Course Overview

This course provides candidates in the Education Leadership Program with an intensive and extensive set of field experiences in a variety of school settings. In the first semester, candidates plan the internship experience, and over the next year enact their internship plan, document and reflect on internship experiences, and prepare a culminating online portfolio that summarizes their accomplishments.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see:
To get a list of supported operation systems on different devices see: https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: https://get.adobe.com/reader/

Expectations

- **Course Week:**
  Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes. In addition, more information will be shared regarding asynchronous learning.

- **Log-in Frequency:**
  Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 2 times per week. In addition, students must log-in for all scheduled online synchronous meetings.

- **Participation:**
  Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

- **Technical Competence:**
  Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

- **Technical Issues:**
  Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

- **Workload:**
  Please be aware that this course is not self-paced. Students are expected to meet specific deadlines and due dates listed in the **Class Schedule** section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings,
activities and assignments due.

- **Instructor Support:**
  Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**
  The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:**
  Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

**Internship Requirements**

All candidates seeking state licensure in preK-12 Administration & Supervision are required by both the state and other accrediting agencies to complete a standards-based internship. The internship provides opportunities to apply theory to practice within a broad range of leadership and administrative tasks. The central focus of the internship is on planning, experiencing, and reflecting on major responsibilities in school administration and supervision. The internship focuses on the development of skills in the seven areas defined within the National Education Leadership Preparation (NELP) Standards for Building Leaders.

Students registered for EDLE 791 should be taking EDLE 690 – Using Research to Lead School Improvement, or should have already completed this class. As a culminating activity in the EDLE 690 class, students develop a plan for implementing an Internship Improvement Project that becomes the capstone field experience within their internship.

Students complete a set of required activities that scaffold to each of the NELP standards, representing approximately half of the internship activities. One of the distinctive features of the internship within the EDLE program is that the remaining portion of the internship is designed based on a self-assessment of leadership competencies and career objectives. Your internship plan is based on dialogue with your University Supervisor (the instructor for this class) and site supervisor (a licensed administrator you chose, typically from your home school), and your assessment of the leadership experiences that best demonstrate your knowledge and ability to perform the leadership proficiencies embodied in the NELP standards.

Specific requirements in the internship are described in detail in the Internship Manual. These include the following:

1. The intern will understand and demonstrate proficiencies and dispositions consistent with the NELP Standards for School Leaders.
2. The intern will work with their University Supervisor, site supervisor, and other school
leaders to prepare an Internship Plan that describes field experiences the intern will pursue in order to demonstrate their development of the range of leadership proficiencies associated with each standard. The internship plan will include each of the required activities, including enactment and evaluation of the Internship Improvement Project planned during completion of EDLE 690.

3. The intern will implement the internship plan (previously approved by the university supervisor). During implementation, the intern will maintain up-to-date records, including: internship hour verification; frequent reflective journal entries demonstrating growth and understanding; and compilation of artifacts reflecting accomplishments. The final portfolio must include descriptions, artifacts, and reflections for each of the required activities.

4. Internship activities will result in a minimum of 320 clock-hours of field-based experience. Experiences should include a balance of activities, some of which will be outside of the primary area of assignment. Experiences must be completed and described in the reflective journal in at least five areas of assignment, i.e., in addition to the intern’s primary site, there will need to be four additional sites (high, elementary, middle, central office, agency office, etc….). A total of 80 hours is to be allocated across four additional sites, with a minimum of 10-15 hours for each site.

5. The intern will participate in at least one meeting with the University Supervisor per semester.

6. The intern will complete a Collective Record (electronic portfolio) of internship accomplishments. The preparation of the Collective Record is an ongoing and culminating part of the internship experience.

7. The intern will seek guidance and feedback from the site supervisor throughout completion of field experiences, and solicit a summative assessment in the form of the Evaluation of Student Intern, which is completed by the site supervisor at the end of the internship.

8. The intern will present the web-based Collective Record to the university supervisor upon completion of all requirements. An individual meeting will be conducted to discuss the record and internship experiences prior to completion of the course.

Professional Dispositions

See https://cehd.gmu.edu/students/policies-procedures/

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard and/or hard copy).

Time Limits

Enrollment in the internship must total not fewer than three credit hours, representing a minimum of 320 clock-hours of field-based internship experiences. The completion of the internship takes place over a period of not fewer than 12 months. Candidates must complete and submit their culminating portfolio, the Collective Record, within 18 months of the date their Internship Plan is approved by their University Supervisor (the instructor for this class).

The University Supervisor may require revision and resubmission of the Collective Record, and/or completion of additional internship activities in order to successfully complete the internship. Candidates must complete the internship and receive a satisfactory grade within 24 months of the date their Internship Plan is approved by their University Supervisor. Failure to satisfactorily complete the Collective Record and be graded in EDLE 791 will result in being assigned an NC (no credit) grade. Candidates who exceed the 24-month time limit may re-enroll in EDLE 791 to complete their internships.

Grading

This course takes place over an extended period of time, so students receive a grade of IP (“in-progress”) at the end of the first semester. Students are ultimately graded as “satisfactory” (S) or “no credit” (NC).

As such, for each unit of this class, students are graded as “S” or “NC” as described below. A grade of “NC” for any unit indicates that the student has not fulfilled the requirements of the internship and must register anew for the class in a subsequent semester.
Performance-Based Assessment Submission Requirement

Every student registered for any Education Leadership course with a required performance-based assessment is required to submit this assessment, The Collective Record, through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Blackboard. Failure to submit the assessment to through Blackboard will result in the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Blackboard submission, the IN will convert to an F nine weeks into the following semester.

Participation Requirements (600 points)

To maximize learning, students are expected to participate actively in class discussions, group activities, and serve as critical friends to other students. Below is a list of all required learning activities, by unit, which will count toward your overall participation grade. Please refer to the Course Participation Rubric for details.

**Unit 1 (100 points)** - A main goal of the initial semester of EDLE 791 is completion of the internship plan. Plans are based on NELP standards. Approval of the internship plan marks the culmination of the unit, and is the candidate’s admission to clinical practice in the EDLE program. Candidates must receive approval of their internship plan from their University Supervisor before they may engage in internship activities. A grade of “S” will be assigned if you earn 80 or more points on this unit.

- Scavenger hunt worksheet (10 points)
- Internship application (10 points)
- Critical reflection – shadowing your principal (10 points)
- Group assignment – Standards and activities (20 points)
- Submit plan to University Supervisor for final approval (50 points)

**Unit 2 (500 points)** - Unit 2 of this class involves implementing the internship plan, i.e., conducting your internship. A grade of “S” will be assigned if you earn 400 or more points on this unit. The following participation activities are required for Unit 2:

- You will be posting reflections and artifacts for each required performance and at least two additional activities per standard to provide evidence of your leadership learning during the internship. Each posting is worth 10 points. You may earn at least 290 points (17 required activities plus at least two additional activities per standard). A maximum of 350 points may be earned for these postings (there are 17 required activities plus up to three additional activities per standard).

- Every two months for one full year you will submit via BlackBoard a log of all of your internship activities completed for that two-month period. Each submission is worth 10 points. You must submit at least five of the six required log entries (50 points minimum, 60 points maximum)
• Group collaborate or individual Zoom sessions will be held at least once a semester during internship. You must attend at least two of these sessions. Each session is worth 30 points (60 points minimum, 90 points maximum).

**Collective Record (400 points)** - Unit 3 of this class involves completing and submitting the culminating portfolio, the Collective Record of internship activities. The Collective Record is graded using two rubrics, one for internship activities excluding the Internship Improvement Project, and one for the Internship Improvement Project, which deals primarily with the intern’s impact on student learning.

• Face-to-face meeting with site supervisor.
• Post site supervisor evaluation of intern.
• Finalize collective record, submit to University Supervisor.
• Collaborate or Zoom meeting with University Supervisor

The Collective Record is the performance-based assessment for this class. To receive a grade of “S,” you must score a 3.2 or better (on a 4.0 point scale) on both assessments of the Collective Record, i.e., 160 points for each assignment. Note, also, that taking and passing the **School Leaders Licensure Assessment (SLLA)** is a requirement for receiving an S grade for EDLE 791. The candidate’s SLLA record must be scanned into the appropriate section of the Collective Record. **The SLLA is a required performance for EDLE 791.**

**Course Requirement**

Assignments are due by 11:59 p.m. on the dates listed on the syllabus. Late assignments will not be accepted except in emergency situations that have been discussed and approved by the instructor in advance of the due date. Please take advantage of instructor office hours and availability to get assistance prior to assignment deadlines.
