Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers

To get a list of supported operation systems on different devices see:

https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:

 - Windows Media Player:
<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>

Expectations

- Course Week:
Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- Log-in Frequency:
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 2 times per week. In addition, students must log-in for all scheduled online synchronous meetings.
- Participation:
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence:
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues:
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload:
Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the

student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

- **Instructor Support:**

Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:**

Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

I. Mindfulness Theory Paper (40% of total grade)

- A definition of mindfulness
- A model for what it is to be mindful vs egoically-driven
- An understanding of how psychopathology is described in mindfulness terms.

CACREP Standard 1-4

Share your most powerful or interesting experiences with the mindfulness practices that we sampled, what you learned about yourself, and how it seemed to change you. If you didn't find any of the practices powerful, interesting, or potentially change-producing for you, describe your honest reactions/experiences, how these might have not been positive for you, and what might be more-mindfulness producing for you. Share how you see yourself applying mindfulness theory and practice to your work with clients.

CACREP Standard 1-5

III. Participation (20% of total grade)

Students are expected to demonstrate a high level of participation consistent with graduate-level education. Professional Dispositions

See <https://cehd.gmu.edu/students/polices-procedures/>

Students must adhere to program professional dispositions:

<https://cehd.gmu.edu/assets/docs/forms/Professional%20Dispositions.pdf>

Professional Dispositions Assessment

Professional Dispositions are assessed in all required courses. The minimum score (benchmark) is based on the level of the course, as described below.

Level of Assessment	CMHC	SC	Minimum Score
Basic	602, 609, 606, 601, 525, 603, 604, 656 654, 652, 658	602, 606, 609, 601, 525, 603, 604, 656 613, 611, 626	2
Intermediate	608, 750, 660, 628, 619, 610, 797	608, 751, 660, 628, 619, 610, 797	3
Advanced	792, 793	794, 795	4

Professional Dispositions assessments are scored as follows:

- **4: Consistently Evident** – The student demonstrates the disposition all or almost all of the time. This rank is considered exceptional, particularly for students who are at the beginning of their program. Students who are advanced in the program (i.e., in their last year of the program and enrolled in Internship I or II) should expect to achieve this rank.
- **3: Frequently Evident** – The student demonstrates the disposition often or most of the time. It is expected that students in the middle of the program (i.e., usually the second year for full time or third year for part time students) will achieve this rank. This reflects that they have moved beyond the initial phase of counselor training and are developing well towards being a professional counselor.
- **2: Sometimes Evident** – The student demonstrates the disposition sometimes or inconsistently. It is expected that students at the beginning of the program (i.e., first year for most students) will achieve this rank. Students at the beginning of the program are expected to be developing towards these professional dispositions as a part of their counselor training and preparation for their future as a professional counselor.
- **1: Seldom Evident** – The student demonstrates the disposition rarely or not at all. In some instances this may also indicate a harmful demonstration of professional disposition(s). Students at the beginning of their program may achieve this rank, which can be developmentally appropriate as they learn the expectations for students and future

professional counselors. Should this occur, students should expect to meet with their advisor, who will assist them in addressing the area of concern.

- **N/A: Not Applicable** – An instructor or supervisor may use this to note that they did not have the opportunity to observe the disposition or that it was not relevant in the given context. This is most likely to occur at the beginning of the program when some dispositions may not be germane to the particular class.
