note that if you are not completing your field experience on-the-job or if your worksite does not meet the necessary requirements, you will use an alternative option provided by your instructor; you may NOT arrange your own field experience placement (i.e., do NOT reach out to teachers or administrators on your own). Check your Mason email regularly for important information regarding your field experience.

Assessment 2: Interview with a Community Agency or School Resource (25 pts)

1. Complete a phone or video interview with a person from a transition resource either in the community or within the school system and describe the services available to youth with disabilities. You will need to make an appointment.

Your “lens” for this visit should be, *“What opportunities exist for youth with mild disabilities through this avenue during and/or after high school?”* Include copies of materials available at the center, agency, or office.

2. Write a paper, **6-8 pages double spaced**. Your write up **MUST** include a synthesis section that integrates the information from your site visit with professional literature on transition and career education. Your write-up should include:
 - services,
 - accommodations,
 - population(s) served,
 - description of the agency/office, and
 - the responses to the questions you asked the staff.

Acceptable options for this assignment include a school career center, interview with a school or county transition coordinator, One-Stop Center, vocational evaluation site, Virginia Department of Rehabilitation Services office, local Community Services Board, Job Placement/Training program, school-based transition coordinators, and other suggestions from your professor.

ASSIGNMENT 3: IRIS Module Paper (20 pts)

Complete the three IRIS Center modules on the topic of evidence-based practices and Transition Services for students with disabilities. (<https://iris.peabody.vanderbilt.edu/>)

- Evidence-Based Practices (Part 1): Identifying and Selecting Practice or Program
- Evidence-Based Practices (Part 2): Implementing a Practice or Program with Fidelity
- Evidence-Based Practices (Part 30): Evaluating Learner Outcomes with Fidelity

Write a paper, no longer than three pages, reflecting on what you learned about evidence-based practices and Transition Services and how what you learned impacts how you think about your teaching practices. Questions to consider may include:

- How does what you learned about evidence-based practices impact your capacity to address transition services for students with disabilities?

- Are you currently implementing evidence-based practices in your current day to day teaching practices?
- What changes can you make to your current practices to implement evidence-based practices?
- What structures are in place in your current school setting to support you implementing evidence-based practices?
- What structures are in place in your current setting would you consider barriers to implementing evidence-based practices?
- What else do you need to know/learn about evidence-based practices?
- What are your next steps in applying what you have learned in this course to your teaching practices?

ASSIGNMENT 4: Written Reflections (20 pts)

Students will be expected to write two (2) short reflection papers based on assigned reading throughout the course. The reflection prompts and expectations for the content of each reflection will be posted on Blackboard. The reflection papers will be due as specified in the class schedule below.

ASSIGNMENTS AND POINTS

Assignment/Expectation	Total Points	Due Date
1. Transition Plan with AT	40	5.12.2021
2. Site Interview	25	4.21.2021
3. IRIS Module Journal	20	4.06.2021
4. Reflection Journal (x2)	20 (10x2)	3.24.2021 4.28.2021
5. Attendance & Participation	10	Throughout
Total Points	115	

Course Policies and Expectations

Attendance/Participation

Attendance/Participation Students are expected to (a) attend all classes during the course, (b) arrive on time, (c) stay for the duration of the class time and (d) complete all assignments. Attendance, timeliness, and professionally relevant, active participation are expected. Attendance and professional participation at all sessions is very important because all of the activities in class are planned in such a way that they cannot necessarily be recreated outside of the class session. More than one absence for any reason will result in the final grade dropping by 5 points.

Late Work

Late Work All assignments must be submitted on or before the assigned due date. In fairness to students who make the effort to submit work on time, 5% of the total assignment points will be deducted each day from your grade for late assignments.

Grading Scale

95-100% = A
90-94% = A-
80-89% = B
70-79% = C
< 70% = F

***Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures](https://cehd.gmu.edu/students/policies-procedures/) (<https://cehd.gmu.edu/students/policies-procedures/>). Students are expected to exhibit professional behaviors and dispositions at all times. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least two points in each student’s program – a self-evaluation at the start of their program, and a university supervisor’s evaluation during internship. In special education licensure programs, the self-evaluation is an online survey distributed via email upon program entry for graduate students and within initial courses (EDSE 241, EDSE 361, and EDSE 311) for undergraduate students. When dispositions are assessed, it is important that for areas where a positive disposition is ‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

Class Schedule

***Note:** Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services](https://ds.gmu.edu/) (<https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to either Tk20 or VIA should be directed to <https://cehd.gmu.edu/aero/assessments/>
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/) (<https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>).

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

- As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing the [Title IX Coordinator](mailto:titleix@gmu.edu) (titleix@gmu.edu).
- **For information on student support resources on campus, see [Student Support Resources on Campus](https://ctfe.gmu.edu/teaching/student-support-resources-on-campus/) (<https://ctfe.gmu.edu/teaching/student-support-resources-on-campus/>).**

- For additional information on the College of Education and Human Development, please visit our website [College of Education and Human Development](http://cehd.gmu.edu/) (<http://cehd.gmu.edu/>).
