Course Description

Examines relevant legislation and evidence-based practices related to person-centered transition planning for students with varying disabilities throughout the K-12 system and into adult life. Focuses on effective alternative assessment, coordination of community services, functional academic and social/life skills, stakeholder involvement, employment, and independent living.

Course Overview

EDSE 451 examines person-centered transition planning for students with varying disabilities throughout the K-12 system and into adult life. This course focuses on effective alternative assessment, coordination of community services, functional academic and social/life skills, stakeholder involvement, employment, and independent living.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or speced@gmu.edu for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard
7. Guest Lectures

Learner Outcomes

Upon completion of this course, students will be able to:

1. Understand the legal requirements of the transition process as stated in the Individuals with Disabilities Education Act.
2. Understand the principles of person-centered planning while including parents/guardians, general, career, and technical teachers; counselors; and community-service providers.
3. Demonstrate how to implement cognitive strategies in self-regulation, appropriate social skills, attention, memory, motivation, and self-determination.
4. Identify, describe, and design alternate assessments for learners with disabilities to include formal, informal, and vocational assessments that demonstrate learning outcomes and postsecondary interests and aptitudes.
5. Identify evidenced-based practices for eliciting family involvement throughout the transition planning process.
6. Describe the impact of socio-economic status when making decisions related to post-school options.
7. Demonstrate an understanding of evidence-based instructional strategies for facilitating transition skills into the community, workplace, and postsecondary environments.
8. Demonstrate how and when to incorporate the use of technology in the educational, employment and independent setting, post-graduation.
9. Write appropriate IEP objectives and goals specific to transition to include related services and accommodations that address postsecondary education, training, employment, and independent skill development.
10. Demonstrate the ability to consult, collaborate and provide case management by coordinating services with general educators, related service providers, and other providers.
11. Identify the roles and responsibilities of each IEP team member involved in completing the transition component of the IEP and how to conduct the meeting while including all stakeholders.

12. Understand graduation requirements, diploma options and legal concerns related to age of majority.
13. Demonstrate knowledge of federal and Virginia laws, Standards of Learning, and agencies that require and provide for transition, vocational, and rehabilitation services for students with disabilities.
14. Identify organizations, services, networks, and the variety of state and local agencies that maximize the interagency effort involved in the transition process for students with disabilities.
15. Demonstrate an understanding of consent to share information including confidentiality and disability disclosure.
16. Understand entitlement and eligibility for agency services to include Social Security, benefits planning, work incentive, Medicaid, community independent living, and waivers.

Professional Standards

(Council for Exceptional Children [CEC] and the Interstate Teacher Assessment and Support Consortium [InTASC]). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 2: Learning environments (InTASC 3); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 4: Assessment (InTASC 6); CEC Standard 5: Instructional planning and strategies (InTASC 7,8) & CEC Standard 7: Collaboration (InTASC 10).

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy). **VIA: Transition Plan with Assistive Technology**

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 451, the required PBA is Transition Plan with Assistive Technology. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

Assessment 1: Transition Plan with Assistive Technology (40 points)

The purpose of this assessment is to have students demonstrate knowledge of the individualized planning process required for the development of a transition plan for secondary students with mild to moderate and or severe exceptional learning needs. Students will demonstrate an understanding of the components of the transition plan. Based upon case information provided, students will construct a transition plan that is legally sufficient and educationally appropriate for the described student. Students will use curricular resources and evidence-based practices to demonstrate their ability to plan appropriately for the student with exceptional learning needs. Rubrics and Guidelines are available in Blackboard. This assignment may be done with a partner in class or independently and will be worked on during class. If working in partners, each student must submit into Blackboard and VIA. This assignment will be handed in through Blackboard and VIA. Please note that you will not receive credit for this assignment if only handed in to Blackboard. You will submit in Blackboard and VIA. Rough draft will be submitted on 4/28, final will be handed in on 5/5.

Assessment 2: Site Visit, paper and share with class: To a Community Agency or School Resource that Facilitates Transition Skills (15 pts)

Your task is to visit (if you are unable to physically visit a site due to COVID restrictions, you may do a telephone interview and review of the website) one transition service/agency or organization either in the community or school setting and describe the services available to youths with disabilities that relate to transition. Acceptable options are available to you on Blackboard. Your “lens” for this visit should be, “What opportunities exist for youth with disabilities during or after high school graduation. Please note that if a review of the website does not yield the information required for the assignment, you will need to reconsider your choice and select on that does inform you of all components of the assignment. Visiting a site at your current employment site is not acceptable for this assignment. Your paper and class share is

due on 2/22. It is imperative that you coordinate this visit asap, as individuals are often difficult to reach.

Assessment 3: Iris Online Module and Quiz (15 points)

The IRIS module: "Secondary transition: Helping students with disabilities plan for post-high school settings" will provide you with information on the transition from secondary to post-secondary environments. This module should take approximately one hour to complete.

Directions: Go to <https://iris.peabody.vanderbilt.edu/module/tran/> and complete all parts of the IRIS Module except the Assessment (challenge, initial thoughts, perspectives and resources, and wrap up). After completing the IRIS module, you will complete a quiz in class on 4/12 which will assess your understanding of the content. You may use notes that you took while completing the module (one-page front and back 8.5 x 11).

Assessment 4: Article Review Presentation (15 points)

You will work with a partner and complete one peer reviewed journal article related to a transition related topic. The topics can cover any of the following areas of transition: Curriculum, strategies, assessment, best practices, service coordination practices or adult services. The article must be peer reviewed and in a scholarly journal or book. Together you will present a 5-10-minute review of your article by presenting a ppt and an interactive activity. Please feel free to select an area not listed here as those mentioned are only suggestions. Please see rubric for detailed explanation of article presentation. Presentations will be due on 4/5.

Assessment 5: Attendance, Participation, and Reading Checks (25 points)

Participation includes the asking of questions and contribution to interactive discussion. Students are to complete the required readings and assignments prior to the relevant class meetings. Reading checks may be given during any class session to assess your preparation for the daily discussion. Be aware that any points available through classroom activities during a time of absence will NOT be earned and cannot be made up.

Points for class attendance and participation are positively impacted by:

1. Attending class and being psychologically available to learn
2. Completing and handing in all class assignments
3. Participating in class discussions/activities
4. Thoughtfully contributing to class discussions
5. Listening to the ideas of other peers
6. Demonstrating an enthusiasm for learning
7. Handing in a reflection entry (This must be handed in prior to the next class and only if you attended the class- see class schedule for submission dates)

Assessment 6: Post-Secondary and Annual Objectives Quiz (10 points)

This quiz will be given to measure one's ability to develop appropriate post-secondary goals and annual objectives that meet the required components of a properly written transition plan. Goals

and objectives must be written measurably and according to IDEA’s required elements. Due in class on 2/10.

Assessment 7: Midterm Exam (15 pts)

The midterm exam will consist of multiple choice, true and false, and short answer questions. You will be allowed to use any notes taken in class. You may use one 8.5 X11 front and back paper when taking exam. You may not use your computer during this exam. This exam is on 3/24.

Assessment 8: Final Exam (15pts)

The final exam will be essay based, closed book and closed notes. In class exam on 5/5.

Course Policies and Expectations

Attendance/Participation

Class attendance and professional participation at all sessions is very important because many of the activities in class are planned in such a way that they cannot necessarily be recreated outside of the class session. Students are expected to (a) attend all classes during the course, (b) arrive on time, (c) remain in class for the duration of each session, (d) actively participate and demonstrate professional behavior in the classroom, and (e) complete all assignments with professional quality and on time. All assigned readings should be completed prior to class. (Note: assigned readings may be added or removed as the semester progresses.) Please understand that you will not earn participation points if you have missed class.

Late Work

To successfully complete this course, students need to adhere to all due dates for readings and assignments. All assignments should be submitted on the assigned due date. To be considered on time, assignments must be submitted by the start of class on the due date, unless otherwise noted by the instructor. On all assignments, full credit is available for those submitted on time. For every 24-hour period that an assignment is late, a 5% point deduction will occur. After one week from the due date (or until the last class session per the syllabus, whichever comes first), assignments will not be accepted. Please contact the instructor in advance if there is a problem with submitting your work on time.

***Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures](https://cehd.gmu.edu/students/policies-procedures/) (<https://cehd.gmu.edu/students/policies-procedures/>). Students are expected to exhibit professional behaviors and dispositions at all times. Professional dispositions are an essential function of a special educator’s job, indicating that these dispositions are critical to develop and assess in special education licensure programs. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student’s program – a self-evaluation at the start of their program, a self-evaluation at the mid-point of their program, and a university supervisor’s evaluation during internship. In special

education graduate licensure programs, the initial self-evaluation is completed in designated courses (EDSE 241, EDSE 361, EDSE 311), the mid-point self-evaluation is completed in designated courses (EDSE 445, EDSE 465, and EDSE 419), and the internship evaluation is completed by instructors in EDSE 482, EDSE 483, and EDSE 484. In addition to these three designated evaluation times, instructors may complete instructor-rated disposition assessments other times throughout the program. When dispositions are assessed, it is important that for areas where a positive disposition is rated as “not proficient,” the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services](https://ds.gmu.edu/) (<https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to viahelp@gmu.edu or <https://cehd.gmu.edu/aero/assessments>.
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/) (<https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>).

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Non-confidential Employee” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.
