Spring 2022

EDSE 418 DL1: Curriculum and Assessment of Students with Blindness and Visual Impairments

CRN: 15836, 3 – Credits

Instructor: Dr. Kim Avila	Meeting Dates: 1/26/22 – 5/4/22
Phone: 703.993.5625	Meeting Day(s): Wednesday
E-Mail: kavila@gmu.edu	Meeting Time(s): 4:30 pm – 7:10 pm
Office Hours: Monday/Wednesday 3:30-430pm virtually or by appointment	Meeting Location: N/A; Online
Office Location: Virtual office via Ultra and Zoom; Finley 203a	Other Phone: N/A

Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

[Assignments](#) [Course Schedule](#)

Prerequisite(s):

EDSE 311, (may be taken concurrently)

Co-requisite(s):

None

Course Description

Provides students with knowledge and understanding of the educational assessment of students who are blind, visually impaired, and have additional disabilities including deaf-blindness. Provides practice assessing and planning educational programs for students with blindness and visual impairments. Addresses assessment of technology for students with blindness and visual impairments. Examines determination of learning needs and appropriate learning media, relationship of assessment, IEP development, and placement.

Course Overview

EDSE 418 instructs teacher candidates on methods to assess students who are blind and visually impaired, including those who have multiple disabilities. The course content includes assessments for learning media and specialized evaluations specific to blindness and visual impairment and instructional planning and IEP development.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or speced@gmu.edu for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using a synchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on January 26, 2022.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support/#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support/#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems](#)

https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader](https://get.adobe.com/reader/) (<https://get.adobe.com/reader/>)
 - [Windows Media Player](https://support.microsoft.com/en-us/help/14209/get-windows-media-player) (<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>)
 - [Apple Quick Time Player](http://www.apple.com/quicktime/download/) (www.apple.com/quicktime/download/)

Expectations

- **Course Week:**
Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- **Log-in Frequency:**
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week. In addition, students must log-in for all scheduled online synchronous meetings.
- **Participation:**
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of

this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

- **Instructor Support:**
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- **Netiquette:**
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- **Accommodations:**
Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Demonstrate knowledge of ethical considerations, legal provisions, and guidelines as related to the valid and relevant assessment of students who are blind and visually impaired.
2. Demonstrate an understanding of accommodations and modifications commonly used by students who are blind and visually impaired on standardized and non-standardized assessments.
3. Recognize the similarities between regular education curricula and the curricular needs of students who are blind and visually impaired, including those with multiple disabilities.
4. Gather background and family information relevant to the individual student's visual and educational needs.
5. Complete assessments, including the Learning Media Assessment (LMA), specific to students who are blind and visually impaired, including those with multiple disabilities.
6. Use assessment information to recommend literacy interventions for students with blindness and visual impairments.
7. Use assessment data to develop specific recommendations for modifications and accommodations for learning environments and educational materials.
8. Identify assessment strategies and tools for assessing areas of the expanded core curriculum.
9. Identify participation criteria for alternate and alternative assessment programs for students with blindness and visual impairments.

10. Apply course concepts to preK-12 school settings through field-based learning experiences (e.g., field experiences in preK-12 classrooms, field-based case studies, field-based virtual/online learning experiences, etc.).

Professional Standards

(Council for Exceptional Children [CEC] and the Interstate Teacher Assessment and Support Consortium [InTASC]). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner Development and Individual Learning Differences(InTASC 1,2); CEC Standard 4: Assessment(InTASC 6); CEC Standard 5: Instructional Planning and Strategies(InTASC 7,8); CEC Standard 6: Professional Learning and Ethical Practice(InTASC 9).

Required Texts

[Cleveland, J., Grimmert, E., Lindsey-Ramirez, L., McGraph, J. & Sewell, D \(2018\). Essential tools of the trade: A “how to” guide for completing functional vision, learning media and ECC Evaluations. Texas School for the Blind and Visually Impaired.](#)

[Lueck, A. & Bailey, I. \(2018\). Decision making guide: Guide to print size selection. American Printing House for the Blind.](#)

Note: The *Essential Tools* book is from Texas and contains specific information and procedures for Texas educators. Information will be provided in the class on book elements that are not applicable for Virginia. Likewise, some procedures in the book are not recommended. All teacher candidates are responsible for noting these recommendations presented in the class.

The books below are available for free from Mason’s digital library, do not purchase:

Goodman, S.A., & Wittenstein, S.H. (Eds.). (2003). *Collaborative assessment: Working with students who are blind or visually impaired, including those with additional disabilities*. New York, NY: American Foundation for the Blind Press.

Kamei-Hannan, C., & Ricci, L.A. (2015). *Reading connections: Strategies for teaching students with visual impairments*. AFB Press.

Sacks, S., & Zatta, M. (2016). *Keys to educational success: Teaching students with visual impairments and multiple disabilities*. American Foundation for the Blind Press.

This book is available online from ERIC and from ATI in accessible format:

Additional Readings

Posted on Blackboard

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 418, the required PBA is Learning Media and Informal Reading Assessments. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

Assessment History Report: All candidates will complete a thorough record review of a student who is blind or visually impaired, conduct interviews with family members and past teachers/support persons to create an assessment history on a student with a visual impairment. This will provide a comprehensive, all-in-one place record of all assessment information that has been gathered about this child and shaped the educational history. There will be four major tasks involved in this assignment:

1. Research and synthesis of major reports and records
2. Creation of assessment history document
3. Interview of family member or legal guardian, student, and teacher when applicable
4. Analysis of child's assessment history and write-up

Rubric provided on Blackboard.

Learning Media Evaluation: All students will complete an assessment of learning media on a student who is blind or visually impaired. You are to review the student's records, write an assessment history report, and conduct an appropriate assessment of learning media, which is to include a literacy evaluation. You will need to conduct observations of the student's use of sensory channels, integrate literacy and other data-based assessment information, and interview relevant persons (student, teacher, and parent) about the child's literacy skills and needs. Based on the information you gather you will write the LMA report. Comprehensive directions and the rubric are available on Blackboard.

Note: Both the assessment history report and learning media/reading assessment assignments must be conducted, completed, and written during the timeframe of this course. Candidates must complete the field assignment with an actual child who is visually impaired and may not use a report or scenario from a time prior to enrolling in this class. Reports must be conducted and written primarily by the teacher candidate in this class. Consultation and support with mentoring teachers/service providers is permitted and encouraged, but the assignments and report must be solely that of the candidate enrolled in this course.

College Wide Common Assessment (VIA submission required)

N/A

Field Experience Requirement

A field experience is a part of this course. A field experience includes a variety of early and ongoing field-based opportunities in which candidates may observe, assist, and/or

teach. Field experiences may occur in off-campus settings, such as schools (CAEP, 2016). Below are REQUIRED PROCEDURES FOR ALL STUDENTS ENROLLED IN THIS COURSE.

1. Complete the online EDSE Field Experience form. This online form will be sent to your GMU email from EDSEfld@gmu.edu on the first day of the semester. Click on the link and complete the form as soon as possible. ALL students should complete the required form, as this information is required by the state. Please direct any questions about the form to Dr. Kristen O'Brien at EDSEfld@gmu.edu.
 - If you are a full-time contracted school system employee and will complete the field experience at your worksite with administrator and instructor approval, you will be asked to specify the school at which you will be completing the field experience.
 - If you request a field experience placement, you will receive information via your GMU email about your assigned internship placement from the Clinical Practice Specialist in the College's TEACHERtrack Office. Check your GMU email regularly for important information regarding your field experience. Follow all instructions for the necessary Human Resource (HR) paperwork required to access the assigned field experience placement. Note that you may NOT arrange your own field experience placement.

2. View the EDSE Field Experience Introduction presentation. On the first week of classes and prior to representing George Mason in off-campus settings, your instructor will show a video presentation or provide a link to the presentation, which includes important information about the registration process for EDSE field experiences and tips for a successful field experience. After the presentation, sign the document provided by your instructor to indicate that you have watched the presentation and are aware of the EDSE field experience professionalism expectations.

3. Complete the GMU Experiential Learning Agreement packet (ELP). Mason requires all students completing off-campus field experiences in schools or other agencies to complete this packet. Once you have received your field experience placement, complete and submit this packet to the provided link.

4. Document your field experience hours. Your instructor may provide you with access to field experience documentation forms to use in documenting the hours and activities completed in your field experience placement. Your instructor will provide more directions on how to use and submit the documentation form.

5. Complete the field experience end-of-semester survey. Towards the end of the semester, you will receive an email from EDSEfld@gmu.edu with a link to an online survey. This brief survey asks you to report about important features of your field experience placement.

Other Assignments

Weekly Participation. Active participation in this course is required, as much of the content necessitates full engagement in discussions and activities. Each week, three participation points are available and may require submitting products, surveys, discussion board posts, or other documentation. In certain weeks, candidates may not be required to submit an item. Participation points may be deducted for late arrival or early departure, or all points may be withheld for an absence.

Reading and course content reflection. This course contains a written and question/answer assignment based on readings, lecture, and discussion content. Please ensure you stay current on course readings and take notes on lecture and discussions. Questions may include, but are not limited to, eligibility for students with blindness and visual impairment, assessment considerations, challenges related to evaluation, accessibility, availability of reliable and valid instruments, recommendations for assessments and curricula/intervention based on case studies and scenarios, team collaboration, advocacy, and laws and policies that govern assessment and education. Citations will be required to support answers on certain questions. Candidates are advised to keep notes and reference records throughout the course of key information.

Assignment Summary

Assignment	Points	Due date
Participation 14x3 plus 8 additional points for asynchronous session and NRMA assignment	50	Weekly
Assessment history report	30	March 23, 2022
Reading and course content reflection	40	April 6, 2022
Complete learning media evaluation	70	April 27, 2022
Total	190	

Course Policies and Expectations

Attendance/Participation

This course is comprised of interactive discussions and lectures; attendance at each synchronous course meeting is mandatory. Only in the case of an emergency or other urgent situation will an absence be excused. Candidates must inform the instructor in advance of an upcoming, unavoidable absence, or as soon as possible if there is an emergency. It is up to the discretion of the instructor to excuse the absence, which may or may not allow makeup for participation points.

Late Work

All coursework must be submitted on time in the designated location on Blackboard. A candidate who has an approved accommodation for extended time must inform the instructor in writing, in advance with documentation for this approved accommodation from the Consortium university before an assignment requiring extended time is due. In

the event of an emergency, candidates must inform the instructor of the situation; it is up to the instructor to determine if a scenario may warrant a time extension. Time extensions will not be granted retroactively and late work for any reason may be penalized points.

Other Requirements

Assignment completion and submission policies

All assignments must be original work completed during this semester (Spring 2022). Assignments, papers, assessments or other products from other semesters or courses may not be submitted for credit in this class.

All assignments are to be posted in the designated location on Blackboard or with the specific directions provided by the instructor. Assignments that are sent via electronic mail or posted to the incorrect assignment location may not be counted as completed or submitted for credit. Please post your final products in one attempt on Blackboard (multiple submissions are permitted in one attempt). Students must confirm their assignments have submitted properly and in full. Certain assignments might require posting video(s) photo(s) and other multi-media elements. [Kaltura allows students to post video content to Blackboard, directions found on this link.](#)

Grading

Percent	Points	Grade
93-100	176-190	A
90-92	171-175	A-
88-89	167-170	B+
83-87	157-166	B
80-82	152-156	B-
75-79	142-151	C
70-74	133-141	C-
65-69	123-132	D
≤64	≤121	F

***Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site \(https://oai.gmu.edu/\)](https://oai.gmu.edu/) and [Honor Code and System \(https://catalog.gmu.edu/policies/honor-code-system/\)](https://catalog.gmu.edu/policies/honor-code-system/). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

See [Policies and Procedures](https://cehd.gmu.edu/students/policies-procedures/) (<https://cehd.gmu.edu/students/policies-procedures/>).

Students are expected to exhibit professional behaviors and dispositions at all times.

Professional dispositions are an essential function of a special educator's job, indicating that these dispositions are critical to develop and assess in special education licensure programs. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student's program – a self-evaluation at the start of their program, a self-evaluation at the mid-point of their program, and a university supervisor's evaluation during internship. In special education graduate licensure programs, the initial self-evaluation is completed in designated courses (EDSE 241, EDSE 361, EDSE 311), the mid-point self-evaluation is completed in designated courses (EDSE 445, EDSE 465, and EDSE 419), and the internship evaluation is completed by instructors in EDSE 482, EDSE 483, and EDSE 484. In addition to these three designated evaluation times, instructors may complete instructor-rated disposition assessments other times throughout the program. When dispositions are assessed, it is important that for areas where a positive disposition is rated as "not proficient," the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing.

See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services](https://ds.gmu.edu/) (<https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to viahelp@gmu.edu or <https://cehd.gmu.edu/aero/assessments>.
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/) (<https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>).

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Non-confidential Employee” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website [College of Education and Human Development](http://cehd.gmu.edu/) (<http://cehd.gmu.edu/>).

Appendix
Assessment Rubric(s)

	Does Not Meet Standard 1	Meets Standard 2	Exceeds Standard 3
<p>Description of learner background and interviews</p> <p>B&VI, Standard 1</p> <p>Candidate summarizes learner background information from interviews and existing data and describes the impact of learners' academic and social abilities, attitudes, interests, and values on instruction.</p>	<p>Candidate provides an incomplete summary of relevant background information. Candidate does not interview a family member or legal guardian, teachers, or student. The candidate does not or partially provides the impact of learners' academic and social abilities, attitudes, interests, and values on instruction.</p>	<ul style="list-style-type: none"> •Candidate describes the impact of learner's academic and social abilities, attitudes, interests, and values on instruction. •Candidate interviews parents or legal guardians and reports relevant background information (e.g. family and medical history) and concerns of family members. 	<ul style="list-style-type: none"> •Candidate describes the impact of learner's academic and social abilities, attitudes, interests, and values on instruction. •Candidate interviews parents or legal guardians and reports relevant background information (e.g. family and medical history) and concerns of family members. •Candidate reports gaps and/or discrepancies in assessment data and seeks clarification and/or recommends continuing assessment.
<p>Relevant background information.</p> <p>B&VI Standard 4</p> <p>The candidate gathers relevant background information from existing assessments and learner data.</p>	<p>Candidate provides a partial or incomplete synthesis of other existing assessment data or reports.</p>	<p>Candidate gathers relevant background information by synthesizing assessment data from a variety of reports, evaluations, and interviews.</p>	<ul style="list-style-type: none"> •Candidate gathers relevant background information by synthesizing assessment data from all available reports, evaluations, and interviews.

	Does Not Meet Standard 1	Meets Standard 2	Exceeds Standard 3
<p>Description of communication and linguistic background</p> <p>B&VI, Standard 1</p> <p>The candidate will describe the effects of visual impairment on learning, experience and receptive and expressive literacy and communication and the effects of cultural and linguistic differences on growth and development.</p>	<p>Candidate does not adequately address the effects of visual impairment on learning and experience and receptive and expressive literacy and communication.</p> <p>Candidate does not adequately address the effects of cultural and linguistic differences and growth and development.</p>	<ul style="list-style-type: none"> •Candidate describes the effects of visual impairment on learning, experience and receptive and expressive literacy and communication. •Candidate describes individualized strategies that are currently being used to enhance language development and teach communication skills to learner with visual impairment. •Candidate addresses the effects of cultural and linguistic differences on growth and development. 	<ul style="list-style-type: none"> • Candidate describes the effects of visual impairment on learning, experience and receptive and expressive literacy and communication. •Candidate describes individualized strategies that are currently being used to enhance language development and teach communication skills to learners with visual impairment. •Candidate addresses the effects of cultural and linguistic differences on growth and development. •Candidate cites and summarizes research literature from the field of visual impairment to support statements related to the above topics.

VI Consortium Syllabi Addendum

Disability Accommodations

Students with disabilities who seek accommodations in VI Consortium courses must be registered with their university disability services office and provide documentation of approved accommodations privately to instructors in a timely manner each semester. No accommodations will be implemented before official notification from the student's home Consortium university is received. Accommodations will be implemented as stated in the official notification from the university.

Honor Code

All students participating in BVI courses must adhere to their university honor code and will be asked to pledge adherence to the honor code. Additionally, all work submitted must be the students' own work and contain proper citations and any work submitted for a grade must be completed during the academic semester in which it is submitted for grading. Any deviations from the home university honor code will be reviewed by that university's governing body. The VI Consortium agrees to accept the actions or sanctions imposed by the home university's governing body.

Field Experiences

Many VI Consortium courses require field and practical experiences in schools or other settings. Students may not arrange their own field experiences. All students must comply with their home university protocol for participation in field experiences, including:

- Immediate and timely correspondence with the home university field placement office to submit field placement request procedures by home university deadlines;
- Timely compliance with submitting applications, documentation, background checks, and credentialing by the university and participating school system and/or agency for field work within the required deadlines; and
- Compliance with provisions and protocol for engaging in field experiences with the selected school, student(s), teachers, and administration.

No field experience placements will be made until all Consortium and home university requirements have been successfully met. Students may be removed from field placement settings if deemed necessary by the Consortium or home university.

Identification, Course, and Resource Access

While students apply to and register through their Consortium universities, all Consortium BVI courses operate through Mason and all VI Consortium students are given Mason credentials and a Mason G number. Students must keep record of their Mason G number, as this will serve as their identification should they ever pursue education or employment directly through Mason. All courses require Mason

credentials to log on, as does access to the electronic library and other resources used in courses. All students are also given Mason electronic mail accounts. Please activate and maintain this account, as course and program information are supplied through this account.

Advising

All students taking BVI courses must have current advising and a program of studies to ensure course enrollment follows the advised program for individual candidate circumstances.

Copyrighted Material and Intellectual Property

Materials (e.g., case studies, technology, books, articles, videos, and other media) shared through BVI courses may contain those with copyright and/or intellectual property protections. Students may not share any materials or media outside of this course, on social media, or other means. References with proper citations may be made to refer to these materials and media in all uses, whether in class or elsewhere.

Live Course Sessions and Course Recordings

Generally, synchronous courses are recorded and stored for future access should students experience a disruption to internet or power service during live sessions. Under no circumstances are these recordings to be shared with anyone. Likewise, live sessions and recordings may not be audited, observed, or accessed by individuals not currently enrolled in the specified courses. All students must ensure the confidentiality of others in the class. Please also do not disclose personal information about yourself or anyone else during live and recorded sessions, including messages submitted in chat functions. Any personal information needing to be relayed to the instructor must be done so privately.

Full Attention

Students must give 100% of their attention during synchronous class meetings and are expected to be fully engaged. Students may not drive or supervise others during class time or engage in non-course related activities that divert their attention away from the class.
