Spring 2024

EDSE 636: Supporting Communication and Literacy for Individuals with Autism

Section: 001; CRN: 14548

Section: DL1; CRN: 19466

3 – Credits

Instructor: Dr. Grace Francis	Meeting Dates: 1/8/24 – 3/4/24
Phone: 703.993.6064	Meeting Day(s): Online
E-Mail: gfranci4@gmu.edu *email is the best way to reach me	Meeting Time(s): NA
Office Hours: By appointment	Meeting Location: NA
Office Location: Zoom/Finley 218	Other Phone: (If applicable, if not N/A)

Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None

Co-requisite(s): None

Course Description

Surveys the characteristics of communication and literacy, as well as the design and implementation of communication systems for individuals with autism spectrum disorder across their lifespans. Explains methods for assessment, identification of priorities, and monitoring progress of communication and literacy instruction in order to improve behavior, academic skills, and social interactions in various environments.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact Student Services at 1-844-306-1785, mason@support.edu.help for assistance.

Advising Tip

Did you know you can order an official transcript through Patriotweb? Logon to Patriotweb. Select Student Services. Select Student Records. Select Order Official Transcript.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using an asynchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and Patriot Pass password. Because asynchronous courses do not have a “fixed” meeting day, our week will start on Tuesday at 12:01 a.m. ET and finish on Monday at 11:59 p.m. ET.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems \(https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool. Blackboard Collaborate Ultra will be used for optional office hours.

- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader \(https://get.adobe.com/reader/\)](https://get.adobe.com/reader/)
 - [Windows Media Player \(https://support.microsoft.com/en-us/help/14209/get-windows-media-player\)](https://support.microsoft.com/en-us/help/14209/get-windows-media-player)
 - [Apple Quick Time Player \(www.apple.com/quicktime/download/\)](http://www.apple.com/quicktime/download/)
- Technical Support 24/7
 - chat: <https://support.edu.help>
 - call: 1-844-306-1785
 - e-mail: Mason@support.edu.help

Expectations

- Course Week:
Because asynchronous courses do not have a “fixed” meeting day, our week will start on Tuesday at 12:01 am ET and finish on Monday at 11:59 pm ET.
- Log-in Frequency:
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week.
- Participation:
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence:
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues:
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload:
Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support:
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the

instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- Netiquette:

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:

Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes

Upon completion of this course, candidates will be able to:

1. Identify characteristics of communication for individuals with autism spectrum disorder.
2. Describe and discuss methods for assessment, identification of priorities, and monitoring progress of individuals with autism spectrum disorder.
3. Discuss and evaluate the range of augmentative and alternative communication devices and systems/assistive technology/instructional technology available for individuals with autism spectrum disorder.
4. Design assessment and instructional strategies to improve individuals' social interactions with peers and others.
5. Design communication/AAC/AT assessment and instructional strategies to develop and implement individual educational planning and group instruction with individuals with autism spectrum disorder.
6. Identify behaviors associated with communication for individuals with autism spectrum disorder.
7. Describe methods of building communication systems to support language and literacy in individuals with autism spectrum disorder.
8. Describe evidence-based literacy practices for individuals with autism spectrum disorder.
9. Describe language development and emergent literacy skills for individuals with autism spectrum disorder.
10. Describe and plan quality pre-literacy and literacy instruction for individuals with autism spectrum disorder.

Course Relationship to Program Goals and Professional Organizations

This course is part of the George Mason University, School of Education (SOED), Special Education Program for the Autism Spectrum Disorders Graduate Certificate. This program complies with the skill competencies for professionals and paraprofessionals in Virginia

supporting individuals with autism across the lifespan developed by the Virginia Autism Council. The competencies addressed in this class include General Autism Knowledge, Environmental Structure and Visual Supports, Instructional Programming, Communication, Social Skills and Independence and Aptitude.

Recommended Textbooks

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.) <https://doi.org/10.1037/0000165-000>

Additional readings included on Blackboard.

See weekly Module folders.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 636, the required PBA is Literary Unit with Low Tech AAC System. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

Assignment	Description	Points	Due
Final AAC System, Literacy Plan, and Communication	The purpose of this assignment is for you to apply your knowledge of low tech alternative or augmentative communication (AAC) systems, assessment, and literacy to provide meaningful school, home, and community access to an individual with ASD. More information about this assignment (including a grading rubric and resources) can be found on Blackboard. The rubric and resources should be thoroughly	145	March 4 th

Assignment	Description	Points	Due
	reviewed prior to beginning the assignment and well in advance of the due date.		

College Wide Common Assessment (VIA submission required)

N/A

Other Assignments

Assignment	Description	Points	Due date (all assignments due by 11:55pm)
Discussion Board: Introductions	Provide short personal introduction and an interesting fact	10	January 15 th
Pre-Course Quiz	Brief pre-quiz about ASD, communication, and literacy	Ungraded, required	January 15 th
Impact on Literacy Checklist for Students with ASD Assessment	Complete the “Impact on Literacy Checklist for Students with ASD” for the individual with ASD on whom you will focus on for the final project.	20	January 22 nd
Final Assignment Brainstorming Document (Part 1)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 1: Description of a Focus Individual with ASD” of your final assignment.	10	January 22 nd
WATI assessment forms	Complete the designated WATI assessment forms for the individual on whom you will focus for your final project.	20	January 29 th
Final Assignment Brainstorming Document (Part 2)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 2: Literacy Assessment” of your final assignment.	10	January 29 th

AAC Device Comparison	Select a minimum of one "high tech" and one "mid/low tech" device to explore and compare.	20	February 5 th
Final Assignment Brainstorming Document (Part 3)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 3: Communication Assessment” of your final assignment.	10	February 5 th
Discussion- Final Assignment Brainstorming and Feedback	This assignment is designed for you get early feedback on your literacy and communicaiton plan.	10	Feburary 12 th
Final Assignment Brainstorming Document (Part 4)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 3: Multimodal AAC System” of your final assignment.	10	February 12 th
Discussion- AAC System Show and Share	This assignment is designed for you get early feedback on your AAC System.	10	February 19 th
Final Assignment Brainstorming Document (Part 5)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 5: Literacy Plan” of your final assignment.	10	February 19 th
Final Assignment Brainstorming Document (Part 6)	The purpose of this assignment is to brainstorm ideas and receive early feedback for “Part 6: Communication Plan” of your final assignment.	10	February 26 th
AAC System Evaluation	The purpose of this assignment is for you to examine how an AAC	30	February 26 th

	user communicates across environments and evaluate aspects of their system that effectively and efficiently help them communicate, as well as aspects of her communication system that you might change or enhance.		
Post-Course Quiz	Brief post-quiz about ASD, communication, and literacy	10	February 26 th
Discussion- Questions about Facilitated Communication	This assignment is designed for you to more deeply consider facilitated communication.	10	March 4 th
Final AAC System, Literacy Plan, and Communication Project	The purpose of this assignment is for you to apply your knowledge of low tech alternative or augmentative communication (AAC) systems, assessment, and literacy to provide meaningful school, home, and community access to an individual with ASD. More information about this assignment (including a grading rubric and resources) can be found on Blackboard. The rubric and resources should be thoroughly reviewed prior to beginning the assignment and well in advance of the due date.	145	March 4 th

Total Points for Course:	345
---------------------------------	------------

Student Evaluations of Teaching:

The student evaluation of teaching, or SET, is an online course survey. You are strongly encouraged to complete this form for each course as this feedback helps instructors and administrators improve your class experiences. Towards the end of the course, you will receive email and Blackboard notifications when the evaluations open. Your anonymous and confidential feedback is only shared with instructors after final grades have been submitted.

Course Policies and Expectations

Attendance/Participation

All coursework will be online and in an Asynchronous format.

Late Work

Work is considered on time if it is submitted by 11:55pm on the date that it is due. **Ten percent of the available points for the assignment will be deducted each day for late submissions** during the first week after the due date. *After one week from the due date, assignments will not be accepted.* Thus, an assignment that is three days late is able to obtain only 70% of the points for the assignment regardless of the quality of the work. After one week, the assignment will no longer be accepted and a score of zero will be entered into the grade book for that assignment.

The date that the assignment was received by the instructor **via email or Blackboard** will be considered the date submitted. Submitting an assignment late does not alter the due dates of the other assignments and prevents timely feedback to students regarding their work that may be of value in later assignments. Strive to keep up with the assignment schedule so that you will be able to have appropriate formative evaluation and feedback from your instructor across the semester.

Grading (traditional rounding principles apply)

93-100% = A

90-92% = A-

87-89% = B+

83-86% = B

80-82% = B-

70-79% = C

< 69% = F

*Note: The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire

for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/policies-procedures/>.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Module	Topics Covered	Module Readings	Module Assignments
1	Language, Literacy, and Communication Development	See Blackboard for all Required and Recommended Readings, in addition to Supplemental Resources	Discussion Board: Introductions Pre-Course Quiz

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to either Tk20 or VIA should be directed to [Assessment support \(https://cehd.gmu.edu/aero/assessments/\)](https://cehd.gmu.edu/aero/assessments/).
- Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.

Notice of mandatory reporting of sexual assault, sexual harassment, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Non-Confidential Employee,” and must report all disclosures of sexual assault, sexual harassment, interpersonal violence, and stalking to Mason’s Title IX Coordinator per [University Policy 1202](#). If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as the [Student Support and Advocacy Center \(SSAC\)](#) at 703-380-1434 or [Counseling and Psychological Services \(CAPS\)](#) at 703-993-2380. You may also seek assistance or support measures from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>.
- For additional information on the College of Education and Human Development, please visit our website <http://cehd.gmu.edu/>.

Appendix

VIA Assessment Rubric

AAC System, Communication & Literacy Plan

	Does Not Meet Expectations	Meets Expectations	Exceeds Expectations
Part 1: Description of a Focus Individual with ASD (15 Points) Skill Competency 1.1.1S: Explains the defining characteristics of autism (e.g., communication, patterns of stereotypical behavior, socialization and social skill development) and the impact on the individual.	Candidate identifies 4 or fewer internal and external characteristics of the focus individual.	Candidate identifies and robustly describes 5 or more internal and external characteristics of the focus individual.	Candidate identifies and robustly describes 6 or more internal and external characteristics of the focus individual and describes how those characteristics influence the individual.
Part 2: Communication and Literacy Assessment (40 points)	Candidate does not complete each component of the literacy and 5	Candidate completes each component of the literacy assessment: 1. Characteristics of ASD	Candidate completes each component of the literacy assessment and 5 communication assessments, in addition

	Does Not Meet Expectations	Meets Expectations	Exceeds Expectations
<p>Skill Competency 8.1.2S: Uses informal and formal tools to assess and analyze social and communication; functional and life skills related to caring for self, caring for home, participating in the community, and employment; academic skills (e.g., literacy, math, science, and social studies); cognitive skills and learning profiles (e.g., attention, processing, organization, problem solving).</p> <p>Skill Competency 3.1.2S: Identifies and uses appropriate informal assessment tools to evaluate the individual’s strengths, needs, interests and learning style.</p>	<p>communication assessments.</p>	<ol style="list-style-type: none"> 2.
