Course Delivery Method

Online

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers) (https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems) (https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.

- The following software plug-ins for PCs and Macs, respectively, are available for free download:

 - [Apple Quick Time Player](http://www.apple.com/quicktime/download/) (www.apple.com/quicktime/download/)

Expectations

- **Course Week:**
Because asynchronous courses do not have a “fixed” meeting day, our week will start on Monday and finish on Sunday. Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- **Log-in Frequency:**
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least two times per week. In addition, students must log-in for all scheduled online synchronous meetings
- **Participation:**
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Instructor Support:**
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- **Netiquette:**
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must

always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:
Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

There will be three expressive tests during the semester. Students will be assessed on their ability to express themselves in ASL. Students will prepare a video (outside of class) using the vocabulary and grammatical structures learned during the course (based on the units and lessons in class) to express a narrative based on a prompt provided by instructor.

Test 1: Your Autobiography, page 90 will be used as a guide. Students will create a video signing their autobiography.

Test 2: Your Narrative, page 149 will be used as a guide. Students will create a signed video narrative.

Students will prepare a video (outside of class) using the vocabulary and grammatical structures learned throughout the semester (based on the units and lessons in class) to express a narrative. The video should be approximately 3-5 minutes. The presentation must be cohesive and make sense (it does not have to be true). Course Policies and Expectations

Attendance/Participation

Students are expected to attend each scheduled class on time. Meeting dates are shown on the class schedule.

Students will be allowed one (1) absence without penalty. Each absence thereafter will result in a 10% deduction from the total grade as shown: First Absence – no penalty. Second Absence or more – 10% deduction of the final grade.

Two (2) late arrivals will be equivalent to one (1) absence which will be applied to the policy stated above.

Late Work

See schedule for due dates. Due dates are posted on the syllabus. All submissions are time-stamped in Bb and GoReact. Late submissions will receive a 10%-point deduction for each late day. **No exceptions.**

Other Requirements

Use of devices during class meetings is strictly prohibited (mobile phones, tablets, laptops, iPads, game systems, etc.). This includes earbuds.

Partners

Students will be assigned a partner(s) for the semester. Working with partners is essential to applying knowledge, skills, and abilities learned throughout the course. Practicing with others enables students to develop productive ways of interacting and communicating with each other. Students are expected to work with their assigned partner on a weekly basis outside of class sessions.

Instructor-Student Communication

Expect email replies within 24 hours. Before sending an email, please check the following (available on your Blackboard course menu) unless the email is of a personal nature:

1. Syllabus
2. Ask the Class Discussion Board (Blackboard)
3. GoReact Video Discussion Board
4. On-demand Blackboard videos on how to use Blackboard features, and Technical Requirements, or GoReact tutorials.

No Voice Policy

Our class has a NO VOICE policy. This class is always signing environment for two reasons: (1) It is not considered inclusive to talk in the presence of a Deaf person and not attempt to make the information accessible. It is imperative that students develop the habit of signing when Deaf people are present. (2) This is an immersion class. Using ASL helps students develop their comprehension skills and their expressive skills quickly and effectively. Talking disrupts this process. If a fellow student asks for help, feel free to help by using signs previously learned or by writing back and forth. Some exceptions for voice-on will apply and will be explicitly announced. Zoom Chat is an acceptable last resort that can be used for communication. ***If voicing becomes a persistent problem, students will be asked to leave the class meeting and it will count as an absence for the day. ***

Video Submission Requirements **PLEASE READ**

Any video assignment that does not meet the below criteria will result in a 10% deduction for *each* item below that is not followed.

1. Students must be in the center of the video where their entire signing space (i.e., the top of student's head and the bottom of the student's chest area, see image below) can be seen.
2. Background must be clean (solid colored wall) and free of "visual noise" (books, DVD's, TV running, kitchen items, dog appearing, etc.).
3. Wear only solid-colored shirts and free of logos. Shirt color should contrast skin tone.
4. Large distracting tattoos should be covered; wear long-sleeved shirts.
5. Remove hats and excessive jewelry. Wedding rings and small earrings are acceptable.
6. If sitting, do not swivel or rock.
7. Beds are not appropriate places to create videos.
8. All videos must be submitted in one continuous file.

9. Review videos before submitting. Each video must be good visual quality (free of static and choppiness).

A signer's sign space: the top of the head to the waist level.
