**Prerequisites/Corequisites**

Required Prerequisites: EDCI 510\* and EDCI 516

\* May be taken concurrently.

**University Catalog Course Description**

Examines approaches, methods, and techniques for teaching culturally & linguistically diverse learners in bilingual and ESL classrooms, as well as resources available in field. Critically analyzes and demonstrates teaching approaches based on second language acquisition research, including teaching language through content. Fieldwork hours are required.

**Course Overview**

This course includes an examination of current and past approaches, strategies, and techniques for teaching culturally and linguistically diverse learners. Students demonstrate teaching strategies, develop lesson and unit planning skills, and demonstrate knowledge of the application of linguistic, sociocultural, and sociolinguistic concepts in language teaching and learning.

**Course Delivery Method (Online)**

This course will be delivered online (76% or more) **using an asynchronous format** via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @gmu.edu) and email password. The course site will be available **August 21<sup>st</sup> at 8:00 a.m.**

**Under no circumstances may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.**

This online course is **not self-paced. You will be expected to complete one module every week.** Completing a Weekly Module includes reading, participating in Discussion Board, and completing any assignments and/or activities within that Weekly Module. You are asked to engage deeply with the course content, to take risks in your thinking, and to listen to and learn from your classmates.

### *Technical Requirements*

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see:  
[https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#supported-browsers](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)
- To get a list of supported operation systems on different devices see:  
[https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#tested-devices-and-operating-systems](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool. [Delete this sentence if not applicable.]
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download: [Add or delete options, as desire.]
  - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
  - Windows Media Player:  
<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
  - Apple Quick Time Player: [www.apple.com/quicktime/download/](http://www.apple.com/quicktime/download/)

### *Expectations*

- **Course Week: Our course will begin on Wednesday, August 23rd. Our asynchronous weeks will begin on Wednesdays and finish on Tuesdays.**
- **Log-in Frequency:**  
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week. In addition, students must log-in for all scheduled online synchronous meetings.

- Participation:  
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence:  
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues:  
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload:  
Please be aware that this course is **not self-paced**. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support:  
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- Netiquette:  
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- Accommodations:  
Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

### **Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

- 1) Learn the fundamental concepts of the knowledge base pertaining to ESL, English as a second dialect, and the teaching of other second and foreign languages; second language acquisition, psycholinguistics, sociolinguistics, pragmatics, and language pedagogy.
- 2) Learn to develop a lesson plan that uses the four language skills, listening, speaking, reading, and writing. This includes learning to develop a lesson plan that shows evidence of scaffolded, differentiated, and multi-level instruction.
- 3) Plan and manage a second language class effectively and be able to evaluate and selectively apply a range of teaching strategies as appropriate to their students' needs and characteristics, particularly as they apply to the skills and needs of diverse learners. For this

purpose, they will need to be able to assess different teaching situations and changing conditions in culturally and linguistically diverse classrooms, so as to select appropriate teaching procedures and adapt to teaching students with differing learning styles and cultural backgrounds.

- 4) Utilize research by understanding and critically evaluating second language learning theories to engage in a systematic investigation of the knowledge base to inform their own and others teaching practices.

**Professional Standards – TESOL/CAEP** (TESOL International Association Standards for Initial TESOL Pre-K-12 Teacher Preparation Programs). <https://www.tesol.org/advance-the-field/standards/tesol-caep-standards-for-p-12-teacher-education-programs>

Upon completion of this course, students will have met the following professional standards:

### **Standard 1: Knowledge About Language**

Candidates demonstrate knowledge of English language structures, English language use, second language acquisition and development, and language processes to help English Language Learners (ELLs) acquire academic language and literacies specific to various content areas.

**1a** Candidates demonstrate knowledge of English language structures in different discourse contexts to promote acquisition of reading, writing, speaking, and listening skills across content areas. Candidates serve as language models for ELLs.

**1b** Candidates demonstrate knowledge of second language acquisition theory and developmental process of language to set expectations for and facilitate language learning.

### **Standard 2: ELLs in the Sociocultural Context**

Candidates demonstrate and apply knowledge of the impact of dynamic academic, personal, familial, cultural, social, and sociopolitical contexts on the education and language acquisition of ELLs as supported by research and theories. Candidates investigate the academic and personal characteristics of each ELL, as well as family circumstances and literacy practices, to develop individualized, effective instructional and assessment practices for their ELLs. Candidates recognize how educator identity, role, culture, and biases impact the interpretation of ELLs' strengths and needs.

**2c** Candidates devise and implement methods to understand each ELL's academic characteristics, including background knowledge, educational history, and current performance data, to develop effective, individual instructional and assessment practices for their ELLs.

### **Standard 3: Planning and Implementing Instruction**

Candidates plan supportive environments for ELLs, design and implement standards-based instruction using evidence-based, ELL-centered, interactive approaches. Candidates make instructional decisions by reflecting on individual ELL outcomes and adjusting instruction. Candidates demonstrate understanding of the role of collaboration with colleagues and communication with families to support their ELLs' acquisition of English language and literacies

in the content areas. Candidates use and adapt relevant resources, including appropriate technology, to effectively plan, develop, implement and communicate about instruction for ELLs.

**3a** Candidates plan for culturally and linguistically relevant, supportive environments that promote ELLs' learning. Candidates design scaffolded instruction of language and literacies to support standards and curricular objectives for ELLs' in the content areas.

**3b** Candidates instruct ELLs using evidence-based, student-centered, developmentally appropriate interactive approaches.

**3c** Candidates adjust instructional decisions after critical reflection on individual ELLs' learning outcomes.

**3e** Candidates use and adapt relevant materials and resources, including digital resources, to plan lessons for ELLs, support communication with other educators, school personnel, and ELLs and to foster student learning of language and literacies in the content areas.

#### **Standard 4: Assessment and Evaluation**

Candidates apply assessment principles to analyze and interpret multiple and varied assessments for ELLs, including classroom-based, standardized, and language proficiency assessments. Candidates understand how to analyze and interpret data to make informed decisions that promote English language and content learning. Candidates understand the importance of communicating results to other educators, ELLs, and ELLs' families.

**4b** Candidates demonstrate understanding of classroom-based formative, summative, and diagnostic assessments scaffolded for both English and content assessment. Candidates determine language and content learning goals based on assessment data.

#### **Standard 5: Professionalism and Leadership**

Candidates demonstrate professionalism and leadership by collaborating with other educators, knowing policies and legislation and the rights of ELLs, advocating for ELLs and their families, engaging in self-assessment and reflection, pursuing continuous professional development, and honing their teaching practice through supervised teaching.

**5c** Candidates practice self-assessment and reflection, make adjustments for self-improvement, and plan for continuous professional development in the field of English language learning and teaching.

## **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, or both).

## **VIA PERFORMANCE-BASED ASSESSMENT SUBMISSION REQUIREMENT (5-Lesson Unit Plan & Reflection Analysis Paper). You will submit this PBA through a VIA link AND to a Blackboard Assignment Link.**

Every student registered for any Teaching Culturally, Linguistically Diverse & Exceptional Learners program course with a required performance-based assessment is required to submit this assessment and the Fieldwork Log of Hours and Evaluation Form to VIA through Blackboard (regardless of whether the student is taking the course as an elective, a one-time course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in VIA through Blackboard. Failure to submit the assessment to VIA (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required VIA submission, the IN will convert to an F nine weeks into the following semester.

## **Field Experience Record and Evaluation**

### **Field Experience**

The **field experience is a required component** of the teacher preparation program at George Mason University. All students will complete a minimum of **15 hours in field experience** for this course. Documentation of your field experience is required as well as a signed statement from your field experience teacher(s) or supervisor(s). If you are taking more than one course in a semester, you must complete 15 hours per course (e.g., two courses require 30 hours of field experience). This means you may be completing different tasks for different courses in the same placement. Materials and products used for one course cannot be used for another course (e.g., videos, lesson plans, activities, etc.) **You will submit this PBA through a VIA link AND to a Blackboard Assignment Link.**

**NOTE: Loudoun County Public Schools (LCPS) Cohort Teachers can complete field experience in their own classrooms and DO NOT need to request a field placement.**

**If you are taking this course and you are NOT part of the LCPS cohort, you MUST complete a Field Experience Request Form (FERF) through this link BY THE END OF THE SECOND WEEK OF CLASS:**

**<https://education.gmu.edu/office-of-teacher-preparation/field-experience/>**

**\*TCLDEL Fieldwork Log of Hours and Evaluation Forms must be completed by ALL STUDENTS and must be uploaded to VIA on Blackboard.** The forms are located on Blackboard.

## **Overview of Projects/Assessments:**

### **1. Lesson Planning Assessment (Common Assessment performance-based assessment)**

This Lesson Planning Assessment assignment is required across all initial licensure and/or add-on endorsement programs for accreditation purposes. It is situated in EDCI 519 in the TCLDEL ESOL licensure and/or add-on endorsement program. **See detailed directions below Class Schedule section of this syllabus.**

### **2. Teaching with Technology:**

Select an educational digital tool that can be utilized in today's classroom with bi-multilingual learners. **Please select a digital tool that is free to teachers.** This can be a digital tool that you currently use or would like to learn to use. You can choose one of the digital tools explored on Blackboard or choose another one. **This assignment has two parts.**

#### **Part I**

**Multimodal Infographic** – Use a **free** infographic maker to **create a well-designed multimodal infographic** to introduce the digital tool as an effective option for educators to use in their content and language teaching with bi-multilingual learners! Here is a website for optional tools to create infographics: <http://teacherrebootcamp.com/2017/12/infographicswebtools/>

#### **Part II**

**Create a 3-5 minute narrated multimedia presentation** that can guide other educators to use this tool and share a rationale for how it can support bi-multilingual children in learning content concepts and building language and literacy skills.

Options for the narrated multimedia presentation include Kaltura Capture (available to students via Bb), Screencast-O-Matic, a narrated PowerPoint, Vimeo, Panopto, etc.). You **DO NOT** have to appear on the video (video camera can be off).

**In your 3-5 minute narrated multimedia presentation, be sure to include the following:**

- Why you chose this digital tool
- Prominent, interesting features of the digital tool
- How this digital tool works—what do educators need to know/do to use it? To guide learners to use it?
- How this digital tool can support learning of content concepts and language/literacy development with bi-multilingual learners
- Your OWN idea for how you might employ this digital tool in an inclusive classroom with bi-multilingual learners with varied levels of English language proficiency.

**Use the assignment criteria checklist on Blackboard to guide your work.**

**You will share your Teaching with Technology Infographic AND 3-5 minute narrated multimedia presentation via a Discussion Board link (so that you can learn from and share feedback with one another).**

### **3. Micro-Teaching Application & Reflection**

**Micro-Teaching Application & Reflection:** For this assignment, you will **prepare and teach a 15-20 minute lesson segment** to a small group of ELs OR a whole class that includes ELs in your

field site. NOTE: LCPS cohort teachers can deliver the lesson segment in their own classroom if your classroom includes ELs.

**Decide the group and topic/content for the mini-lesson segment. *You are welcome to choose an active learning (e.g., engaging, hands-on) segment from one of the lessons in the 5-Lesson Unit Plan assignment.***

Your lesson segment should be centered on an **active learning task using an approach technique that you have learned in this course** (e.g., not teacher-led direct instruction or watching a video, reading a text, etc.). For example, you may wish to create a **translanguaging** or **multiliteracies** opportunity in your lesson segment! You may wish to include a **specific culturally or linguistically responsive element/component** in your lesson or integrate **collaborative technology**!

*Make a plan to implement all or a portion of your lesson plan between October 25<sup>th</sup> and November 7th.*

After implementing the lesson segment, you will reflect and share with a Critical Friends group via a Discussion Board link and receive feedback from your peers. **You will also share your reflection with the instructor via a Bb Assignment Link.**

**Please use the Micro-Teaching Application & Reflection template (see Bb) for your reflection.**

**REFLECTION (on template) DUE** by or before end of week 12 to DB link with Critical Friends AND Bb Assignment Link.

**On the template you will include:**

**Background Information** (5 points): Grade level, content area, and brief demographic info about the ELs to whom you taught this lesson segment (e.g., small group or whole class? How many ELs? What are their L1s? Include any other contextual info of importance).

**Connection to Standards, Content and Language/Literacy Aims, Rational for Instructional Choices** (10 points): VA SOL(s) and WIDA Standard that provided a foundation for your lesson segment; **Brief** explanation of the content and language/literacy aims of the 15-20 minute lesson segment; **Brief** explanation of why you chose the instructional approach (from this course) in your lesson segment.

**Answers to Reflective Questions:** Succinct but thorough (one or two paragraphs) answers to 4 reflective questions AFTER implementing the micro-teaching lesson segment:

1. *Overall, did your lesson segment go as you anticipated that it would? Why or why not? Be succinct but thorough in your response. (15 points)*
2. *What did you learn about implementing the approach that you chose? For example, please consider: What was easy/comfortable about teaching with this approach? Why? What was challenging in any way? Why? (15 points)*
3. *How did the ELs respond to your instruction? What scaffolds did you include to be responsive to the learners? What adjustments would you make if you were to teach this lesson segment again? Why? (15 points)*

*Reflecting on the micro-teaching experience, what did you learn about YOURSELF as a teacher? Why is this self-knowledge important? (15 points)*

#### **4. 5-Lesson Unit Plan & Reflection Analysis Paper (Performance-Based Assessment):**

Your thematic 5-Lesson Unit Plan will include a minimum of **five (5) days** of standards-aligned (VA SOLS) instruction based on the grade and content area (e.g., math, science, social studies, or ELA) of your choice. You will also write a Reflective Analysis paper. **See detailed directions in Class Schedule section of this syllabus.**

#### **5. Class Attendance & Informed Participation:**

Informed class participation is evidenced by thoughtful, thorough completion of **ALL** active learning activities in the Weekly Modules. Thus, candidates' discussion and other learning tasks should reflect deep learning from readings, videos, and any other online content within the Weekly Modules. While your knowledge as a current or future educator is important to your understandings, demonstrating the way that engagement with the course content expands your understanding as a reflective practitioner is expected and necessary for earning full participation points. That is, your work within each Weekly Module must reflect thorough preparation, which will be evidenced by critically analyzing, asking questions, making observations, and sharing reflections as well as by offering specific examples for incorporating learning from the course into their current or future teaching practice with culturally and linguistically diverse learners.

#### **Note for Online Courses:**

The main participatory activities are engaging in dialog with classmates via Discussion Board posts AND completing and sharing active learning application activities. **The Discussion Board posts and any other active learning tasks within a Weekly Module (e.g., WordPress blog entry, multimodal representations, application activities, etc.) are opportunities for candidates to demonstrate thorough engagement with all course content in the Weekly Modules.** A class participation rubric is located on Blackboard.

Candidates are expected to complete an **initial Discussion Board post by Sunday night at midnight and to respond briefly but thoughtfully to two peers' posts by Tuesday night at midnight.** Initial Discussion Board posts must be two well-developed paragraphs, written in professional language, that **synthesize** candidates' thinking around the prompts for the post with insights gained through readings/videos in the Weekly Module. In other words, the questions in the prompts are meant to spark thinking and connections to candidates' experiences and to the course content rather than to be addressed question by question. **Candidates should cite texts (in parenthesis) from course readings that are referred to in the post. Full citations below the post are NOT needed unless the candidate is referring to texts outside of the course. Candidates should AVOID the overuse of direct quotes in Discussion Board posts. Rather, please use your own words to paraphrase and weave together connections among texts with your own thinking.**

**Responding to peers' posts represents an opportunity to deepen the dialog by posing thoughtful questions for peers and sharing thinking around the weekly content.** Responses to peers' posts can be a few sentences to a paragraph and must be thoughtful and respectful.

#### **6. Self-Assessment of Dispositions - Self-Assessment of Dispositions**

During this course, candidates are **required** to complete a second Self-Assessment of Dispositions via a Qualtrics survey link. The link is located under the "Assessment" tab from our course main menu. This is the same Self-Assessment of Dispositions that you completed upon enrollment in the TCLDEL program and about which you viewed a PowerPoint training. ***Please access and complete the Qualtrics survey through VIA by the end of Week 12.*** The course instructor will verify completion.

## Other Requirements

- **Grading**

At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

Grade	GRADING	Grade Points	Interpretation
A+	=100	4.00	Represents mastery of the subject through effort beyond basic requirements
A	94-99	4.00	
A-	90-93	3.67	
B+	85-89	3.33	Reflects an understanding of and the ability to apply theories and principles at a basic level
B	80-84	3.00	
C*	70-79	2.00	Denotes an unacceptable level of understanding and application of the basic elements of the course
F*	<69	0.00	

**Note: "C" is not satisfactory for a licensure course; "F" does not meet requirements of the School of Education**

See the University Catalog for details: <http://catalog.gmu.edu/policies/academic/grading/>

## Professional Dispositions

See <https://cehd.gmu.edu/students/policies-procedures/>

## Honor Code & Integrity of Work

- **Integrity of Work:** TCLDEL students must adhere to the guidelines of the George Mason University Honor Code (<https://catalog.gmu.edu/policies/honor-code-system/>). The principle of academic integrity is taken very seriously and violations are treated as such.

*Violations of the Honor Code* include:

1. Copying a paper or part of a paper from another student (current or past);
2. Reusing work that you have already submitted for another class (unless express permission has been granted by your current professor **before** you submit the work);
3. Copying the words of an author from a textbook or any printed source (including the Internet) or closely paraphrasing without providing a citation to credit the author. For

examples of what should be cited, please refer to:

<https://owl.english.purdue.edu/owl/resource/589/02/>

4. You may also not “reuse” fieldwork hours. Each placement must have 15 documented hours that are solely for each course that you are in; you may be at the same site, but the same hours may not be counted towards the same course.

### **Late Work Policy**

At the graduate level all work is expected to be of high quality and submitted on the dates due. *Work submitted late will be reduced one letter grade for every day of delay.* Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. *It is up to the discretion of the instructor to approve the late/makeup work.*

### **Coursework Withdrawal with Dean Approval:**

**For** graduate and non-degree students, withdrawal after the last day for dropping a course requires approval by the student’s academic dean, and is permitted only for non-academic reasons that prevent course completion (Mason catalog). Students must contact an academic advisor in APTDIE to withdraw after the deadline. There is no guarantee that such withdrawals will be permitted.

### **Online Participation/Attendance Policy**

Students are expected to participate in **all** online discussions **and** complete **all** active learning tasks each week. Not participating fully in an online module will be reflected with a zero for the week and as an absence. **Students with two or more absences will not receive credit for the course.**

### **Incomplete (IN)**

This grade may be given to students who are in good standing, but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 9th week. Unless an explicit written extension is filed with the Registrar's Office by the faculty deadline, the grade of IN is changed by the registrar to an F (Mason catalog). Faculty may grant an incomplete with a contract developed by the student with a reasonable time to complete the course at the discretion of the faculty member. The faculty member does not need to allow up to the following semester for the student to complete the course. A copy of the contract will be kept on file in the APTDIE office.

**Lesson Planning Assessment**

**Assessment Information**

The Lesson Planning Assessment is completed at the mid-point or internship of the program and is assessed by the course instructor or University Supervisor/Clinical Coach. The candidate must earn a score of 2 to be successful on this assignment. If a candidate does not earn a 2 on the assignment, they must meet with the course instructor or assessor prior to resubmitting. The data from this assessment are used to identify both best practices and gaps in the candidate's instructional cycle (planning, instruction, and assessment).

**Standards Addressed in This Assessment**

[Interstate Teacher Assessment and Support Consortium \(InTASC\) 2013 Standards:](#)

- 1, 2, 3, 4, 5, 6, 7, 8, 9, 10

[Council for the Accreditation of Educator Preparation \(CAEP\) 2022 Standards:](#)

- R1.1 The Learner and Learning, R1.2 Content; R1.3 Instructional Practice, R1.4 Professional Responsibility

[Virginia Board of Education Uniform Performance \(VUPS\) 2021 Standards for Teachers:](#)

- 1, 2, 3, 4, 5, 6, 7

[Virginia Standards of Learning](#) and the [Virginia Essentialized 2022 Standards of Learning:](#)

- Content-Specific Tests

**Assessment Objectives**

The candidate will develop a lesson plan that incorporates research-based best practices in planning, instruction, and assessment to meet the needs of diverse learners.

**Rationale**

As a teacher candidate, it is important that you demonstrate your ability to design an effective lesson plan with specific, performance-based learning objectives that meet the learning needs of your learners. Lesson planning can be guided by four basic questions (adapted from Spencer, 2003):

1. *Who are my learners?* (Consider the number of learners, their academic readiness levels and cultural backgrounds, their prior knowledge, etc.)
2. *What do I want my learners to learn?* (Consider the content or subject [and interdisciplinary connections], the type of learning [knowledge, skills, behaviors], how to integrate college- and career-ready standards, etc.)
3. *How will I know what the learners understand?* (Consider informal and formal assessments, formative and summative assessments, higher order questioning techniques, feedback from learners, etc.)
4. *How will my learners learn best?* (Consider the teaching models, learning strategies, length of time available, materials, technology resources, differentiation, modifications, etc.)

You might also want to ask:

- What knowledge, skills, and understandings do my learners already have?

- What knowledge or prerequisite skills do I need to access, activate, or build in this lesson? How will I access those prerequisite skills or activate that prior knowledge?
- Where have learners come from and what are they going on to next?
- How can I build in sufficient flexibility to respond to emergent needs, indicated by ongoing observation and formative assessment?

During clinical experiences and the internship, a lesson plan must be developed for each teaching session. For novice teachers, lesson plans are developed for each instructional episode (whole group lesson, one-to-one instruction, and small group activity). When teaching new content or grade levels, your lesson plans will be more detailed. As you gain pedagogical content knowledge and are proficient, your lesson planning becomes less detailed. Part of the planning process includes considering the following tasks:

- List content and key concepts (research more if needed).
- Define your goals and identify specific learning objectives/outcomes aligned to appropriate curriculum standards, [Virginia Standards of Learning \(SOL\)](#) and [Virginia Essentialized Standards of Learning \(VESOL\)](#).
- Create assessments that are aligned to your specific learning objectives/goals/outcomes.
- Think about the structure of the lesson, pacing, transitions, and use of technology.
- Identify the strengths and needs of all learners.
- Identify adaptations/modifications/extensions/accommodations needed to meet learner needs.
- Determine “best practices” and learning strategies aligned to the learning objectives/goals/outcomes.
- Identify learning resources and support materials, including technology.

### **Directions for Completing this Assessment Task**

Develop a lesson plan that incorporates research-based best practices in planning, instruction, and assessment to meet the needs of diverse learners. Use the template and rubric to guide the development of your lesson plan.

### **Submission Directions**

You will submit a detailed lesson plan using the lesson plan template for this assignment that addresses each of the sections described below.

### **Section 1: Classroom Context (InTASC 1)**

Classroom decisions are made based upon your learners’ strengths and needs. Your plan may vary based upon your knowledge of students, the timing of the lesson in the academic year and unit of instruction, etc. In this section, you will provide information about your learners and the classroom—including their academic abilities, social, emotional developmental needs, cultural and linguistic backgrounds, readiness, and prior knowledge. In addition, previously gathered assessment data will guide your planning. Make certain to describe how your knowledge of your learners and your understanding of assessment data will affect your planning.

### **Section 2: Planning for Instruction & Assessment (InTASC 2, 3, 4, 5, 6, 7, 8)**

Before you teach a lesson, you must determine the learning objectives/goals/outcomes and connection to [Virginia Standards of Learning \(SOL\)](#) and [Virginia Essentialized Standards of Learning \(VESOL\)](#). You should include a rationale for why you selected these objectives and subsequently the instructional approaches you would be using (e.g., gradual release, explicit instruction, concept attainment, cooperative learning, etc.) to teach the lesson to your specific group of learners. Your decisions should be based upon learner needs, current research, and pre-assessment data and should be aligned to appropriate curriculum standards.

After you have identified *what* your class will learn, you will begin to describe specifically *how* you would teach the lesson. When completing this section of the lesson plan, you will identify the procedures that you would use from the opening of the lesson through the lesson closure. Script this section of the plan, noting what you would say and do and what you are asking learners to do. Be certain to include appropriate assessments (formative or summative) that would inform your instruction during and following the lesson.

Using your knowledge of your learners, your lesson plans should also include the necessary modification/ accommodations and/or differentiated strategies to meet the needs of all learners in your classroom. Then, with an informed understanding of your students, the content and instructional approach, you will identify the learning materials needed to teach the lesson, including any technology you and/or your learners will use in this lesson. [Virginia Standards of Learning \(SOL\)](#), [Virginia Essentialized Standards of Learning \(VESOL\)](#), and any content specific objectives should be included in lesson plans.

### **Section 3: Reflecting on Instructional Planning (InTASC 9, 10)**

Reflection is a critical skill in effective teaching. In this section you will reflect on your learning in regards to instructional planning using the prompts below as a guide.

If you implemented your lesson plan:

- What were strengths of your instruction? What are areas for growth?
- What was your impact on learning? Were your learners able to meet the lesson objectives/goals/outcomes? How do you know? (Be specific here and use formative/summative assessment results to guide your response.)
- What instructional strategies or activities were the most successful? What could have made the lesson stronger?
- What did you learn about teaching, learners, and learning that will affect your next instructional experience?

If you did not implement your lesson plan:

- What did you learn about the planning process?
- What would you do differently in planning instruction in the future?
- How do you intend for this lesson to impact student learning? How would you know if your lesson had the intended impact?

## Submission Directions

You will submit a detailed lesson plan that addresses each of the sections described below.

**You will include a brief reflective paper (4-7 double-spaced pages) with your lesson plan.**

### Section 1: Classroom Context

Classroom decisions are made based upon your learners' strengths and needs. Your plan may vary based upon when, in a unit of instruction, the lesson takes place, and even the time of the lesson. In this section, you will provide basic information about your learners and the classroom—including academic and cultural backgrounds and prior knowledge, and any assessments that will guide your planning. Make certain to address how your knowledge of your learners will affect your planning. (½–1 page).

### Section 2: Planning for Instruction

Before you teach a lesson, you must decide the learning objectives/goals/outcomes and connection to Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), and/or College- and Career-Ready standards you will use and why you have selected these objectives and specific strategies to teach the lesson to your specific group of learners. You make these decisions based upon learner needs, current research, prior knowledge or pre-assessments of learning, aligned to appropriate curriculum standards. While planning your lesson, using your knowledge of your learners, you will make decisions as to the modification/differentiation and/or accommodations you will need to meet the needs of all learners in your classroom. Then, with an informed understanding of your audience and your content, identify the learning materials needed to teach the lesson and any technology you and/or your learners will use in this lesson. In this section, be sure to detail all of these planning elements, including how you will assess learner mastery of lesson content— using both formative and summative assessments throughout the lesson. Virginia Standards of Learning (SOL) and Aligned Standards of Learning (ASOL), and/or College- and Career-ready skills, and any content specific objectives should be included in lesson plans. (1–2 pages). **Your focus here will be to share rational for the instructional and formative assessment components of your lesson plan.**

### Section 3: Instruction and Assessment

After you have identified *what* your class will learn, you will begin to chart out specifically *how* you will teach the lesson. When completing this section of the lesson plan, you will identify the procedures that you will use from the opening of the lesson through the lesson closure. Script this section of the plan, noting what you will say and do and what you are asking learners to do. Be certain to include formative assessments and guided practice activities and any independent practice and summative assessments you will have learners complete. (2–3 pages) **Your focus here will be to illuminate what YOU will say and do to teach your lesson and guide learners through learning tasks.**

### Section 4: Reflection: Impact on Learning

John Dewey noted that without reflection, there is no learning. In this section, reflect upon the lesson and consider whether your learners were able to meet the learning objectives/goals/outcomes for the lesson (Dewey, 1933). How do you know learners were able to successfully meet the lesson objectives/goals/outcomes? (Be specific here and use formative/summative assessment results to guide your response.) What was your impact on learning? (That is, how did your instructional decisions seem to affect learning? Again, be specific.) What strategies or activities were the most successful? What could have made the lesson stronger? What did you learn about teaching, learners, and learning that will affect your next instructional experience? (1 page) **Your focus here will be to reflect on implementation of the instruction that you planned.**

**NOTE:** Lesson plans will be evaluated based on adherence to the provided lesson plan format; consistency with instructional methods taught in the program; appropriate rationale provided; specification of objectives, as related to state and national standards; whether there was an appropriate match between the assessment of learning and learning objectives; coherence of writing, and mechanics. Additionally, plans should include the Virginia Standards of Learning (SOL), Aligned Standards of Learning (ASOL), College- and Career-Ready skills, and other content specific objectives.

**Lesson Plan Rubric**

The target score for all candidates is “Proficient,” Level 2. The candidate must earn a score of 2 to be successful on this assignment. If a candidate does not earn a 2 on the assignment, they must meet with the course instructor or assessor prior to resubmitting. The data from this assessment are used to identify both best practice and gaps in in the candidate’s instructional cycle (planning, instruction, and assessment).

**GENERAL SCORING GUIDELINES**

- 3 = *Highly Proficient:*** Rich, sophisticated, exemplary in all aspects of quality (including both mechanics of writing and clarity/insightfulness of thinking), thoroughly accurate and developed, exceeds expectations for a candidate at this stage of development, integrates thorough understanding of relevant professional literature/research.
- 2 = *Proficient:*** Well developed, good quality (may include very few errors in mechanics, and shows clarity of thinking), fully meets expectations for a candidate at this stage of development, shows understanding of relevant professional literature/research. **This is the TARGET score.**
- 1 = *Not Proficient:*** Superficially developed, minimally acceptable quality (Written work/plans may include a few errors in mechanics and inconsistent clarity in thinking), lags behind expectations for most candidates at this stage of development. May show beginning/weak understanding of the relevant professional literature/research.

## Performance-based Assessment: 5-Lesson Unit Plan & Reflection Analysis Paper

### ***GUIDELINES FOR UNIT LESSON PLAN: Planning for Standards-based ESOL and Content Instruction; Managing and Implementing Standards-based ESOL and Content Instruction; and Using Resources Effectively in ESOL and Content Instruction***

**Purpose:** Designing a thematic 5-Lesson Unit Plan will allow you to put the methods, strategies, and techniques that you have learned into practice! Planning rigorous, standards-aligned, appropriately scaffolded instruction that supports ELs in accessing and learning grade-level content and strengthening language and literacy skills in tandem is the foundation of effective teaching with CLD learners!

Please see the rubric for this assignment at the end of this syllabus-- **Performance-based Assessment Unit Lesson Plan and Paper**. This rubric delineates the criteria based on TESOL/CAEP Standards and richly describes the performance expectations that educators of PK-12 emergent bilingual children must strive to master. **The specific evaluation tool for this assignment can be found on Blackboard.**

#### **Resources for this Project:**

Throughout this course, you will have had access to, engagement with, and discussion around a wide variety of resources that will serve to deepen your knowledge for designing, implementing, and reflecting on research-based, culturally responsive, effective instruction and assessment for PK-12 ELs. **You should draw upon these resources as you create your 5-Lesson Unit Plan!** Strive to apply what you have learned in this course and others to create optimal instruction for PK-12 emergent bilinguals!

#### **Important resources include:**

- \*Your textbooks – all of them offer a plethora of considerations, strategies, and techniques for effective lesson design;
- \*WIDA (2020) English Language Development Standards Framework and tools for PK-12 multilingual learners: <https://wida.wisc.edu/teach/standards/eld>;
- \*WIDA (2019) Guiding Principles of Language Development: <https://wida.wisc.edu/sites/default/files/resource/Guiding-Principles-of-Language-Development.pdf>
- \*Virginia Department of Education (VDOE) resources for English Learner Education: <https://www.doe.virginia.gov/instruction/esl/index.shtml>;
- \*TESOL's 6 Principles for Exemplary Teaching of English Learners: <https://www.tesol.org/the-6-principles/>;
- \*Practitioner articles about teaching ELs in content classrooms across grade levels;
- \*Many education websites shared on Blackboard with lesson ideas, digital tools, and resources for instruction for CLD learners;
- \*Your peers and your instructor! ☺

#### **Process for the 5-Lesson Unit Plan:**

- From your field experience site, identify a group of learners in a grade level and content area for whom you will design your 5-lesson unit plan.

- Choose a theme or topic for your 5-lesson unit plan (must connect to VA Standards of Learning—SOLS) [https://www.doe.virginia.gov/testing/sol/standards\\_docs/](https://www.doe.virginia.gov/testing/sol/standards_docs/) and WIDA (2020) ELD Standards Framework <https://wida.wisc.edu/teach/standards/eld>
- Carefully plan 5 consecutive days of *detailed* instruction using the Lesson Planning template provided on Blackboard (**one template for each lesson plan**). **Note: Only the FIRST lesson plan will use the Lesson Plan Template from the Lesson Planning Assessment assignment (in this syllabus) as that lesson represents the FIRST lesson in your 5-Lesson Unit Plan. Complete Lessons 2-5 on the Lesson Planning template for the 5-Lesson Unit Plan (adapted from SIOP).**
- Share a solid draft of two of your lesson plans (see due date in syllabus) with a Peer Partner (instructor determined) and instructor to receive formative feedback.
- Write a Reflective Analysis paper to accompany your 5-Lesson Unit Plan.
- **SAVE your 5-Lesson Unit Plan, AND Reflective Analysis paper AS ONE DOCUMENT (Word or PDF) and upload to BOTH the VIA link AND the Bb Assignment Link by the due date in the course schedule.**

### Criteria for Lesson Design:

- Lessons are standards-aligned (e.g., VA SOLS; WIDA ELD), include content and language objectives, and represent rigorous, grade-level instruction;
- Learning tasks must be student-centered, focused on meaning-making, and include cooperative learning and flexible grouping;
- Lessons include integrated reading, writing, listening, and speaking activities and multiple active learning tasks for accessing/engaging with content;
- Lessons reflect research-based best practices for culturally and linguistically responsive teaching;
- Lessons clearly include appropriate scaffolds for ELs at varied levels of English language proficiency who are learning in inclusive classrooms with their English-only peers;
- Lessons include a wide range of age-appropriate materials, resources, and technologies;
- Formative assessments are embedded throughout lessons;

### Writing the Reflective Analysis Paper and Putting It Together with Your 5-Lesson Unit Plan:

**Please be sure that your paper is double-spaced with 1” margins using Times New Roman 12-point font.** Your 5-Lesson Unit Plan and Reflective Analysis Paper will be saved as ONE document in the order below. **Please save as: LAST NAME 5-Lesson Unit and Paper Fall 2023.**

**Title Page** – Include your first and last name, title of this course, assignment title, instructor’s name, and date.

**5-Lesson Plans** – Follow the title page with the 5 detailed lesson plan templates.

**Paper:**

**Part I** – Introduction: Based on knowledge that you have gained in your field experience placement, write a brief description of the cultural context, school and class setting. This description should include age/grade level, content area, classroom environment, and resources available. **(1.0-2.0 pages)**

**Part II** – Explain the way that your unit plan reflects culturally and linguistically responsive student-centered, developmentally appropriate learning activities, strategies, and formative assessments that promote optimal learning for ELs. *(TESOL Standard 3a, 3b)* **(2.0-3.0 pages)**

**Part III** – Describe the importance of inclusion of classroom-based formative assessment in your unit plan and how these inform both English language and content assessment. Describe any diagnostic and summative assessments if applicable. *(TESOL Standard 4b)* **(1.0-2.0 pages)**

**Part IV** – Select at least two methods or instructional strategies included in your 5-Lesson Unit Plan and explain how they can be useful in gaining insights into ELs’ funds of knowledge and can be used to develop effective individualized instructional and assessment practices. *(TESOL Standard 2c)* **(1.0-2.0 pages)**

**Part V** – Share your thinking about how you would adjust instructional decisions after a critical reflection on individual EL’s learning outcomes. Which lesson components do you expect you may need to adjust based on individual learner outcomes? *(TESOL Standard 3c)* **(1.0-2.0 pages)**

**Part VI** – Explain why it is important that your Unit Plan demonstrate knowledge of English language structures or patterns to promote acquisition of reading, writing, speaking and listening skills across the content area? *(TESOL Standard 1a)* **(.5-1.0 pages)**

**Part VII** – Describe how you chose relevant materials and resources, including digital resources, to plan lessons for ELLs. *(TESOL Standard 3e)* **(1.0-2.0 pages)**

**Part VIII** – Share in what ways have you practiced self-assessment and reflection throughout this project? How are you planning for self improvement and continuous professional development in the field of English language learning and teaching? *(TESOL Standard 5c)* **(1.0-2.0 pages)**

## Professional Dispositions

See <https://cehd.gmu.edu/students/policies-procedures/>

## Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

## GMU Policies and Resources for STUDENTS

### Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- **NOTE:** Any text generated by an artificial intelligence (AI) text-generation tool (such as ChatGPT) is not accepted in this class as “the student’s own work,” and so will be considered similarly to text published on paper or online or text composed or significantly edited/alterd by another person. The use of such text without proper attribution is a violation of academic integrity.
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

### Campus Resources
