

**George Mason University
College of Education and Human Development
Literacy Program**

EDRD 637 6L2 – Supervised Literacy Practicum
3 Credits, Summer 2021
June 21- July 24 Online
Synchronous Practicum Sessions: June 29-July 2, July 6-9, July 13-16
8:45am-12:00pm

Faculty

Name: Dr. Allison Ward Parsons
Office Hours: By Appointment
Office Location: 1603 Thompson Hall, Fairfax Campus
Office Phone: 703-993-5257
Email Address: award12@gmu.edu

Prerequisites/Corequisites

EDRD 630 and EDRD 631; EDRD 633 is a corequisite

University Catalog Course Description

Provides supervised experiences assessing students identified as needing additional support in literacy, followed by designing and implementing appropriate data-based instruction. **Note:** This course requires students to conduct related practice in their own schools or specified field settings.

Course Overview

Not Applicable

Course Delivery Method

This course will be delivered using an online internship format.
This course will be delivered online (76% or more) using synchronous formats via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on May 18 by 4:30pm.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see:
https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers

To get a list of supported operation systems on different devices see:

https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
 - Windows Media Player: <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
 - Apple Quick Time Player: www.apple.com/quicktime/download/

Expectations

- Course Week: Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- Log-in Frequency:
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week during EDRD 633. During EDRD 637, daily check-ins during the workweek are expected. In addition, students must log-in for all scheduled online synchronous meetings.
- Participation:
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence:
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues:
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload:
Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support:

Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- Netiquette:

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:

Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes or Objectives

This course is designed to enable students to do the following while receiving direct supervision:

1. Assess an individual learner's literacy needs using appropriate assessment tools.
2. Analyze assessment data and design individualized instruction for the learner.
3. Select appropriate materials and implement a variety of intervention strategies based on an individual learner's interests, strengths, and needs.
4. Communicate with professional colleagues and defend their instructional decisions orally and in writing based on their knowledge of both theory and exemplary practice.

Professional Standards (aligned with standards from the International Literacy Association)

Upon completion of this course, students will have met the following Standards for Reading/Literacy Specialist Candidates from the International Literacy Association's 2017 *Standards for the Preparation of Literacy Professionals*:

- 2.1 Candidates use foundational knowledge to design, select, critique, adapt, and evaluate evidence-based literacy curriculum that meet the needs of all learners.
- 2.3 Candidates select, adapt, teach, and evaluate evidence-based, supplemental, and intervention approaches and programs; such instruction is explicit, intense, and provides adequate scaffolding to meet the literacy needs of individual and small groups of students, especially those who experience difficulty with reading and writing.
- 5.2 Candidates collaborate with school personnel and provide opportunities for student choice and engagement with a variety of print and digital materials to engage and motivate all learners.
- 5.3 Candidates integrate digital technologies into their literacy instruction in appropriate, safe, and effective ways and assist colleagues in these efforts.
- 5.4 Candidates facilitate efforts to foster a positive climate that supports the physical and social literacy-rich learning environment, including knowledge of routines, grouping structures, and social interactions.

Virginia Standards for Reading Specialist Programs addressed in the course:

- 1b. Demonstrate expertise in the ability to use diagnostic data to inform instruction for acceleration, intervention, remediation, and differentiation.
- 3a. Demonstrate expertise in explicit and systematic phonics instruction, including an understanding of sound and symbol relationships, syllables, phonemes, morphemes, decoding skills, word analysis, and word attack skills.

- 3c. Demonstrate expertise in strategies to increase vocabulary.
- 3e. Demonstrate expertise in reading comprehension strategies, including a repertoire of questioning strategies, understanding the dimensions of word meanings, teaching predicting, inferencing, summarizing, clarifying, evaluating, and making connections.
- 3f. Demonstrate expertise in the ability to teach strategies in literal, interpretive, critical, and evaluative comprehension.
- 4a. Demonstrate expertise in the knowledge, skills, and processes necessary for teaching writing, including the domains of composing and written expression and usage and mechanics and the writing process of planning, drafting, revising, editing, and sharing.
- 4c. Demonstrate expertise to teach the writing process: plan, draft, revise, edit, and share in the narrative, descriptive, and explanative modes.
- 5. Demonstrate expertise in their use of technology for both process and product as they work to guide students with reading, writing, and research.
- 6a. Demonstrate an understanding of developmental psychology, including personality and learning behaviors.
- 6j. Demonstrate effective communication skills in working with a variety of groups, including parents, teachers, administrators, community leaders.
- 6k. Demonstrate knowledge of current research and exemplary practices in English and reading.
- 6l. Understanding of and proficiency in grammar, usage, and mechanics and their integration in writing.
- 6n. Complete a supervised practicum or field experience in the diagnosis and remediation of reading difficulties in a public or accredited nonpublic school.

Required Texts

Leslie, L., & Caldwell, J. S. (2021). *Qualitative reading inventory – 7*. Pearson.

McAndrews, S. (2020). *Literacy assessment and metacognitive strategies: A resource to inform instruction preK-12*. Guilford.

Additional readings will be made available on Blackboard and through GMU Library databases.

Recommended Texts

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000>

Caldwell, J. S., & Leslie, L. (2013). *Intervention strategies to follow informal reading inventory assessment: So what do I do now?* (3rd ed.). Pearson.

Johns, J. L., & Lenski, S. D. (2014). *Improving reading: Strategies, resources, and Common Core connections* (6th ed.). Kendall Hunt Publishing.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

- **Assignments and/or Examinations**

- 1. **Course Engagement (15%)**

- Being engaged in this course is essential to the teaching-learning process. Engagement involves attendance, timeliness, and active participation. Class attendance (face-to-face and

online) is both important and required (see Academic Policy 1.6 in the GMU Catalog). It is expected that you fully engage in all course activities whether online or face-to-face. It is critical to keep up with the readings, course presentations, and activities. It is expected that you are fully prepared for each class, complete work in a timely manner, offer critical insights to discussions, ask in-depth, thoughtful questions, and provide thoughtful, responsive feedback to your peers.

Course engagement will be evaluated using the rubric that follows:

Criteria for Evaluation	Exceeds Expectations	Meets Expectations	Approaching Expectations	Below Expectations
Attendance & Professional Behavior	Completes a minimum of 20 contact hours with learner. AND Logs in on time and prepared for all sessions with learner.	Completes a minimum of 20 contact hours with learner. AND Logs in late, but prepared for 1 session with learner.	Completes a minimum of 20 contact hours with learner. AND Logs in late, but prepared for more than 1 session with learner.	Completes fewer than 20 contact hours with learner. OR Consistently arrives late and/or unprepared for sessions with learner.
Seminar Participation	Regularly participates in instructor led seminars or individual meetings. AND Routinely asks questions or makes observations that indicate reflections and analysis appropriate to the topic.	Occasionally participates in instructor led seminars or individual meetings. OR Sometimes asks questions or makes observations that indicate reflections and analysis appropriate to the topic.	Rarely participates in instructor led seminars or individual meetings. OR Rarely asks questions or makes observations that indicate reflections and analysis appropriate to the topic.	Never participates in instructor led seminars or individual meetings. OR Never asks questions or makes observations that indicate reflections and analysis appropriate to the topic.

2. Performance-Based Assessment: Data-Based Instructional Planning (65%)

After completing the Diagnostic Report for EDRD 633, you will develop instructional plans to support the learner’s literacy needs. You will develop and implement these instructional plans as well as ongoing assessment and intervention strategies under the direct supervision of the practicum supervisor.

All diagnostic and instructional sessions will be conducted in an online field setting assigned by the literacy program. You and your classmates will work online with students (identified by the program) in that setting while being supervised by your course instructor. Seminars will take place during synchronous online meetings.

3. Instructional Reflections (20%)

After teaching each diagnostic or instructional session, you will analyze the session and the data you collected during it in order to make adjustments for your future instructional plans. Brief, daily written reflections will be submitted with each session plan.

After completing all required instruction, you will reflect on what you learned as a result of the experience. In no more than 3 double-spaced pages, you should specifically address

what you have learned about data-based, individualized instruction. You will also consider how this experience might inform your future work as a reading specialist.

- **Other Requirements**

- **Assignment Guidelines**

Assignments should follow current APA formatting. Writing quality (including mechanics, organization, and content) is figured into the overall score for each assignment, so proofread carefully and use formal, academic writing. Be sure to use APA format when providing citations for relevant research. (See Blackboard for resources.)

Graduate level writing is expected for all assignments in this course. If you find that you need support, the University Writing Center (<https://writingcenter.gmu.edu/>) is available to you. They offer one-to-one consultations at any stage of the writing process. You can schedule in-person or video appointments with writing tutors on Mason's Fairfax and Arlington campuses. You can also use their Online Writing Lab (OWL) to receive written feedback on drafts of your writing if you aren't able to meet during the Center's hours of operation.

The performance-based assessment (PBA) is designed to provide evidence that program candidates meet required program completion standards. Students may have one opportunity to revise PBA assignments in order to demonstrate proficiency with each of the associated standards. Successful completion of the performance-based assessment is required to move to the next course in your degree program. If you are concerned that you may be having difficulty meeting these requirements, please speak to your course instructor and your advisor.

- **Advising**

Advising information is located on Blackboard, including timeline, program of study tracking, course sequencing, RVE registration information, graduation information, and program updates. To access, (a) log in to Blackboard, (b) click the Organizations tab in the main menu, and (c) go to the Literacy Program Advising and Information Organization to find all documents. You are responsible for regularly checking the advising organization to maintain your program of study and desired program completion timeline.

- **Grading**

Satisfactory: Candidate successfully meets all internship requirements. Candidate completes a minimum of 20 contact hours with a learner who experiences difficulties with reading and writing. Candidate's course engagement meets/exceeds expectations and their instructional plans demonstrate their overall proficiency with the professional standards.

No Credit: Candidate fails to successfully meet all internship requirements. Candidate completes less than 20 contact hours with a learner who experiences difficulties with reading and writing. Candidate's course engagement is below expectations and their instructional plans fail to demonstrate their overall proficiency with the professional standards.

Literacy students must re-take any course in which they receive a grade of C or lower (or for EDRD 637, no credit), in order to be eligible for licensure (note that the grade of B- is not given). Incompletes must be cleared before moving to the next course in the instructional sequence.

Professional Dispositions

Fri, 7/16 Instructional Session 10 & Seminar	<ul style="list-style-type: none"> - Implement your instructional plan. - Participate in seminar to debrief from your instruction and synthesize learning. 	<ul style="list-style-type: none"> - Reflection on Instructional Session 10
Week of July 20	Work on assignments/PBAs	<ul style="list-style-type: none"> - Final Reflection (on Bb) - PBA: Data-Based Instructional Planning (on Via/TK20) by July 24 at 10a

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.

EDRD 637 – Supervised Practicum Overview

The purpose of the practicum experience is to practice working with individual students and to broaden understandings of students' literacy needs in K-12 classrooms. As a part of the practicum, instructional plans will be developed and ongoing assessment and intervention strategies will be implemented under the direct supervision of the course instructors.

The first few sessions will focus on becoming acquainted with the student and conducting preliminary assessments that will inform decisions made when developing instructional plans. The remaining instructional sessions will focus on providing literacy support for the practicum student based on the initial diagnosis and ongoing interactive assessment. Emphasis will be on providing a comprehensive literacy experience that further develops critical reading and writing skills by building on the student's strengths and addressing the student's needs as evidenced in initial and ongoing assessments.

Performance Based Assessment Overview

This performance-based assessment (PBA) is required during EDRD 633/637. These courses are integrated and you must take them concurrently. The practicum consists of at least 20 contact hours with an individual learner who finds reading and writing difficult. In addition, there are regular seminar meetings in which you will discuss intervention strategies, plan joint lessons as appropriate (e.g., Readers' Theatre or photo journalism projects to connect school with the community) with other class peers and their tutees, discuss related research, and plan and execute parent/family communication. Time is also included for individual meetings between you and your practicum instructor to discuss your teaching practice.

The overall purpose of the practicum is to provide a supervised clinical experience to broaden your understanding of students' literacy needs and ways to address those needs. As a part of the practicum, you will conduct a comprehensive assessment of the learners' strengths and needs and use that data to develop a diagnostic report (EDRD 633, PBA Part 1: Diagnostic Report). You will then develop instructional plans and implement ongoing assessment and intervention strategies under the direct supervision of the course instructors (EDRD 637, PBA: Data-Based Instructional Planning). At the end of your practicum experience you will create a summary of your instruction including an overview of your instructional goals and rationale for your tutoring sessions, the instruction you used to meet those goals, and the results of your instruction. You will also provide future instructional recommendations to support your student's reading development (EDRD 633, PBA Part 2: Summary Report). If possible, you will conduct a meeting (in person or virtually) with the parents/guardians and student to discuss progress made in the practicum and recommendations for continued literacy development in both home and school.

PBA: Data-Based Instructional Planning

To guide your work with a student and to keep the practicum supervisor informed of your activities and goals, you are required to write plans for each diagnostic and instructional session with your practicum student. The initial basis for these plans will be the findings from your Diagnostic Report. For your lessons (after the assessment phase), you will develop routines around the following strands (addressing both reading and writing), as appropriate to the learner: (1) writing as meaningful communication, (2) skill development (e.g., concepts of print/phonemic awareness/phonics, word recognition, vocabulary building), (3) fluency development, and (4) comprehension instruction using expository or narrative text strategies. These strands and your instructional routines must be clear in the lesson structure. See Bb for additional information about instructional plans. You also must use technology in at least 2 lessons, including teaching the

student to use a new technology tool in a creative way (e.g., computer software, Smart Board, etc.). Each instructional plan will be read by your practicum supervisor before your lesson and comments will be provided (you may be asked to revise before teaching). Plans should be typed and comprised of no more than 3 single-spaced pages. At the end of the course you will post all of your instructional plans to Tk20 as well as two samples of the student’s work that show his/her growth.

Rubric for Data-Based Instructional Planning

ILA Standard/ Component	Exceeds Expectations (4)	Meets Expectations (3)	Approaching Expectations (2)	Below Expectations (1)
2.1 Candidates use foundational knowledge to design, select, critique, adapt, and evaluate evidence-based literacy curriculum that meet the needs of all learners.	Provides exemplary evidence of designing and/or adapting evidence-based literacy curriculum to meet the specific needs of students who experience difficulty with reading and writing.	Provides satisfactory evidence of designing and/or adapting evidence-based literacy curriculum to meet the specific needs of students who experience difficulty with reading and writing.	Provides partial evidence of designing and/or adapting evidence-based literacy curriculum to meet the specific needs of students who experience difficulty with reading and writing.	Provides little or no evidence of designing and/or adapting evidence-based literacy curriculum to meet the specific needs of students who experience difficulty with reading and writing.
2.3 Candidates select, adapt, teach, and evaluate evidence-based, supplemental, and intervention approaches and programs; such instruction is explicit, intense, and provides adequate scaffolding to meet the literacy needs of individual and small groups of students, especially those who experience difficulty with reading and writing.	Provides exemplary evidence of providing evidence-based explicit, intense, and scaffolded instruction for phonological awareness, phonics, vocabulary, comprehension, fluency, and/or writing for individual students who experience difficulty with reading and writing.	Provides satisfactory evidence of using instructional approaches supported by literature and research for the following areas: concepts of print, phonemic awareness, phonics, vocabulary, comprehension, fluency, critical thinking, motivation, and writing.	Provides partial evidence of using instructional approaches supported by literature and research for the following areas: concepts of print, phonemic awareness, phonics, vocabulary, comprehension, fluency, critical thinking, motivation, and writing.	Provides little or no evidence of using instructional approaches supported by literature and research for the following areas: concepts of print, phonemic awareness, phonics, vocabulary, comprehension, fluency, critical thinking, motivation, and writing.
5.2 Candidates collaborate with school personnel and provide opportunities for student choice and engagement with a variety of print and digital materials to engage and motivate all learners.	Provides exemplary evidence of collaborating with school personnel and providing opportunities for student choice and engagement with a variety of print and digital materials.	Provides satisfactory evidence of collaborating with school personnel and providing opportunities for student choice and engagement with a variety of print and digital materials.	Provides partial evidence of collaborating with school personnel and providing opportunities for student choice and engagement with a variety of print and digital materials.	Provides little or no evidence of collaborating with school personnel and providing opportunities for student choice and engagement with a variety of print and digital materials.

ILA Standard/ Component	Exceeds Expectations (4)	Meets Expectations (3)	Approaching Expectations (2)	Below Expectations (1)
5.3 Candidates integrate digital technologies into their literacy instruction in appropriate, safe, and effective ways and assist colleagues in these efforts.	Provides exemplary evidence of integrating digital technologies into their literacy instruction in appropriate, safe, and effective ways.	Provides satisfactory evidence of integrating digital technologies into their literacy instruction in appropriate, safe, and effective ways.	Provides partial evidence of integrating digital technologies into their literacy instruction in appropriate, safe, and effective ways.	Provides little or no evidence of integrating digital technologies into their literacy instruction in appropriate, safe, and effective ways.
5.4 Candidates facilitate efforts to foster a positive climate that supports the physical and social literacy-rich learning environment, including knowledge of routines, grouping structures, and social interactions.	Provides exemplary evidence of using routines and social interactions to foster a positive, literacy-rich learning environment for students who experience difficulty with reading and writing.	Provides satisfactory evidence of using routines and social interactions to foster a positive, literacy-rich learning environment for students who experience difficulty with reading and writing.	Provides partial evidence of using routines and social interactions to foster a positive, literacy-rich learning environment for students who experience difficulty with reading and writing.	Provides little or no evidence of using routines and social interactions to foster a positive, literacy-rich learning environment for students who experience difficulty with reading and writing.
