George Mason University College of Education and Human Development Early Childhood Education

ECED 790.001 Internship with Diverse Preschool Children 3 Credits, Fall 2021 8/23/2021–10/17/2021 On-Site Location

Faculty

Name: Bweikia Steen, EdD Office Hours: By appointment

Office Location: Thompson Hall 1101, Fairfax Campus

Office Phone: (703) 993-5321 Email Address: <u>bsteen2@gmu.edu</u>

Prerequisites/Corequisites

ECED 401 or 501 and ECED 403 or 503 and Admission to the Early Childhood Education Prekindergarten – Third Grade (Licensure) Graduate Certificate Program. All endorsement and standardized test requirements (Praxis Core Academics Skills for Educators or qualifying substitution, Praxis II, and Virginia Communication and Literacy Assessment) must be met the semester prior to the internship.

University Catalog Course Description

Enables students to participate full time in an internship with diverse preschool children. Links university course work to real world of working with diverse young learners and their families.

Course Overview

This course provides teacher candidates with the opportunity to synthesize their learning across coursework and field experiences and apply this content and pedagogical knowledge in a classroom setting with culturally, linguistically, ability, and socioeconomically diverse young children and their families. In doing so, candidates develop comprehensive understandings of the complexities of teaching young children, working with families, and collaborating with other professionals. As candidates integrate the knowledge, strategies, and skills developed across their coursework, they demonstrate they have met the Virginia Professional Studies Competencies, the Virginia Early/Primary Education Prekindergarten – Third Grade Competencies, the Interstate Teacher Assessment and Support Consortium (INTASC) Standards, and the National Association for the Education of Young Children (NAEYC) Professional Standards and Competencies. In addition, the internship provides opportunities for candidates to be reflective practitioners. As candidates work with diverse young children, families, and other professionals, they apply content and pedagogical knowledge, assess the effectiveness of their teaching strategies and approaches, and reflect critically on ways to enhance their practice.

Candidates will engage in 6 credits (ECED 790 and ECED 795) of internship that include a total of 15 weeks of successful full-time student teaching under the supervision of a university supervisor (US) or mentor teacher (MT) with demonstrated effectiveness in the classroom. This

summative supervised student teaching experience for candidates seeking Early/Primary Education Prekindergarten – Third Grade (EPK3) licensure will take place in EPK3 settings with an MT who is endorsed in EPK3. This summative supervised student teaching experience will include at least 150 clock hours spent in direct teaching at the level of endorsement in a public or accredited nonpublic school.

Course Delivery Method

This course will be delivered using a student teaching format and Blackboard (Bb).

Learner Outcomes or Objectives

This course is designed to enable candidates to do the following:

- Create a supportive, healthy, challenging, and respectful environment for learning for diverse
 young children that includes the application of effective classroom management techniques,
 guiding and supporting positive behavior, classroom community building, and individual
 instruction and interactions that promote emotional well-being and teach and maintain
 behavioral conduct and skills consistent with norms, standards, and rules of the educational
 environment.
- 2. Apply knowledge of human growth and development and the interaction of individual differences to guide learning experiences and relate meaningfully to students and families.
- 3. Use a variety of evidence-based, developmentally appropriate teaching and learning approaches to support young children's development and learning.
- 4. Design, implement, and evaluate developmentally meaningful and challenging curriculum for each child that builds classroom community and includes individual interventions that promote emotional well-being.
- 5. Plan, implement, and evaluate culturally responsive, developmentally appropriate, evidence-based instruction that promotes the development and achievement of culturally, linguistically, socioeconomically, and ability diverse young learners.
- 6. Assess diverse young learners, analyze data, use analysis to plan instruction, evaluate the effectiveness of instruction, and reflect on future instruction and interactions to promote positive outcomes for each child.
- 7. Use technology to support instruction, assessment, planning, and delivery for diverse young learners.
- 8. Collaborate with individuals, teams, and families to promote children's development and learning.
- 9. Engage in reflective practice.
- 10. Exhibit standards of professionalism, ethical standards, and personal integrity with children, families, the mentor teacher, the university supervisor, and professionals in the student teaching setting.
- 11. Use writing as an instructional and assessment tool to generate, gather, plan, organize, and to communicate for a variety of purposes; integrate correct written conventions (i.e., grammar, usage, mechanics, and spelling); and format using current APA style.

Professional Standards – Interstate Teacher Assessment and Support Consortium (InTASC) Standards, National Association for the Education of Young Children (NAEYC) Professional Standards and Competencies, Virginia Professional Studies Competencies, and Virginia Early/Primary Education PreK-3 Endorsement Competencies

Upon completion of this course, students will have met the following professional standards:

INTASC Standards

Construct 1: Learner and Learning

- INTASC 1 Learner Development
- INTASC 2 Learner Differences
- INTASC 3 Learning Environment

Construct 2: Content

- INTASC 4 Content Knowledge
- INTASC 5 Innovative Applications of Content Knowledge

Construct 3: Instructional Practices

- INTASC 6 Assessment
- INTASC 7 Planning for Instruction
- INTASC 8 Instructional Strategies

Construct 4: Professional Responsibility

- INTASC 9 Professional
- INTASC 10 Leadership and Collaboration

NAEYC Professional Standards and Competencies

NAEYC 1 Child Development and Learning in Context

NAEYC 2 Family-Teacher Partnerships and Community Connections

NAEYC 3 Child Observation, Documentation, and Assessment

NAEYC 4 Developmentally, Culturally, and Linguistically Appropriate Teaching Practices

NAEYC 5 Knowledge, Application, and Integration of Academic Content in Early Childhood Curriculum

NAEYC 6 Professionalism as an Early Childhood Educator

Virginia Professional Studies Competencies

Curriculum and Instruction

Supervised Clinical Experiences

Virginia Early/Primary Education PreK-3 Endorsement Competencies

Methods

Required Texts

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). Author. ISBN: 9781433832178

Course Performance Evaluation

Candidates are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

• Assignments and/or Examinations

Weekly Planning Overview and Daily Plans

- Weekly Planning Overview Candidates will develop a weekly planning overview using the weekly planning overview template or a format approved by the US and MT. They will submit the weekly planning overview to the MT and upload it to Blackboard (Bb) prior to the beginning of the week. The first week of internship, candidates will upload their classroom weekly schedule. Subsequent weeks will include the schedule, topics, and activities specific to the week.
- Daily Lesson Plans Candidates will develop daily lesson plans using the lesson plan template or a format approved by the US and MT. Candidates will use guidance and feedback from the MT to develop and revise the plans. They will submit these plans to the MT prior to teaching the lessons. Candidates will gradually take on more responsibility for lesson planning throughout the internship and will take full responsibility during the designated weeks of full-time teaching responsibilities. Candidates will maintain electronic documentation of the lesson plans and will make the plans available to the US upon request.

Weekly Progress Reports and Reflections

Candidates will complete weekly progress reports and reflections to reflect on their progress and consider their next steps. After completing the first part of the form, they will submit it to their MT who will complete the second part of the form. Candidates will reflect on the MT's comments, complete the third part of the form, and submit it to their US through Bb.

Video-Recording

Candidates will video-record at least one lesson each week over the course of the internship in order to reflect on effective instructional strategies.

VDOE Modules (five modules and cummulative quiz) – Understanding the Regulations Governing the Use of Restraint and Seclusion in Elementary and Secondary Schools in Virginia

Candidates will complete the five modules and cummulative quiz required by VDOE (see link below) and submit the completion certificate to Blackboard. https://cieesodu.org/initiatives/restraint-and-seclusion/

Log of Hours and Summary of Internship Placement

Candidates will complete the Log of Hours and the Summary of Internship Placement. They will submit them to their MT at the conclusion of the internship for a signature and then to the US for a signature. They will upload the signed Log of Hours and Summary of Internship Placement to Bb.

Lesson Planning Assessment (This is a performance-based assessment that provides evidence of candidates meeting the INTASC, NAEYC, and Virginia Department of Education standards and competencies.)

The Lesson Planning Assessment is attached below. Candidates will complete the required assessment and submit it to Bb and VIA.

Observation of Performance Reports

The MT will complete at least two formal observations of the intern's performance. The MT will use the formal observation of performance template. Each Observation of Performance Report will be shared with the US upon completion. The intern will upload the two formal MT Observation of Performance Reports to Bb.

The US will complete at least two formal observations of the intern's performance. The US will use the formal observation of performance template. The intern will upload the two formal US Observation of Performance Reports to Bb.

Internship and Dispositions Midpoint and Final Evaluations

Candidates will engage in direct teaching that includes responsibility for planning, instruction, assessment, and student supervision. Candidates will engage in direct teaching that involves using their knowledge of curriculum, children's development, and formative and summative assessment to develop, implement, and evaluate effective curriculum and instruction that respects the diversity of young children and their families. They will differentiate instruction, provide feedback, monitor children's progress, and guide children's behavior to promote quality learning for children with varied abilities and cultural, linguistic, and socioeconomic backgrounds. Candidates will display professional dispositions in their work with children, families, and other professionals.

The internship evaluation assesses candidates' performance at two points during the internship, midpoint and final. The evaluation is intended to engage the triad in a reflective conversation about early childhood educators' competencies and responsibilities. The evaluation is designed to illuminate candidates' strengths and areas of professional growth.

For each evaluation, the candidate, MT, and US will complete the Internship Evaluation and the Assessment of Dispositions independently prior to engaging in a reflective conversation. During the meeting, the US will facilitate a discussion of the candidate's progress, including strengths and areas of professional growth, and will complete the Internship Evaluation and the Assessment of Dispositions with input from the MT and the candidate. The candidate will upload the completed evaluation form to Bb at the midpoint and at the conclusion of the internship. The candidate will also upload the Final Internship Evaluation to VIA.

• Other Requirements

Written Assignments

All formal written assignments will be evaluated for content <u>and</u> presentation. The American Psychological Association, Seventh Edition (APA) style will be followed for all written work. If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Students may consult the Writing Center for additional writing support.

Candidates will do the following:

1. Present ideas in a clear, concise, and organized manner. (Avoid wordiness and redundancy.)

- 2. Develop points coherently, definitively, and thoroughly.
- 3. Refer to appropriate authorities, studies, and examples to document where appropriate. (Avoid meaningless generalizations, unwarranted assumptions, and unsupported opinions.)
- 4. Use correct capitalization, punctuation, spelling, and grammar.
- 5. Type the paper with double spacing, indented paragraphs, 1-inch margins all around, and 12-point Times New Roman font.

VDOE Required Modules for Teacher Licensure

To apply for licensure candidates must submit their certificates of completion for the following VDOE modules with their licensure application:

- Dyslexia Module/Training: http://www.doe.virginia.gov/teaching/licensure/dyslexia-module/story.html (completed in ECED 402 or ECED 502)
- Child Abuse and Neglect Recognition and Training Module: https://www.dss.virginia.gov/family/cps/mandated_reporters/cwse5691/story_html5.html
 (completed in ECED 404 or ECED 404)
- Regulations Governing Restraint and Seclusion Modules: https://www.odu.edu/eps/programs/ciees/initiatives/restraint-and-seclusion.html (to be completed during internship)

Uploaded Documents

Candidates will upload the following to Blackboard:

- Weekly Planning Overview
- Weekly Video Clips of Teaching
- Weekly Progress Report and Reflection
- VDOE Restraint and Seclusion Modules
- Lesson Planning Assessment
- Formal Observations of Performance Reports completed by the MT and US
- Midpoint Internship Evaluation
- Midpoint Assessment of Dispositions
- Final Internship Evaluation
- Final Assessment of Dispositions
- Signed Log of Hours
- Summary of Internship Placement

Candidates will complete the following Qualtrics survey in Bb:

• Final Self-Assessment of Dispositions

Candidates will upload the following to VIA:

- Lesson Planning Assessment
- Final Internship Evaluation

• Grading

The School of Education (SOED) has approved the following grading policy for ECED internships:

- The grading scale will be S (Satisfactory), NC (No Credit), or IP (In Progress) in accordance with Mason policy for internships.
- Degrees of Satisfactory performance by a candidate in Early Childhood Education will be documented on the Teacher Candidate Assessment by the MT and US.
- The US shall determine the grade after consultation with MT. The US may also consult with the Early Childhood Education Internship Coordinator, especially when the candidate may receive a No Credit or an In Progress grade.
- Candidates who receive a No Credit grade will not be recommended for teacher licensure unless they repeat all or part of the internship with satisfactory performance. This may require re-enrolling and paying tuition for additional credit hours in a subsequent semester or paying a fee for extended supervision.
- Candidates whose performance cannot be evaluated at the end of the grading period will receive a grade of IP (In Progress). An IP grade shall be changed to Satisfactory or No Credit for candidates upon completion of requirements usually before the beginning of the next semester.
- In some cases, a grade of No Credit may be accompanied by a recommendation that the candidate not be allowed to repeat the internship. In such cases, the candidate will be counseled out of the licensure program, but not necessarily out of the program.

Professional Dispositions

Candidates are expected to exhibit professional behaviors and dispositions at all times.

Class Schedule

Candidates will report to their internship site daily. They will follow their internship site holidays as determined by the calendar articulated by the school. Candidates will follow the contract hours of their MT and will participate in school-sponsored events as needed. Note: Because observation opportunities are site and context specific, the focus for observations noted in the schedule below will be determined in collaboration with the candidate, US, and MT.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).
- Students must follow the university policy for Responsible Use of Computing (see https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ds.gmu.edu/).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to wiahelp@gmu.edu or https://cehd.gmu.edu/aero/assessments/. Questions or concerns regarding use of Blackboard should be directed to https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/.
- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus.

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking: As a faculty member, I am designated as a "Responsible Employee," and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason's Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason's confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason's Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website: http://cehd.gmu.edu.

George Mason University College of Education and Human Development

Lesson Planning Assessment

Assessment Information

In the Early Childhood Education program, the Lesson Planning Assessment is completed during the prekindergarten/preschool internship and is assessed by the university supervisor. The candidate must earn a score of 2 to be successful on this assignment. If a candidate does not earn a 2 on the assignment, they must meet with the course instructor or assessor prior to resubmitting. The data from this assessment are used to identify both best practices and gaps in developing and assessing a specific lesson plan and the impact on student learning.

Standards Addressed in This Assessment

Interstate Teacher Assessment and Support Consortium (InTASC) Standards: 1, 2, 3, 4, 5, 6, 7, 8, 9 Virginia Department of Education (VDOE) Standards: 1, 2, 3, 4, 5, 7 Council for the Accreditation of Educator Preparation (CAEP) Standards: 1.1 (InTASC Standards), 1.2 (Use of Research), 1.3 (Content and Pedagogical Knowledge), 1.4 (College and Career Readiness), 1.5 (Technology)

CAEP Cross-Cutting Themes (CCT): Technology Diversity

Assessment Objective

• The candidate will develop a research-supported lesson plan that effectively meets the needs of a specific population of learners.

Rationale

It is important that teacher candidates demonstrate their ability to design an effective lesson plan with specific, performance-based learning objectives that meet the learning needs of their learners. Lesson planning can be guided by four basic questions (adapted from Spencer, 2003):

- 1. Who are my learners? (Consider the number of learners, their academic readiness levels, cultural backgrounds, their prior knowledge, etc.)
- 2. What do I want my learners to learn? (Consider the content or subject (and interdisciplinary connections), the type of learning (knowledge, skills, behaviors), how to integrate college- and career-ready standards, etc.)
- 3. How will I know what the learners understand? (Consider informal and formal assessments, formative and summative assessments, higher order questioning techniques, feedback from learners, etc.)
- 4. *How will my learners learn best?* (Consider the teaching models, learning strategies, length of time available, materials, technology resources, differentiation, modifications, etc.)

You might also want to ask:

- What knowledge, skills, and understandings do my learners already have?
- What knowledge or prerequisite skills do I need to access, activate, or build in this lesson? How will I access those prerequisite skills or activate that prior knowledge?
- Where have learners come from and what are they going on to next?
- How can I build in sufficient flexibility to respond to emergent needs indicated by ongoing observation and formative assessment?

During field experiences and the internship, a lesson plan must be developed for each teaching session. As a novice teacher, lesson plans are developed for each instructional episode (lesson, one-to-one instruction, and small group activity). When teaching new content or grade levels, your lesson plans will be more detailed. As you gain pedagogical content knowledge and are proficient, your lesson planning becomes less detailed. Part of the planning process includes considering the following tasks:

- List content and key concepts (research more if needed).
- Define your aims and identify specific learning objectives/goals/outcomes aligned to appropriate curriculum standards, Virginia's Early Learning and Development Standards, Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), and College- and Career-Ready standards.
- Create assessments that are aligned to your specific learning objectives/goals/outcomes.
- Think about the structure of the lesson, pacing, transitions, and use of technology.
- Identify the strengths and needs of all learners.
- Identify adaptations/modifications/extensions needed to meet learner needs.
- Determine "best practices" and learning strategies aligned to the learning objectives/goals/outcomes.
- Identify learning resources and support materials, including technology.

Directions for Completing this Assessment Task

Develop and teach a lesson plan using the template attached. Review the rubric to guide the development of your lesson plan.

Submission Directions

You will submit a detailed lesson plan (using the Lesson Plan Template) that addresses each of the sections described below.

Section 1: Classroom Context

Classroom decisions are made based upon your learners' strengths and needs. Your plan may vary based upon when, in a unit of instruction, the lesson takes place, and even the time of the lesson. In this section,

you will provide basic information about your learners and the classroom—including academic and cultural backgrounds and prior knowledge and any assessments that will guide your planning. Make certain to address how your knowledge of your learners will affect your planning. (½–1 page)

Section 2: Planning for Instruction

Before you teach a lesson, you must decide the learning objectives/goals/outcomes and connection to Virginia's Early Learning and Development Standards, Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), and/or College- and Career-Ready standards you will use and why you have selected these objectives and specific strategies to teach the lesson to your specific group of learners. You make these decisions based upon learner needs, current research, prior knowledge, and/or pre-assessments of learning aligned to appropriate curriculum standards. While planning your lesson, using your knowledge of your learners, you will make decisions as to the modification/differentiation and/or accommodations you will need to meet the needs of all learners in your classroom. Then, with an informed understanding of your audience and your content, identify the learning materials needed to teach the lesson and any technology you and/or your learners will use in this lesson. In this section, be sure to detail all of these planning elements, including how you will assess learner mastery of lesson content—using both formative and summative assessments throughout the lesson. Virginia's Early Learning and Development Standards, Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), and/or College- and Career-ready skills, and any content specific objectives should be included in lesson plans. (1–2 pages)

Section 3: Instruction and Assessment

After you have identified *what* your class will learn, you will begin to chart out specifically *how* you will teach the lesson. When completing this section of the lesson plan, you will identify the procedures that you will use from the opening of the lesson through the lesson closure. Script this section of the plan, noting what you will say and do and what you are asking learners to do. Be certain to include formative assessments and guided practice activities and any independent practice and summative assessments you will have learners complete. (2–3 pages)

Section 4: Reflection: Impact on Learning

John Dewey noted that without reflection, there is no learning. In this section, reflect upon the lesson and consider whether your learners were able to meet the learning objectives/goals/outcomes for the lesson (Dewey, 1933). How do you know learners were able to successfully meet the lesson objectives/goals/outcomes? (Be specific here and use formative/summative assessment results to guide your response.) What was your impact on learning? (That is, how did your instructional decisions seem to affect learning? Again, be specific.) What strategies or activities were the most successful? What could have made the lesson stronger? What did you learn about teaching, learners, and learning that will affect your next instructional experience? (1 page)

NOTE: Lesson plans will be evaluated based on adherence to the provided lesson plan format; consistency with instructional methods taught in the program; appropriate rationale provided; specification of objectives, as related to state and national standards; whether there was an appropriate match between the assessment of learning and learning objectives; coherence of writing; and mechanics. Additionally, plans should include the Virginia's Early Learning and Development Standards, Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), College- and Career-Ready skills, and/or other content specific objectives.

Council for the Accreditation of Educator Preparation Common Assessment

Lesson Plan Rubric

The target score for all Candidates is "Proficient," Level 2. The Candidate must earn a score of 2 to be successful on this assignment. If a Candidate does not earn a 2 on the assignment, they must meet with the course instructor or assessor prior to resubmitting. The data from this assessment are used to identify both best practice and gaps in developing and assessing a specific lesson plan and its impact on student learning.

GENERAL SCORING GUIDELINES

- 3 = *Highly Proficient:* rich, sophisticated, exemplary in all aspects of quality (including both mechanics of writing and clarity/insightfulness of thinking), thoroughly accurate and developed, exceeds expectations for a Candidate at this stage of development, integrates thorough understanding of relevant professional literature/research.
- **2 = Proficient:** well developed, good quality (may include very few errors in mechanics, and shows clarity of thinking), fully meets expectations for a Candidate at this stage of development, shows understanding of relevant professional literature/research. **This is the TARGET score.**
- **1** = **Not Proficient:** superficially developed, minimally acceptable quality (Written work/plans may include a few errors in mechanics and inconsistent clarity in thinking), lags behind expectations for most Candidates at this stage of development. May show beginning/weak understanding of the relevant professional literature/research.
