University Catalog Course Description

This course offers an introduction to the planning and management of weddings. The social, political, economic, cultural, religious and historical influences on wedding planning decision-making and business strategies will be explored. Practices relevant to successful wedding planning and consultancy for diverse clients and settings will be reviewed.

Course Overview

Instructional techniques include directed readings, short assignments, blog comments, peer leader assignments, a wedding design project, a midterm and a final examination.

Course Delivery Method

This course will be delivered online (76% or more) using an asynchronous format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on or before **Tuesday, January 16th at 9:00 a.m.**

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox is required (note: Opera and Safari are not compatible with Blackboard).
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader: <https://get.adobe.com/reader/>]
 - [Windows Media Player: <https://windows.microsoft.com/en-us/windows/downloads/windows-media-player/>]
 - [Apple Quick Time Player: www.apple.com/quicktime/download/]

Expectations

- Course Week: Because asynchronous courses do not have a "fixed" meeting day, our week will start on Monday, and finish on Saturday.
- Log-in Frequency: Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week.
- Participation: Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence: Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues: Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload: Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- Instructor Support: Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email

the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- **Accommodations:** Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes

This course is designed to enable students to do the following:

- 1) analyze the social, cultural, religious and historical contexts of weddings;
- 2) demonstrate understanding of the political and economic influences on weddings;
- 3) articulate the business and ethical obligations of wedding planners;
- 4) design wedding plans for diverse clients;
- 5) create and maintain realistic wedding budgets; and
- 6) engage the involvement of businesses in the wedding planning process.

Required Texts

Daniels, M., & Wosicki, C. (2020). *Wedding planning and management: Consultancy for diverse clients*, 3rd edition. Milton Park: Routledge.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor.

Assignments and Examinations

Directed Reading Assignments, Blogs, and Other Short Assignments – For each chapter, there will be a directed reading assignment to complete. Participation in blogs will be required throughout the semester. Additional short assignments may be assigned as well. None of these assignments will be accepted late, nor can they be made up.

Wedding Design Project – You will complete a comprehensive wedding design project detailing specific elements common to weddings. Students will create the details as pertaining to a hypothetical couple. Details will relate to the couple, theme/vision, unique situations, guests, budget, timeline and specific elements. This project will demonstrate the student's ability to design and plan a wedding from start to finish.

Quizzes – You will have four quizzes, each covering six chapters:

- Quiz 1** – Chapters 1-6
- Quiz 2** – Chapters 7-12
- Quiz 3** – Chapters 13-18
- Quiz 4** – Chapters 19-24

Other Requirements

Submissions – All work must be submitted through Blackboard. Directed readings must be submitted using Microsoft Word or saved and submitted as PDF files.

Online Participation, Blog Comments, and Professionalism – Ongoing, timely, and professional online communication skills are essential to your success in Wedding Planning an Management. Comments that are posted past the weekly due date will not receive credit. Inappropriate or unprofessional comments will not receive credit. For all blog assignments, you are required to comment on a minimum of **two** of the postings made by your classmates.

Directed Readings, Blog Assignments, and Other Short Assignments – Throughout the semester, you will regularly have directed reading assignments, blog assignments, and other short assignments. **None of these assignments will be accepted late, nor can they be made up.** Your lowest directed reading, blog assignment or short assignment grade will be dropped. Directed readings must be submitted using Microsoft Word or saved and submitted as PDF files.

Wedding Design Project – You will be completing a wedding design for a hypothetical couple. This assignment will receive up to a 20-point deduction for each day the assignment is late. After one week past the due date, this assignment will not be accepted, and you will receive no credit.

Quizzes – The four quizzes are open book and must be completed on the scheduled dates. Only documented absences will be considered for make-up quizzes.
