University Catalog Course Description

Instructs students in self-defense Brazilian Jiu-Jitsu techniques. Appropriate for students who have no prior experience in martial arts or Brazilian Jiu-Jitsu.

Course Overview

Note: The nature of this course incorporates both offensive and defensive movements, and these actions are accepted as part of the class. However, this is an introductory course with the emphasis placed on executing proper skills and movements and not the contact itself. Excessive force, violence, competitive zeal or aggression are not required or expected and will **NOT BE TOLERATED**.

1. Students with injuries or pre-existing conditions that may affect performance must inform the instructor.
2. All communication will be through GMU e-mail.
3. Students will **NOT** wear shoes, tank tops, dresses, jeans or “cut offs” of any kind. All jewelry **MUST** be removed before class and stored properly.
4. Consistent attendance is necessary to develop minimum acceptable performance. Points will be taken off for each unexcused absence.
5. Gi and belt is required.

Course Delivery Method

This course is an activity course.

Professional Standards N/A

Required Texts

Handouts will be given from Jiu Jitsu University by Saulo Ribeiro (who Peter Giannetti studied directly under).

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, hard copy).

• Assignments and Examinations

Written exams are short answers. There is no mid- term exam. The final exam will be handed out from the instructor, or e-mailed. The final exam will be handed in on a date to be determined, which will be at the approximate end point of the semester. Students will have several hours to obtain and take the exam. The final written exam will be administered in class hour and will be cumulative. On the consideration that these exams would be given in-class on a specific class day, they will only be accepted on the date specified. No early hand-ins, mailings, or proxy hand-ins will be allowed.

Practical exams will be physical demonstration of skills taught in classes. The practical exam will be administered on or near the last scheduled day of class. Students are required to personally attend or make other arrangements with the instructor to take the test. In the case of the practical, it also allows for individual skills evaluation and grading in-class.

• Other Requirements

Attendance and Participation -Sixty (60) points possible depending on the calendar.

Five (5) points will be given each day with a deduction of **one (1) point** for each **five (5) minutes** that a student is late. Students must attend the entire class period and participate in the daily activities to receive full credit for the class. If you attend each class session, are

on time and participate as scheduled, you'll receive the full 5 points for that day. Unexcused absences, late arrivals, and lackadaisical performance could significantly affect the grade. Absences are excused with a doctor's note only. The doctor's note must be presented immediately upon return to class or can be scanned and emailed to the instructor. Emails, texts, or phone calls do not excuse an absence.

- **Course Performance Evaluation Weighting**

Attendance – 60 points
 Practical Exam – 30 points
 Final written exam – 10 points
