# Summary of Annual Program Review Findings 2025

## Program Objective A: Knowledge and Skills - **GOAL MET**

- ▶ All KPIs and SLOs met benchmarks: Time-1 course assessments show near-perfect competency ( $\approx 98$ -100% Met) across domains (ethics, multicultural skills, assessment, group work).
- ▶ KPI A.5.b (Case Conceptualization/Intervention Planning): Case conceptualization is strong in Internship I (EDCD 792/794 – only 4 students [3 792 & 1 794 out of 287] did not meet expectations); variation at Internship II (EDCD 795) reflects that 6 of 72 SC students (8.33%) need more support with independent intervention planning.
- ▶ KPI A.3.a (Human Development/Systemic Factors): Shows the highest number of “Not Met” ratings at Time 1 (EDCD 525: 2.94%, n=6 out of 204) compared to other KPIs; continues to show variation at Time 2 (EDCD 619: 4.84%, n=3 out of 62), indicating this is the greatest challenge domain for students.
- ▶ Process/Not Progress Challenges: Missing data in a limited number of courses will be corrected through improved VIA mapping and course lead follow up and allow for inter-rater reliability to be evaluated across courses.

## Program Objective B: Professional Dispositions - **GOAL MET**

- ▶ Students consistently met expectations for professional dispositions across course levels; no performance concerns identified.
- ▶ Primary focus is process-related, ensuring all disposition ratings are recorded (reducing missing entries).

## Program Objective C: Diversity Recruitment and Retention - **GOAL MET**

- ▶ The program continues to draw a diverse and competitive applicant pool, with strong yield and retention; 100% program completion within 6 years.
- ▶ Data indicate potential to increase outreach to underrepresented applicant groups; retention and graduation outcomes remain strong for all students.

## Program Objective D: Responsive, Social Justice-Oriented Training - **GOAL MET**

- ▶ Teaching and supervision evaluations well exceeded all targets (scored  $\geq 3.0$  out of 5.0); students report strong satisfaction with instruction, supervisor support, and training relevance

## Summary Applicants, Students, and Graduate Findings

**Strong diversity across the pipeline:** Across multiple years, 45-60% of graduates identify as students of color, with consistent representation of African American, Asian American, and Hispanic/Latino/a students.

**Applicants: AY24-25 Applicant and enrollment trends show equity strengths and growth areas:**

- ▶ **High enrollment yield among Black/African American applicants:** Following admission; enroll at higher rates than other demographic groups.
- ▶ **Opportunity for growth in outreach:** Hispanic/Latino/a applicants appear less likely to apply or enroll, suggesting a recruitment opportunity.
- ▶ **Enrollment yields:** Full-time and younger applicants have the highest enrollment yields. Slightly higher deferral/withdrawal among applicants age 41+ and part-time applicants.

### Students (Current Enrollment)

- ▶ **Program flexibility supports diverse learners:** Nearly equal distribution of full-time (~50-51%) and part-time (~45-50%) students supports working professionals, caregivers, and career changers.
- ▶ **Enrollment distribution has shifted over time:** Earlier cohorts enrolled a higher percentage of School Counseling students (57% SC in 2018), but over time the distribution has shifted toward higher enrollment in CMHC (52% CMHC in 2019 → 61% in 2021). In Fall 2024, enrollment was 68% CMHC (n = 145) and 32% SC (n = 67).
