

From the Assessment tab on your Blackboard course page, **CLICK** on “Build Content”, then on “Student Learning and Licensure (VIA).”

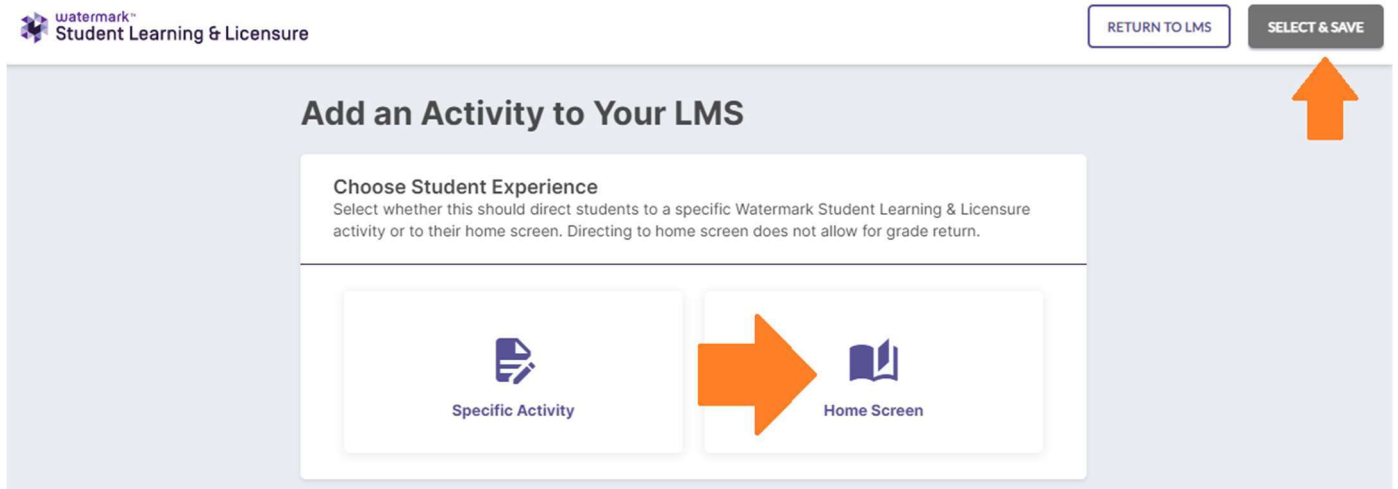

Enter a name for the link (suggested: **VIA (SLL) Assessment Link**), and **CLICK** submit, do not change any of the auto settings.

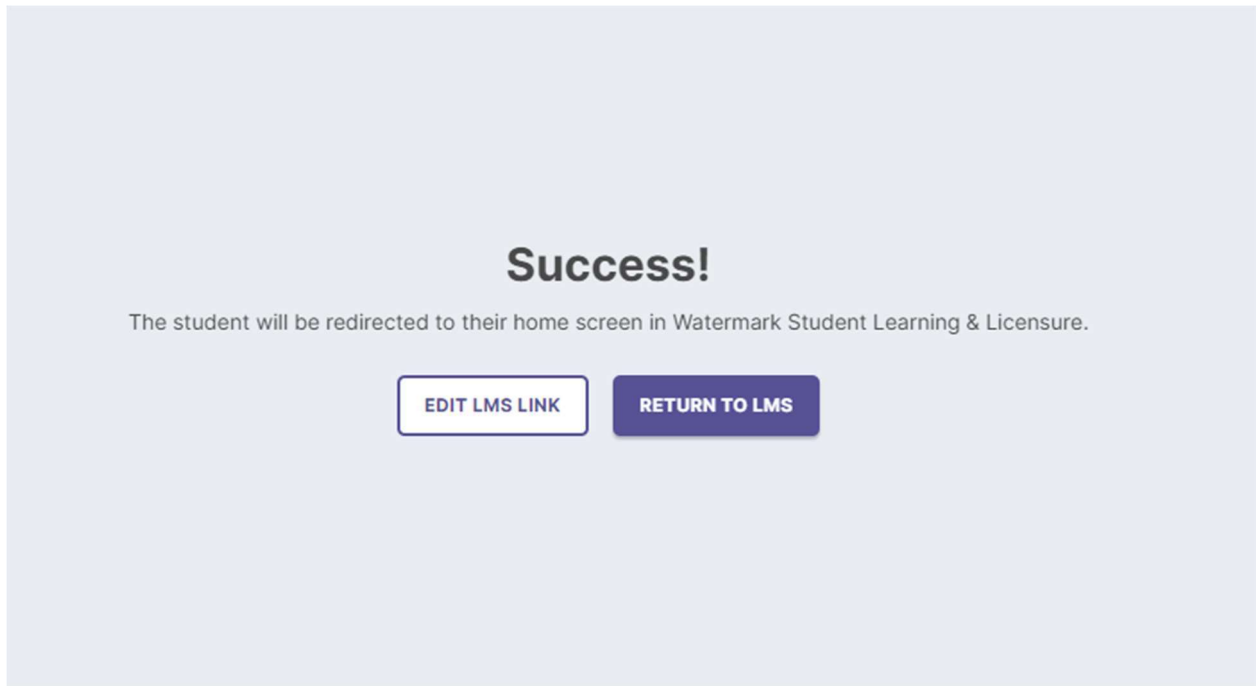

CLICK on the newly created link, then **CLICK** "Home Screen" and then "Select & Save."

CLICK "Return to LMS."

You can close the new tab that was opened, and return to your Blackboard page. The newly created link will allow you and your students to access VIA/SLL.

Success!
