

George Mason University
College of Education and Human Development
Elementary Education Program (ELED)

ELED 443 Section 002
Children, Family, Culture, and Schools, Ages 4-12 (3 credits)
Fall 2023 (August 21 – December 13)
Mondays, 1:30pm- 4:10pm, Thompson Hall, Room L028, Fairfax Campus

Professor: Naomi B. Brown
Virtual Office Hours: by appointment
Office Location: Thompson 1800
Office Phone: 703.993.5345
Email: nbrown27@gmu.edu

Recommended Prerequisites:
EDUC 200: Introduction to Teaching
EDUC 301: Introduction to Diverse Learners

University Catalog Course Description: Examines child and family development and ways children, families, schools, and communities interrelate. Links children's developing physical, social, emotional, and cognitive abilities to planning curriculum and developing instructional strategies.

Course Overview: This course examines the socioemotional, physical, cognitive and speech/language development of children ages 4-12 and how it intersects with the ecological and sociocultural factors operating within schools. Teacher candidates will explore how research on the brain, human development, and the interaction of families and culture within schools impact their planning, management, and instructional delivery.

Field Hours: This course requires field hours. Additional details will be provided in class.

Course Delivery Method: This course will be delivered in-person (76% or more) and incorporate some asynchronous formats via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @ gm.u.edu) and email password. The course site will be available on or before August 19, 2023. This course will use a combination of Blackboard Collaborate Ultra and Google Slides for any synchronous online course delivery. Class sessions will include small/large group discussions and tasks, lecture, and student-led activities. A detailed schedule is included below.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

1. High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see:
https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers
2. To get a list of supported operating systems on different devices see:
https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems
3. Students must maintain consistent and reliable access to their GMU email and Blackboard accounts, as these are the official methods of communication for this course.
4. Students will need a headset microphone for use with Blackboard Collaborate Ultra or other required web conferencing tools.
5. Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
6. The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
 - Windows Media Player: <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
 - Apple Quick Time Player: www.apple.com/quicktime/download/

Expectations

1. Course Week: Our course week will begin on the day that our in-person meetings take place as indicated on the Schedule of Classes.
2. Log-in Frequency: Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials 3 times per week. In addition, students are expected to attend all scheduled in-person class meetings.
3. Participation: Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
4. Technical Competence: Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
5. Technical Issues: Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
6. Workload: Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
7. Instructor Support: Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Students can meet with the instructor

in-person, via telephone, or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times. You should allot 24 hours for the instructor to respond on weekdays and note that emails will not be responded to on weekends.

8. **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates; rather, you are sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
9. **Accommodations:** Learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

ATTENDANCE POLICY: In accordance with the GMU Attendance Policies (University Catalog, 2023-2024), “Students are expected to attend the class periods of the courses for which they are registered. In-class participation is important not only to the individual student, but also to the class as a whole. Because class participation may be a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of nonparticipation.”

If you must be absent from class, inform the instructor prior to the beginning of the class session. Missed classes (or portions of classes) will result in loss of participation points. After three absences, students will not be able to earn a passing grade and must retake the class.

LEARNER OUTCOMES:

This course is designed to enable students to:

1. Detail the stages of typical human development in the domains of: (a) cognition, (b) speech and language, (c) social/emotional and (d) physical in children ages 4-12.
2. Identify interconnections between culture, family, community, and school, and the dynamic interaction between teachers, parents and community members necessary to promote children’s growth and learning.
3. Read and reflect upon contemporary theories of human development their relevance to educational practices in elementary schools.
4. Understand current research on the brain, its role in learning, and implications for instruction.
5. Examine interaction of children with individual difference – including but not limited to substance abuse(s), trauma, child abuse and neglect and other adverse childhood experiences and/or family disruptions.
6. Observe the diversity of students and their families and demonstrate effective anti-bias educational approaches for use in classrooms with diverse learners.

7. Identify and discuss teacher's role in working with families in culturally diverse communities and fostering their engagement in their child's education.

PROFESSIONAL STANDARDS:

INTASC (The Interstate Teacher Assessment & Support Consortium):

- **Standard #1: Learner Development:** The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.
- **Standard #2: Learning Differences:** The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- **Standard #10: Leadership and Collaboration:** The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

8 VAC 20-25-30. Virginia State Technology Standards for Instructional Personnel:

- A. Instructional personnel shall be able to demonstrate effective use of a computer system and utilize computer software.
- B. Instructional personnel shall be able to apply knowledge of terms associated with educational computing and technology.
- C. Instructional personnel shall be able to apply computer productivity tools for professional use.
- D. Instructional personnel shall be able to use electronic technologies to access and exchange information.

REQUIRED TEXTS:

Slavin, R. E. (2020). *Educational psychology: Theory and practice (12th ed.)*. Pearson.

Hammond, Zaretta (2015). *Culturally responsive teaching and the brain: Promoting authentic engagement and rigor among culturally and linguistically diverse students (1st Ed)*. Corwin Publishing

Van Derront Lipsky, L. (2018). *The age of overwhelm: Strategies for the long haul*. Berrett-Koehler Publishers.

Additional selected readings will be posted on Blackboard.

COURSE PERFORMANCE EVALUATION:

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, hard copy)\

Assignments and/or Examinations:

1. Attendance and Participation (29 points total)

It is expected that you attend class session meetings outlined within the syllabus. Absence from class to observe a religious holiday, to serve jury duty, or to participate in required military service, and medical emergencies are exceptions to the above policy. If you anticipate being absent for any of these reasons, please make arrangements at least 48 hours in advance. In addition, **you are expected to be on time to class** unless 48 hours advance notice has been provided to the instructor.

This course operates with the assumption that knowledge is socially constructed and the most meaningful learning opportunities are those where you have the opportunity to offer and explore diverse perspectives with peers; therefore, **you are expected to contribute to in person and asynchronous online discussions and activities** as well as genuinely listen to peers as they do the same. In addition, **you are expected to be prepared for each class**, which means having completed **all assigned readings and tasks** for that class.

Your attendance and participation include completion of all in-person and asynchronous application activities and is worth 29 points of your final grade in the course. This includes, but is not limited to:

- Contributions to whole group and small group discussions
- Graphic organizers included in asynchronous work
- Peer review and group in-person and asynchronous work

2. Child Abuse Recognition and Intervention Training (CARI) (1 point)

As a part of this course, you will complete the Child Abuse Recognition and Intervention Training (CARI) online modules required by the state of Virginia for licensure. You will submit a copy of your certificate to Blackboard to demonstrate completion of this task, which is worth 1 point of your final grade in the course.

3. Child Development Observation Logs (30 points total)

Using the template provided in class, you will complete two observation logs, documenting aspects of child development studied in this course. The observations will focus on the following aspects of child development: 1) social-emotional, 2) physical and (3) cognitive. In each journal, you will describe the research you have gleaned from your course readings, what you observed or might expect to observe in a classroom, and how this information might inform your future practice as it relates to that aspect of child development. Additionally, you will document unique ecological and sociocultural factors you observe or learn about that influence students' daily school experiences and draw connections to school-based support systems.

4. PBA Part 1 and Part 2: Understanding Diverse Learners and School Supports (40 points total)

Part 1 of the PBA will be completed individually:

PART 1. Based on your understanding of the influence of child development, families and communities, ecological and sociocultural factors, you will consider how schools support students' development. Using an ecological framework, you will identify school staff by role and

specific individuals at your fieldwork site, conduct an individual interview, and write a reflection that highlights your knowledge of our coursework this semester and how these school supports contribute to your work as a classroom teacher.

Part 2 will be completed in groups. You will be assigned a group based on school assignments to:

PART 2. Collaboratively construct a community map of your school community. The purpose of community mapping is for students to consider the myriad of ecological and sociocultural factors that influence students' daily school experiences. Your group, you will create a presentation (7-10 minutes) in any format you prefer that synthesizes your interviews and reflects on how different school staff work in community to provide for students' various developmental needs at different levels of the ecological model. Your presentation should include:

- a. Staff interviewed at the school site
- b. Unique features, programs, and services at your school site
- c. Information about the school and community and relation to the ecological model
- d. Aspects of your school that make it unique
- e. Reflection on how this information would impact your work as a classroom teacher

Specific guidelines for this assignment will be distributed in class. This PBA, to include the interview, reflection, and community mapping group project is worth a total of 40 points of your final grade in the course.

Work Timeliness Expectations

All assignments are to be completed **by the date listed in the syllabus. Written work will not be accepted after the due date unless prior arrangements have been made with the instructor.** All assignments must be submitted on the due date stated within the syllabus (see below) and should be submitted in the format indicated by the instructor in class.

All written papers are expected to be double-spaced, with 1" margins, and in 12-point font (Times New Roman, Calibri, or Arial). APA format is expected. If you do not have a 7th Edition APA manual, the OWL at Purdue is an excellent resource.

<http://owl.english.purdue.edu/owl/resource/560/01/>

Please Note: The GMU Writing Center offers online support via email. They will provide feedback on your writing within one hour. Graduate and professional writing can be difficult; I encourage you to take advantage of this service.

http://writingcenter.gmu.edu/?page_id=177

Note: I reserve the right to add, alter, or omit any assignment as necessary during the course of the semester. You will always receive advanced notice of any modifications.

COURSE PERFORMANCE EVALUATION WEIGHTING

<i>Course Outcomes</i>	<i>Assignments</i>	<i>Total Points</i>	<i>Due Date</i>
------------------------	--------------------	---------------------	-----------------

1, 2, 3, 4, 5, 6	Attendance and Participation	29	ongoing
n/a	CARI Training	1	Sept. 19
1, 3	Child Development Observation Logs	30 (each log 15)	Various Sept-Oct
1, 2, 3, 4, 5, 6	*PBA: Part 1 Understanding Diverse Learners through Action Planning	20	Oct. 31
1, 2, 3, 4, 5, 6	*PBA: Part 2 Understanding Diverse Learners through Community Mapping	20	Nov. 21

*Performance-based assessment (PBA)

GRADING POLICIES

The grading for this course is as follows:

Grade	Grading Scale	Interpretation
A+	97-100	Represents mastery of the subject through effort beyond basic requirements
A	93-96	
A-	90-92	
B+	87-89	Reflects an understanding of and the ability to apply theories and principles at a basic level
B	83-86	
B-	80-82	
C+	77 – 79	
C	72 – 76	
C-	70-72	Denotes an unacceptable level of understanding and application of the basic elements of the course. Grade does not meet the minimum requirement for licensure courses.
D	60-69	
F	<69	

***Note: “C-”and below is not satisfactory for a licensure course.**

PROFESSIONAL DISPOSITIONS

Students are expected to exhibit professional behaviors and dispositions at all times (see Elementary Education Program Handbook). See <https://cehd.gmu.edu/students/policies-procedures/>

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to viahelp@gmu.edu or <https://cehd.gmu.edu/aero/assessments>. Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>.

For additional information on the College of Education and Human Development, please visit our website <http://cehd.gmu.edu/>.

TENTATIVE CLASS SCHEDULE

**Faculty reserves the right to alter the schedule as necessary with notification to students.*
