George Mason University College of Education and Human Development Physical Activity for Lifetime Wellness

Weight Training/Body Conditioning - RECR-120-004 (Spring 2023)

1 Credit Spring 2023
Tuesdays and Thursdays 10:30 AM – 11:45 AM
RAC Fairfax Campus
Tuesday, March 21 – Thursday, May 4

Faculty

Name: Steve Gallagher

Office Hours: By appointment

Office Location: Before and after class Email Address: sgallag@gmu.edu

Prerequisites/Corequisites

None

University Course Catalog Description

Introduces students to fitness and healthy lifestyles. Provides students with an overview of the various types of weight training, with an emphasis on circuit training method.

Course Overview

Athletic attire is required for this class. If you do not come prepared, you will be marked as absent. Appropriate wear should include t-shirt/sweatshirt, shorts, sweatpants, athletic socks, and proper athletic shoes. Jeans and any kind of sandal open-toe shoes are not allowed in the gym or weight room. Always check Blackboard before coming to class.

Please be prepared to participate in activity first day of class.

Cell phones/electrical devices are not permitted in class or on the weight room floor. There is no exception to this rule.

Students are required to clean RAC equipment as required by RAC policy.

Course Delivery Method

This course is an activity-based course.

Learner Outcomes or Objectives

This course is designed to enable students to do the following:

- 1. Use equipment properly.
- 2. Explain the purpose of and demonstrate a circuit weight training program.
- 3. Design a fitness plan that meets his/her current level of fitness
- 4. Develop an appreciation for healthy lifestyles and lifetime fitness by stating what you will do in terms of personal fitness after leaving this course.

Professional Standards: Not Applicable

Required Texts: None

None. Readings will be posted on Blackboard as needed.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, hard copy).

Workout Logs, Assignments and Quizzes

- 1. Workout Posts There will be a requirement to post in detail six workouts.
- 2. **Assignments** There will be a total of five assignments scheduled throughout the semester. Assignments must be submitted to Blackboard (as applicable) on assigned due dates.
- 3. **Quizzes** There will be a series of three multiple choice quizzes posted to Blackboard. Each quiz must be completed prior to the posted deadline to receive credit.

Attendance/Lab Exercises

Attendance and performance of lab exercises during class will be the most important component for grading. Students must be on time, attend the entire class and participate in assigned lab exercises to receive full credit for class attendance. Unexcused absences, late arrivals and lackadaisical performance could adversely affect your grade. (Absences are only excused by a doctor's note. The doctor's note must be emailed or presented immediately upon return to class. Text, emails, phone calls do not excuse an absence. Doctor's notes only excuse class participation and do not excuse completion of workout logs, assignments, or quizzes.)

Grading Scale (%)

A 90 – 100

B+ 88 – 89.9

B 84 – 87.9

B-80-83.9

C+ 78 – 79.9

C- 70 – 73.9

D 60 – 69.9

F = 0 - 59.9

Components for Final Grade

Workout Logs – 30 Points
Quizzes – 75 Points
Assignments – 25 Points
Attendance – 70 Points
Total Possible Points – 200 Points

(e.g., 180 or more points is an A)

Professional Dispositions

See https://cehd.gmu.edu/students/polices-procedures/

Class Schedule

Week 1

- 1. Class overview (syllabus)
- 2. Fitness screenings and assessments for body composition, posture, stability and mobility, balance, flexibility, muscular endurance, muscular strength and aerobic conditioning
- 3. ACSM Risk Stratification and classification
- 4. Physical Activity Readiness Questionnaire (Par Q)
- 5. Health benefits of regular cardiorespiratory conditioning
- 6. Energy pathways
- 7. Heart rate zones
- 8. Ventilatory thresholds
- 9. RPE
- 10. Anatomical planes of motion (sagittal, frontal and transverse), kinesiology and fundamental movements
- 11. Major muscles shoulder girdle, shoulder, elbow/forearm, wrist, trunk, hip joint, knee joint, ankle/foot
- 12. Guided discovery of different types of exercise modalities and options

Week 2

- 1. Strength curve
- 2. FITT (or FITT-VP) model
- 3. Equipment usage and safe practices
- 4. Exercise library
- 5. Guided discovery of different types of exercise modalities and options
- 6. Seven basic training principles (Individual Differences, Overcompensation, Overload, Adaptation to Imposed Demands, Use/Disuse, Specificity and General Adaptation System)
- 7. Dynamic warm-up and post-workout stretching
- 8. Workout log

Week 3

- 1. Guided discovery of different types of exercise modalities and options
- Phases of cardiorespiratory training programming and progression (ACE IFT Model aerobic-base training, aerobic-efficiency training, anaerobic-endurance training and anaerobic-power training)
- 3. Phases of movement and resistance training (ACE IFT Model stability and mobility training, movement training, load training and performance training)
- 4. SMART goals
- 5. Weight training goal options general fitness, muscular endurance, muscular strength, muscular hypertrophy, and muscular power
- 6. Fitness program design

Week 4

- 1. Workout on gym floor to establish, apply and refine individualized fitness plan/program (supervised for adherence to principles, form, and technique)
- 2. Weight management and nutrition

Week 5

- 1. Workout on gym floor to apply and refine individualized fitness plan/program (supervised for adherence to principles, form, and technique)
- 2. Periodization (undulating and linear progressions, macrocycles, mesocycles, and microcycles)
- 3. Importance of rest and active recovery

Week 6

- 1. Workout on gym floor to apply and refine individualized fitness plan/program (supervised for adherence to principles, form, and technique)
- 2. Myofascial release

Week 7

- 1. Workout on gym floor to apply and refine individualized fitness plan/program (supervised for adherence to principles, form, and technique)
- 2. Review and presentation of individualized fitness plan/program
- 3. Fitness reassessments and evaluations

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).
- Students must follow the university policy for Responsible Use of Computing (see https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see https://ds.gmu.edu/).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

Support for submission of assignments to VIA should be directed to <u>viahelp@gmu.edu</u> or https://cehd.gmu.edu/aero/assessments. Questions or concerns regarding use of Blackboard should be directed to https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/.

• For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus

Notice of mandatory reporting of sexual assault, sexual harassment, interpersonal violence, and stalking:

As a faculty member, I am designated as a "Non-Confidential Employee," and must report all disclosures of sexual assault, sexual harassment, interpersonal violence, and stalking to Mason's Title IX Coordinator per <u>University Policy 1202</u>. If you wish to speak with someone confidentially, please contact one of Mason's confidential resources, such as <u>Student Support and Advocacy Center</u> (SSAC) at 703-380-1434 or <u>Counseling and Psychological Services</u> (CAPS) at 703-993-2380. You may also seek assistance or support measures from Mason's Title IX Coordinator by calling 703-993-8730, or emailing <u>titleix@gmu.edu</u>.
