This course provides candidates in the Education Leadership Program with an intensive and extensive set of field experiences in a variety of school settings. In the first semester, candidates plan the internship experience, and over the next year enact their internship, reflect, and document internship experiences, and prepare a culminating online portfolio that summarizes their accomplishments.

**Course Delivery**

This is delivered in a hybrid format, with face-to-face sessions and synchronous and asynchronous delivery format when online. You will log in to the Blackboard (Bb) course site using your Mason email name (@gmu.edu) and email password. The course site will be available on 1/19/2022.

Under no circumstances may candidates/students participate in online class sessions (either by phone or internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, online participation requires undivided attention to course content and communication.

**Technology Requirements**

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers, [click here](#). Also, to get a list of supported operation systems on different devices, [click here](#).

## Internship Requirements

All candidates seeking state licensure in *PK-12 Administration & Supervision* are required by both the state and other accrediting agencies to complete a standards-based internship. The internship provides opportunities to apply theory to practice within a broad range of leadership and administrative tasks. The central focus of the internship is on planning, experiencing, and reflecting on major responsibilities in school administration and supervision. The internship focuses on the development of skills in the seven areas defined within the NELP Standards for Building Leaders.

Students registered for EDLE 791 should be taking EDLE 690 – Using Research to Lead School Improvement or should have already completed this class. (As a culminating activity in the EDLE 690 class, students develop a plan for implementing an internship improvement project that becomes the capstone field experience within their internship.)

Students complete a set of required activities that scaffold to each of the NELP standards, representing approximately half of the internship activities. One of the distinctive features of the internship within the EDLE program is that the remaining portion of the internship is designed based on a self-assessment of leadership competencies and career objectives. Your internship plan is based on dialogue with your university supervisor (the instructor for this class) and site supervisor (a licensed administrator you choose, typically from your home school), and your assessment of the leadership experiences that best demonstrate your knowledge and ability to perform the leadership proficiencies embodied in the NELP standards.

Specific requirements in the internship are described in detail in the Internship Manual. These include the following:

1. The intern will understand and demonstrate proficiencies and dispositions consistent with the *NELP Standards for School Leaders*.
2. The intern will work with their his or her university supervisor, site supervisor, and other school leaders to prepare an *Internship Plan* that describes field experiences the intern will pursue in order to demonstrate his/her development of the range of leadership proficiencies associated with each standard. The internship plan will include each of the required activities, including enactment and evaluation of the *Internship Improvement Project* planned during completion of EDLE 690.
3. The intern will implement the *Internship Plan* (previously approved by the University supervisor). During implementation, the intern will maintain up-to-date records, including internship hour verification; frequent reflective journal entries demonstrating growth and understanding; and compilation of artifacts reflecting accomplishments. The final portfolio must include descriptions, artifacts, and reflections for each of the required activities.
4. Internship activities will result in a *minimum* of 320 clock-hours of field-based experience, with 260 spent on required performance tasks. Experiences should include a balance of activities, some of which will be outside of the primary area of assignment.
5. The intern will complete tasks at their primary site and four additional sites. The intern is required to work at least 80 total hours for these four sites with no less than 10-15 completed for each location (as long as the total time at the four additional sites adds up to a total minimum of 80 hours).

6. The intern will complete a *Collective Record* (electronic portfolio) of internship accomplishments. The preparation of the *Collective Record* is an ongoing and culminating part of the internship experience.
7. The intern will seek guidance and feedback from the site supervisor throughout completion of field experiences and solicit a summative assessment in the form of the *Evaluation of Student Intern*, which is completed by the site supervisor at the end of the internship.
8. The intern will present the web-based *Collective Record* to the university supervisor upon completion of all requirements. An individual meeting will be conducted to discuss the record and internship experiences prior to completion of the course.

## Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles.

**Blackboard:** This course will be delivered on GMU's Blackboard platform, so students are required to have access to Blackboard. A Blackboard site is available to all students enrolled in the course at: <http://mymason.gmu.edu>. You need to log on using your GMU username and password.

**Video/Screen casting Tools:** You will use Kaltura, Collaborate, and ZOOM to record group presentations.

**Group Work:** You will use online tools (e.g., Google docs, OneDrive, Prezi) to participate in various learning activities throughout the semester.

**Collaboration:** You will communicate with your colleagues and instructor using Zoom for both group collaborative sessions and the instructor's virtual office hours. You might also use Bb Collaborative Ultra as possible video communication platforms when needed.

**Email:** All candidates are required to activate and monitor their GMU email accounts. I strongly recommend that you do not forward your Mason email to a different account because attachments are often lost that way. It is best to check email directly from your Mason account daily. Per university policy, in compliance with federal law, I will only communicate with candidates via their GMU email accounts and will be unable to respond to emails sent from other accounts (i.e., Gmail, yahoo, work email, etc.). Any announcements regarding the course will be sent to your GMU account. I will respond to emails within 48 hours, excluding weekends.

## Time Limits

Enrollment in the internship must total not fewer than three credit hours, representing a minimum of 320 clock hours of field-based internship experiences. The completion of the internship takes place over a period of *not fewer than* 12 months. Candidates must complete and submit their culminating portfolio, the Collective Record, within 18 months of the date their Internship Plan is approved by their University Supervisor (the instructor for this class).

The University Supervisor may require revision and resubmission of the Collective Record and/or completion of additional internship activities in order to successfully complete the internship. Candidates must complete the internship and receive a satisfactory grade within 24 months of the date their Internship Plan is approved by their University Supervisor. Failure to satisfactorily complete the Collective Record and be graded in EDLE 791 will result in being assigned an NC (no credit) grade. Candidates who exceed the 24-month time limit may re-enroll in EDLE 791 to complete their internships.

## Grading

This course takes place over an extended period of time, so students receive a grade of IP ("in-progress") at the end of the first semester. Students are ultimately graded as "satisfactory" (S) or "no credit" (NC).

As such, for each unit of this class, students are graded as "S" or "NC" as described below. A grade of "NC" for any unit indicates that the student has not fulfilled the requirements of the internship and must register anew for the class in a subsequent semester.

### ***VIA Performance-Based Assessment Submission Requirement***

Every student registered for any Education Leadership course with a required performance-based assessment is required to submit this assessment, the Collective Record, to VIA through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in VIA through Blackboard. Failure to submit the assessment to VIA (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required VIA submission, the IN will convert to an F nine weeks into the following semester.

### ***Participation Requirements***

Students are required to attend all in person classes. In addition, to maximize learning and engagement in the online environment, students are expected to participate actively in asynchronous class discussions, asynchronous and synchronous group activities, and serve as critical friends to other students. Below is a list of all required learning activities, by unit, which will count toward your overall participation grade. Please refer to the Course Participation Rubric for details.

**Unit 1 (100 max points)** - A main goal of the initial semester of EDLE 791 is completion of the internship plan. Plans are based on NELP standards. Approval of the internship plan marks the culmination of the unit and is the candidate's admission to clinical practice in the EDLE program. **Candidates must receive approval of their internship plan from their university supervisor before they may engage in internship activities. A grade of "S" will be assigned if you earn 80 or more points on this unit.**

- Scavenger hunt worksheet (10 points)
- Internship application (10 points)
- Critical reflection - shadowing your principal (10 points)
- Group assignment – Standards and activities (20 points)
- Submit plan to university supervisor for final approval (50 points)

**Unit 2 (500 max points)** - Unit 2 of this class involves implementing the internship plan, i.e., conducting your internship. Students are required to post reflections and artifacts for each required activity and at least one additional activity per standard.

At least every two months, the intern will submit to the instructor a complete log of internship activities; the instructor will provide feedback to help monitor progress. **A grade of "S" will be assigned if you earn 400 or more points on this unit.** The following participation activities are required for Unit 2:

- Every two months for one full year you will submit via Blackboard, a log of all of your internship activities completed for that two-month period. Each submission is worth 15 points (90 points).
- You will post reflections and artifacts for each required performance and at least one additional activity per standard, with no more than three additional activities for a single standard, to provide evidence of your leadership learning during the internship. There are 25 **required** activities totaling 250 hours of your internship and each **required**

activity reflection/ artifact submission is worth 10 points (25 required x 10 points = 250 points total).

- As the internship requires 320 hours, a minimum of 70 hours remain to be accumulated beyond the 260 hours from required activities. Similarly, 400 points are needed to pass Unit 2 but only a max of (90 + 250 = 340) points come from bimonthly logs and required activity submissions. The 70 hours needed to reach the minimum of 320 hours and the 60 points needed to reach the 400 points for an "S" come from **additional** activities. **Students will add at least one additional activity to each standard and up to two for any given standard.** Each additional activity reflection/ artifact is worth 10 points. If a student receives full credit on all logs (90 points), and all required reflections (250 points), and submits two additional activities for each standard (2 additional activities x 7 standards x 10 points = 140 points) this will result in a total of 480 points.
- Ethnography Part II Video (assigned in EDLE 620, 20 points)

**Unit 3 - Collective Record (400 points)** – Unit 3 of this class Collective Record Part 3 involves completing and submitting the culminating portfolio, the Collective Record of internship activities. The Collective Record is graded using two rubrics, one for internship activities excluding the Internship Improvement Project, and one for the Internship Improvement Project, which deals primarily with the intern's impact on education outcomes.

The Collective Record is the performance-based assessment for this class. To receive a grade of "S," you must score a 320 or better on both assessments of the Collective Record and the IIP Project. Note, also, that taking and passing the **School Leaders Licensure Assessment (SLLA)** is a requirement for receiving an "S" grade for EDLE 791. The candidate's SLLA record must be scanned into the appropriate section of the Collective Record. The SLLA is a required performance for EDLE 791.

### **Course Policies**

Assignments are due by 11:59 p.m. on the dates listed on the syllabus. Late assignments will not be accepted except in emergency situations that have been discussed and approved by the instructor in advance of the due date. Please take advantage of instructor office hours and availability to get assistance **prior** to assignment deadlines.

### **GMU Policies and Resources for Students**

#### ***Policies***

All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
